The Fictional World of Javier Marías Marta Pérez-Carbonell, 2016-06-21 The Fictional World of Javier Marías offers a fresh perspective on the narrative universe of one of Spain's most distinguished contemporary authors. In order to establish the origin and meaning of uncertainty in his fiction, this book presents interpretations of a range of issues inherent to Marías's canon, in particular those related to the nature of language. With the relationship between language and uncertainty at its heart, this study considers the use of foreign languages, translation, and the effect of silence through an analysis of *Todas las almas* (1989), *Corazón tan blanco* (1992), *Mañana en la batalla piensa en mí* (1994), and *Tu rostro mañana* (2002, 2007). **Coming**

into one's Own Alexis Grohmann, 2022-06-13 Javier Marías is a major contemporary Spanish novelist who has enjoyed remarkable international success and recognition. He is a writer who has undergone a singular and clearly discernible novelistic evolution and has forged a very distinctive style of his own. It is this formal development that this book traces through a study of his works from *Los dominios del lobo* (1971) to *Negra espalda del tiempo* (1998). With the help of a wide range of 20th-century literary theories and criticism, it strives to show that, in order to escape realism and Spanishness and to make his way into literature, Marías forges an intricate style which progressively develops and matures and which creates highly suggestive and elaborate imaginative worlds: a literature with a particular ontology ultimately capable of inventing reality. This book is the first full-length study of Javier Marías's work to be published so far and serves both as an introduction to and a close examination of the work of a major European writer. **Liminal Fiction at the Edge of the Millennium**

Jessica A. Folkart, 2014-10-08 **Liminal Fiction at the Edge of the Millennium: The Ends of Spanish Identity** investigates the predominant perception of liminality, identity situated at a threshold, neither one thing nor another but simultaneously both and neither, caused by encounters with otherness while negotiating identity in contemporary Spain. Examining how identity and alterity are parleyed through the cultural concerns of historical memory, gender roles, sex, religion, nationalism, and immigration, this study demonstrates how fictional representations of reality converge in a common structure wherein the end is not the end but rather an edge, a liminal ground. On the border between two identities, the end materializes as an ephemeral limit that delineates and differentiates yet also adjoins and approximates. In exploring the ends of Spanish fiction, both their structure and their intentionality, *Liminal Fiction* maps the edge as a constitutive component of narrative and identity in texts by Najat El Hachmi, Cristina Fernández Cubas, Javier Marías, Rosa Montero, and Manuel Rivas. In their representation of identity on the edge, these fictions enact and embody the liminal not as simply a transitional and transient mode but as the structuring principle of identification in contemporary Spain. **El discurso interior en las novelas de**

Genre Fusion Sara J. Brenneis, 2014-05-15 Although the boom in historical fiction and historiography about Spain's recent past has found an eager readership these texts are rarely studied as two halves of the same story With Genre Fusion A New Approach to History Fiction and Memory in Contemporary Spain Sara J. Brenneis argues that fiction and nonfiction written by a single author and focused on the same historical moment deserve to be read side by side By proposing a literary model that examines these genres together Genre Fusion gives equal importance to fiction and historiography in Spain In her book Brenneis develops a new theory of genre fusion to show how authors who write both historiography and fiction produce a more accurate representation of the lived experience of Spanish history than would be possible in a single genre Genre Fusion opens with a straightforward overview of the relationships among history fiction and memory in contemporary culture While providing an up to date context for scholarly debates about Spain's historical memory Genre Fusion also expands the contours of the discussion beyond the specialized territory of Hispanic studies To demonstrate the theoretical necessity of genre fusion Brenneis analyzes pairs of interconnected texts one a work of literature the other a work of historiography written by a single author She explores how fictional and nonfictional works by Montserrat Roig Carmen Martín Gaité Carlos Blanco Aguinaga and Javier Marías unearth the collective memories of Spain's past Through these four authors Genre Fusion traces the transformation of a country once enveloped in a postwar silence to one currently consumed by its own history and memory Brenneis demonstrates that when read through the lens of genre fusion these Spanish authors shelve the country's stagnant official record of its past and unlock the collective and personal accounts of the people who constitute Spanish history

