tradition of marriage mean for people who have historically been deprived of its legal status Generally thought of as a convention of the white middle class the marriage plot has received little attention from critics of African American literature In this study Ann duCille uses texts such as Nella Larsen s Quicksand 1928 and Zora Neale Hurston s Their Eyes Were Watching God 1937 to demonstrate that the African American novel like its European and Anglo American counterparts has developed around the marriage plot what she calls the coupling convention Exploring the relationship between racial ideology and literary and social conventions duCille uses the coupling convention to trace the historical development of the African American women s novel She demonstrates the ways in which black women appropriated this novelistic device as a means of expressing and reclaiming their own identity More than just a study of the marriage tradition in black women s fiction however The Coupling Convention takes up and takes on many different meanings of tradition It challenges the notion of a single black literary tradition or of a single black feminist literary canon grounded in specifically black female language and experience as it explores the ways in which white and black male and female mainstream and marginalized traditions and canons have influenced and cross fertilized each other Much more than a period study The Coupling Convention spans the period from 1853 to 1948 addressing the vital questions of gender subjectivity race and the canon that inform literary study today In this original work duCille offers a new paradigm for reading black women s fiction

American Hybrid Poetics Amy Moorman Robbins, 2014-07-21 American Hybrid Poetics explores the ways in which hybrid poetics a playful mixing of disparate formal and aesthetic strategies have been the driving force in the work of a historically and culturally diverse group of women poets who are part of a robust tradition in contesting the dominant cultural order Amy Moorman Robbins examines the ways in which five poets Gertrude Stein Laura Mullen Alice Notley Harryette Mullen and Claudia Rankine use hybridity as an implicitly political strategy to interrupt mainstream American language literary genres and visual culture and expose the ways in which mass culture in the twentieth and twenty first centuries has had a powerfully standardizing impact on the collective American imagination By forcing encounters between incompatible traditions consumer culture with the avant garde low culture forms with experimental poetics prose poetry with linguistic subversiveness these poets bring together radically competing ideologies and highlight their implications for lived experience Robbins argues that it is precisely because these poets have mixed forms that their work has gone largely unnoticed by leading members and critics in experimental poetry circles

Still Mad: American Women Writers and the Feminist Imagination Sandra M. Gilbert, Susan Gubar, 2021-08-17 A brilliant sweeping history of the contemporary women s movement told through the lives and works of the literary women who shaped it Forty years after their first groundbreaking work of feminist literary theory The Madwoman in the Attic award winning collaborators Sandra M Gilbert and Susan Gubar map the literary history of feminism s second wave From its stirrings in the midcentury when Sylvia Plath Betty Friedan and Joan Didion found their voices and Diane di Prima Lorraine Hansberry and Audre Lorde discovered community in rebellion to

a resurgence in the new millennium in the writings of Alison Bechdel Claudia Rankine and N K Jemisin Gilbert and Gubar trace the evolution of feminist literature They offer lucid compassionate and piercing readings of major works by these writers and others including Adrienne Rich Ursula K Le Guin Maxine Hong Kingston Susan Sontag Gloria Anzald a and Toni Morrison Activists and theorists like Nina Simone Gloria Steinem Andrea Dworkin Eve Kosofsky Sedgwick and Judith Butler also populate these pages as Gilbert and Gubar examine the overlapping terrain of literature and politics in a comprehensive portrait of an expanding movement As Gilbert and Gubar chart feminist gains including creative new forms of protests and changing attitudes toward gender and sexuality they show how the legacies of second wave feminists and the misogynistic culture they fought extend to the present In doing so they celebrate the diversity and urgency of women who have turned passionate rage into powerful writing
