THE SKEPTIC PSYCHIC: An Autobiography Into The Acceptance Of The Unseen Suzy Graf, 2010-01-18 I started to write in the fall of 2004 during the night in order to return to sleep I was learning developing as a medium and an animal communicator and I learned that if I wrote my dreams or what my pretend friends were telling me through dreams then I would be left alone and could return to sleep No I was not crazy just a struggling would be psychic searching to understand the unknown and when I began this path my searching I found little literary assistance Yes the celebrity psychics all had their autobiographies in print but something was missing I needed to learn HOW they learned not WHAT they learned I needed to understand the beginning phases of mediumship not the perfected exercises of the adept With this mission in mind I journaled my experiences and edited them into The Skeptic Psychic an Autobiography into the Acceptance of the Unseen The Skeptic Psychic has two purposes first it entices the reader to expand their imagination beyond what we currently perceive as reality and it offers my experiences and my reactions my fear to these situations as a

comfort and encouragement for the reader to challenge their own suspicions and limitations I am now a working psychic offering animal readings or mediumship as well as leading meditations teaching classes and offering energy healing and my students and clients often comment how at peace and naturally talented I am and I smile For I know that I had lived through a myriad of experiences that with time had taught me to acclimate and accept the unseen But I am far from naturally talented and I feel that *The Skeptic Psychic* could help aspiring psychics or anyone contemplating the unknown to better understand that they are not alone in what they are experiencing I composed *The Skeptic Psychic* from chronological journal entries that span from August of 2005 through March of 2006 The book opens just after I attended a weekend retreat that posed the possibility that adults could believe in fairies and aliens The more I questioned if fairies could exist the more I discovered that they did Later that year I confronted my apprehension when sensing that aliens were near as well And as 2005 changed into 2006 I learned to overcome my fears and to accept the unseen I realize that my story and the fact that aliens and fairies do exist sounds rather unbelievable but read my book follow the path the reasoning of how I learned to overcome my fears and understand that the result was a peace a knowing that we are not alone in our reality that there are unseen beings guides are another term that are present to enlighten protect and serve I close this book description the way I close all my journal entries with the salutation Namaste defined through WIKPEDIA as I respect that divinity within you that is also within me Namaste Suzy Graf *Dr. Pitcairn's Complete Guide to Natural Health for Dogs & Cats (4th Edition)*