Espectros Alberto Ribas-Casasayas, Amanda L. Petersen, 2015-12-24 Espectros is a compilation of original scholarly studies that presents the first volume length exploration of the spectral in literature film and photography of Latin America Spain and the Latino diaspora In recent decades

scholarship in deconstructionist hauntology trauma studies affect in image theory and a renewed interest in the Gothic genre has given rise to a Spectral Studies approach to the study of narrative Haunting the spectral and the effects of the unseen carry a special weight in contemporary Latin American and Spanish cultures referred to in the book as Transhispanic cultures due to the ominous legacy of authoritarian governments and civil wars as well as the imposition of the unseen yet tangible effects of global economics and neoliberal policies Ribas and Petersen s detailed introductory analysis grounds haunting as a theoretical tool for literary and cultural criticism in the Transhispanic world with an emphasis on the contemporary period from the end of the Cold War to the present The chapters in this volume explore haunting from a diversity of perspectives in particular engaging haunting as a manifestation of trauma absence and mourning The editors carefully distinguish the collective cultural dimension of historical trauma from the individual psychological experience of the aftermath of a violent history always taking into account unresolved social justice issues The volume also addresses the association of the spectral photographic image with the concept of haunting because of the photograph s ability to reveal a presence that is traditionally absent or has been excluded from hegemonic representations of society The volume concludes with a series of studies that address the unseen effects and progressive deterioration of the social fabric as a result of a globalized economy and neoliberal policies from the modernization of the nation state to present

ella culmina su larga trayectoria como novelista en la que se percibe una evolución cuya coherencia consistencia y excelencia no tienen parangón en la narrativa española actual. En este volumen destacados autores y especialistas tales como Félix de Azúa, Jordi Gracia, David K. Herzberger, Gonzalo Navajas, Edmundo Paz Soldán, Elide Pittarello y José María Pozuelo Yvancos exploran desde distintas perspectivas lo que podrá calificarse como el non plus ultra de la aventura mariesca. Dime quién fui Elisa Rodríguez Court, 2015-06-22. Est bien comprobado que tal como dice Conrad la misma violencia de un golpe de adversidad nos ayuda a soportarla haciéndonos momentáneamente insensibles. Cuando la anestesia natural cede el paso al malestar cada cual inventa un modo para poder sobrevivir a ese dolor. En *Dime quién fui* Elisa Rodríguez Court encuentra la provisional salvación en la literatura fuente de experiencias que nos recuerdan en todo momento que el drama es de todos y que la vida como cualquier libro no pasa en realidad nunca de ser un proyecto. La desesperación de *Dime quién fui* es la desesperación de esta novela que de algún modo nunca se empieza a contar porque de hacerlo el viaje terminaría aquí mismo ya sabemos en qué tapia y sollozo. Es por eso que *Dime quién fui* me ha parecido una novela muy singular quizás porque me ha permitido asistir a la fundación de una escritora al tiempo que recrearme en la inmensa paradoja de mantenerme en vida mientras leo las diferentes muertes de una muerte.

Literatura y errabundia Alexis

Grohmann, 2011-01-01. En años relativamente recientes el género de la novela ha ido experimentando cambios notables abanderados por la realidad y su invasión del territorio de la ficción. En el presente estudio exhaustivo de tres obras españolas de Javier Marías, Antonio Muñoz Molina y Rosa Montero situadas en un amplio contexto literario europeo Alexis Grohmann propone como clave de esas transformaciones el concepto de la digresión. La porosidad o errancia genérica de las obras su

divagación argumental o ausencia de trama su digresividad estilística y la errabundia de los procesos de creación además del disperso y heterogéneo material con el que se trabaja hacen que la digresión se perfila no tanto como un recurso o simple figura retórica cuanto como una verdadera Weltanschauung una manera de contemplar el mundo Javier Marías's Debt to Translation Gareth J. Wood, 2012-05-03 This is a book about translation and literary influence It takes as its subject Spain's most important contemporary novelist Javier Marías 1951 who worked as a literary translator for a significant portion of his early career Since then he has maintained that translation had a crucial impact on the development of his writing style and his literary frame of reference It examines his claims to the influence of three writers whose works he translated Laurence Sterne Sir Thomas Browne and Vladimir Nabokov It does so by engaging in close reading of his translations examining how he meets the linguistic syntactic and cultural challenges they present His prolonged engagement with their prose is then set alongside his own novels and short stories the better to discern precisely how and in what ways his works have been shaped by their influence and through translation Hence this study begins by asking why Marías should have turned to translation in the cultural landscape of Spain in the 1970s and how the ideological standpoints that animated his decision affect the way he translates His translation of Sterne's *Life and Opinions of Tristram Shandy Gentleman* is set alongside his pseudo-autobiographical novel *Negra espalda del tiempo* *Dark Back of Time* while his translation of Sir Thomas Browne's *Urn Burial* is then analysed in tandem with that produced by Jorge Luis Borges and Adolfo Bioy Casares Subsequent chapters examine how Browne's prose has shaped Marías's thinking on oblivion posterity and time The final chapters offer an analysis of the partial translation and palimpsest of *Lolita* he undertook in the early 1990s and of his most ambitious novel to date *Tu rostro mañana* *Your Face Tomorrow* as a work in which characterization is underpinned by both literary allusion and the hybridization of works Marías has translated *La pérdida de un ser querido* Marcos Gómez Sancho, 2007 CONTENIDO El duelo como fenómeno antropológico El duelo normal Factores importantes en el duelo Mortalidad y morbilidad durante el duelo Dificultades en la elaboración del duelo Duelo anormal duelo complicado duelo patológico Otros tipos de duelo Duelo anticipatorio El duelo tras las catástrofes Estrés posttraumático Intervención y soporte a las personas en duelo Los niños y la muerte *Traces of Contamination* Eloy E. Merino, H. Rosi Song, 2005 Exposing two general perspectives both manifestations of an authoritarian past that still holds a relationship with the present this collection reveals the ideological legacy of the past and its experience as a distressing conditioner of the present The dissonant elements of post-Franco discourse critically analyzed by our contributors challenge the seamless narrative that tells the successful story of the Spanish transition to democracy BOOK JACKET **Javier Marías. El estilo sin sosiego** Vila Sánchez, José Antonio, 2020 Este libro es un proyecto original ambicioso y riguroso que analiza el contexto histórico y estético en el que se sitúa la complejidad de la escritura literaria de Javier Marías Se centra en los años formativos del novelista y propone una reconstrucción de los elementos genéticos de su poética literaria De ahí que se estudie el campo literario español de los años

