*The Rolling Stone Illustrated History of Rock & Roll* Anthony ed DeCurtis, James Henke, Holly George-Warren, 1992  
Discusses the evolution of rock music from its earliest origins to today's most influential musical styles and performers

McCartney Christopher Sandford, 2012-08-31 Sir Paul McCartney first picked up a guitar as a bereaved teenager in 1956. In the fifty years since he's become the most successful pop music composer in history, enjoying a virtual season ticket to the Guinness Book of Records. McCartney's ballad 'Yesterday' which he wrote in his sleep has since been covered by 2,400 other artists, making it the most popular song of all time. Now Christopher Sandford reveals the man behind the myth. Among the eye-opening stories is the surprising love-hate relationship with John Lennon, not to mention with Lennon's widow, as well as an insider's account of McCartney's controversial marriage to Heather Mills. Likewise, Sir Paul's restless creativity, both mainstream and avant-garde, his second group and his marriage to the late Linda McCartney are seen here in fresh and stunning detail. This behind-the-scenes story takes readers right up to today as Sir Paul passes his 64th birthday. It's a hard-fast, sometimes shocking saga of sex, drugs, and rock n' roll, the true adventure of the last showbiz superstar. **The Beatles**

**Illustrated Lyrics** Alan Aldridge, 1998-10-01 *The Beatles Illustrated Lyrics* is the only major collection of illustrated The Beatles lyrics available. Originally published in 1969, this book has become a symbol of an era, a must-have for Beatles fans, and a brilliant tribute to the band that changed a generation. Quotes from John, Paul, George, and Ringo provide candid, witty, insightful commentary on the songs and their origins. Clarification of controversial lyrics is offered by the only true authorities: The Beatles themselves. All the famous songs are included, from 'Can't Buy Me Love' and 'A Hard Day's Night' to 'Rocky Raccoon', 'Revolver', and 'Yellow Submarine'. Lavish, full-colour illustrations by internationally famous artists and specially commissioned photographs reflect the psychedelic world The Beatles lived in and the whole generation and pop culture they influenced. **Linda McCartney's Family Kitchen**

Kenneth Womack, Todd F. Davis, 2012-02-01 Despite the enormous amount of writing devoted to the Beatles during the last few decades the band's abiding intellectual and cultural significance has received scant attention Using various modes of literary musicological and cultural criticism the essays in *Reading the Beatles* firmly establish the Beatles as a locus of serious academic and cultural study Exploring the group's resounding impact on how we think about gender popular culture and the formal and poetic qualities of music the contributors trace not only the literary and musicological qualities of selected Beatles songs but also the development of the Beatles' artistry in their films and the ways in which the band has functioned as a cultural historical and economic product In a poignant afterword Jane Tompkins offers an autobiographical account of the ways in which the Beatles afforded her with the self-actualizing means to become less alienated from popular culture gender expectations and even herself during the early 1960s     *Us and Them: The Authorised Story of Hipgnosis*

Mark Blake, 2023-02-02 Hugely entertaining history Mojo Between the late 60s and early 80s design house Hipgnosis created some of the most iconic and ubiquitous album artwork of all time Their original lifespan coincided with the golden age of the 12 inch LP beginning just as the Beatles' *Sgt Pepper* made the record sleeve the ultimate blank canvas and ending just as new technology looked set to usurp vinyl Having originally been approached to design an album cover for their friends Pink Floyd students Aubrey Po Powell and Storm Thorgerson would go on to define the visual identity of rock and roll for the next fifteen years swiftly gaining international prominence for their famed *The Dark Side of the Moon* artwork This paved the way for other major musicians to set foot in the surreal photo design world of Storm and Po resulting in seminal Hipgnosis creations for the likes of Led Zeppelin Paul McCartney Genesis Black Sabbath ELO and Yes In this authorised account with access to previously unpublished material and exclusive contributions from David Gilmour Jimmy Page Peter Gabriel Roger Waters Robert Plant and even Aubrey Powell himself Mark Blake goes behind the scenes of the Hipgnosis partnership to reveal the pioneering ambition and grand vision that led to their success as well as the clashing egos and artistic differences that undermined it The Hipgnosis story also offers hitherto untold insight into some of music's most legendary bands as viewed through the prism of the people who shaped their imagery and cultural legacy With the work of Hipgnosis continuing to be referenced reproduced and revered worldwide *Us and Them* serves as a celebration a cautionary tale and a compelling human drama exploring the vital intersection between art and music     ***The Lyrics of Civility*** Kenneth Bielen, 2016-01-20

This book is the first comprehensive scholarly study of religious images in popular music Examining bestsellers from 1906 to 1971 the work explores the role religious images have in the secularization of American culture Popular music lyrics that
