Lovesick Japan Mark D. West, 2011-04-15 In *Lovesick Japan* Mark D West explores an official vision of love sex and marriage in contemporary Japan A comprehensive body of evidence 2 700 court opinions describes a society characterized by a presupposed absence of physical and emotional intimacy affection and

personal connections In compelling poignant and sometimes horrifying court cases West finds that Japanese judges frequently opine on whether a person is in love what other emotions a person is feeling and whether those emotions are appropriate for the situation Sometimes judges views about love sex and marriage emerge from their presentation of the facts of cases Among the recurring elements are abortions forced by men compensated dating late life divorces termination fees to end affairs sexless couples Valentine s Day heartbreak soapland bath brothels and home wrecking hostesses Sometimes the judges analysis decisions and commentary are as revealing as the facts Sex in the cases is a choice among private normal sex which is male dominated conservative dispassionate or nonexistent commercial sex which caters to every fetish but is said to lead to rape murder and general social depravity and a hybrid of the two which commodifies private sexual relationships Marriage is contractual judges express the ideal of love in marriage and proclaim its importance but virtually no one in the court cases achieves it Love usually appears as a tragic overwhelming emotion associated with jealousy suffering heartache and death

*The Ethics of Suicide* M. Pabst Battin,2015 Is suicide wrong profoundly morally wrong Almost always wrong but excusable in a few cases Sometimes morally permissible Imprudent but not wrong Is it sick a matter of mental illness Is it a private matter or a largely social one Could it sometimes be right or a noble duty or even a fundamental human right Whether it is called suicide or not what role may a person play in the end of his or her own life This collection of primary sources the principal texts of ethical interest from major writers in western and nonwestern cultures from the principal religious traditions and from oral cultures where observer reports of traditional practices are available spanning Europe Asia the Middle East Africa Oceania the Arctic and North and South America facilitates exploration of many controversial

practical issues physician assisted suicide or aid in dying suicide in social or political protest self sacrifice and martyrdom suicides of honor or loyalty religious and ritual practices that lead to death including sati or widow burning hara kiri and sallekhana or fasting unto death and suicide bombings kamikaze missions jihad and other tactical and military suicides This collection has no interest in taking sides in controversies about the ethics of suicide rather it serves to expand the character of these debates by showing them to be multi dimensional a complex and vital part of human ethical thought

Lo, 2007-04-12 This ground breaking study of cross cultural theatre in the Australasian region focuses on theatrical events and practices in avant garde and mainstream contexts It explores the cultural and political dimensions of Australia's engagement with Asia and sheds light on international arts marketing and trends in cross cultural performance training

Circles of Fantasy C. Andrew Gerstle, 2020-03-17 The vibrant merchant culture of Tokugawa Japan gave rise to many new forms of art none more fascinating than the puppet theater J ruri created chiefly by Chikamatsu Monzaemon the foremost playwright of popular Japanese drama In this analysis of Chikamatsu's artistry Dr Gerstle focuses on features hitherto neglected by Western scholars the musical structure of J ruri integral to the form mood and movement of the drama For extensive translations from the various types of Chikamatsu's dramas Gerstle supplies the musical notations which illuminate the sophisticated conventions of this unique and timeless artistic form Chikamatsu's art combining puppets text samisen music and chanting narration encompasses three major types of drama history contemporary life and love suicide plays each with distinct structural features Gerstle shows how the music of J ruri a mixture of the samisen and chanting narration supplements the texts and expresses a dramatized action or emotion through complex changes in pitch tempo and style of delivery Richly illustrated with woodblock prints this is a fascinating study which will be welcomed by scholars of Japanese culture literature and musicology

**Suicide in Twentieth-Century Japan** Francesca Di Marco, 2016-01-29 Japan's suicide phenomenon has fascinated both the media and academics although many questions and paradoxes embedded in the debate on suicide have remained unaddressed in the existing literature including the assumption that Japan is a Suicide Nation This tendency causes common misconceptions about the suicide phenomenon and its features Aiming to redress the situation this book explores how the idea of suicide in Japan was shaped reinterpreted and reinvented from the 1900s to the 1980s Providing a timely contribution to the underexplored history of suicide it also adds to the current heated debates on the contemporary way we organize our thoughts on life and death health and wealth on the value of the individual and on gender The book explores the genealogy and development of modern suicide in Japan by examining the ways in which beliefs about the nation's character historical views of suicide and the cultural legitimization of voluntary death acted to influence even the scientific conceptualization of suicide in Japan It thus unveils the way in which the language on suicide was transformed throughout the century according to the fluctuating relationship between suicide and the discourse on national identity and pathological and cultural narratives In doing so it proposes a new path to

understanding the norms and mechanisms of the process of the conceptualization of suicide itself Filling in a critical gap in three particular fields of historical study the history of suicide the history of death and the cultural history of twentieth century Japan it will be of great interest to students and scholars of Japanese Studies and Japanese History **Love's Rite** R.