finales del franquismo y se muestre cómo las obras del autor en ese tiempo son una consecuencia y a la vez una reacción a las transformaciones que se vivieron en España. El análisis de las novelas de Javier Marías permite constatar cómo en su obra se armonizan elementos eminentemente narrativos con el rigor estilístico propio de la alta literatura dando lugar a la poética integradora que ha definido su obra de madurez. *El pensamiento literario de Javier Marías*, 2022-02-22 **Memory Battles of the Spanish Civil War** Sebastiaan Faber, 2021-04-30 The ability to forget the violent twentieth century past was long seen as a virtue in Spain even a duty But the common wisdom has shifted as increasing numbers of Spaniards want to know what happened who suffered and who is to blame Memory Battles of the Spanish Civil War shows how historiography fiction and photography have shaped our views of the 1936-39 war and its long painful aftermath Faber traces the curious trajectories of iconic Spanish Civil War photographs by Robert Capa Gerda Taro and David Seymour critically reads a dozen recent Spanish novels and essays interrogates basic scholarly assumptions about history memory and literature and interviews nine scholars activists and documentarians who in the past decade and a half have helped redefine Spain's relationship to its past In this book Faber argues that recent political developments in Spain from the grassroots call for the recovery of historical memory to the indignados movement and the foundation of Podemos provide an opportunity for scholars in the humanities to engage in a more activist public and democratic practice **Héroes alfabéticos** Justo Serna, 2011-11-28 Los personajes literarios nos ayudan a pensar en los demás Son nuestros héroes alfabéticos por delegación nos muestran qué deseamos o qué tememos Con ellos vivimos e incluso hablamos forman una populosa demografía de tipos admirables o ruines con los que tratamos Este libro empieza con los Adlteros de novela y acaba con los Vampiros de cuento de Bovary a Dracula Los capítulos son ensayos ordenados alfabéticamente una crónica personal la del historiador que lee ciertas novelas como documentos culturales Sin duda se trata de un elenco subjetivo aunque no arbitrario también pasan por aquí los Espas los Licántropos los Monstruos etc Viven en algunas de las novelas que más nos han conmovido aquellas que expresan un contexto al tiempo que lo rebasan Ese hecho los convierte en materia de historia cultural pero también en objeto de disfrute **Thinking Spanish Translation** Michael Thompson, Louise Haywood, 2013-02-01 The new edition of this comprehensive course in Spanish-English translation offers advanced students of Spanish a challenging yet practical approach to the acquisition of translation skills with clear explanations of the theoretical issues involved A variety of translation issues are addressed including cultural differences register and dialect grammatical differences genre With a sharper focus clearer definitions and an increased emphasis on up-to-date real-world translation tasks this second edition features a wealth of relevant illustrative material taken from a wide range of sources both Latin American and Spanish including technical scientific and legal texts journalistic and informative texts literary and dramatic texts Each chapter includes suggestions for classroom discussion and a set of practical exercises designed to explore issues and consolidate skills Model translations notes and suggestions for teaching and assessment are provided in a Teachers Handbook this is
