## **Macedonia Warlords And Rebels In The Balkans:**

Macedonia John Phillips, 2004-06-25 A bloody rebellion by Albanian guerrillas demanding equal rights in Macedonia has killed and wounded thousands of people and led to fears that the crisis will embroil Kosovo Albania Bulgaria and Greece International intervention brought an uneasy halt to the blood letting last summer but hardline Macedonian nationalists have blocked full implementation of the peace agreement and there are now fears that the National Liberation Army will renew its campaign leading to more ethnic cleansing in the heart of Europe Phillips covers the front line fighting as well as the behind the scenes diplomacy in Skopje and shows just how damaging the present conflict is for any hope of a lasting Balkan peace

*Macedonia* John Phillips, 2002      *Macedonia and the Macedonians* Andrew Rossos, 2013-09-01 Throughout history every power that has aspired to dominate the Balkans a crucial crossroads between Europe Asia and Africa has sought to control Macedonia But although Macedonia has figured prominently in history its name was largely absent from the historical stage representing only a disputed territory of indeterminate boundaries until the nineteenth century Successive invaders Roman Gothic Hun Slav Ottoman passed through or subjugated the area and incorporated it into their respective dynastic or territorial empires This detailed volume surveys the history of Macedonia from 600 BC to the present day with an emphasis on the past two centuries It reveals how the Macedonian question has long dominated Balkan politics and how for nearly two centuries it was the central issue dividing Balkan peoples as neighboring nations struggled for possession of Macedonia and denied any distinct Macedonian identity territorial political ethnic or national The author concludes that Balkan acceptance of a Macedonian identity nation and state has become a necessity for stability in the Balkans and in a united Europe      *War in the Balkans* Richard C. Hall, 2014-10-09 This authoritative reference follows the history of conflicts in the Balkan Peninsula from the 19th century through the present day The Balkan Peninsula which consists of Albania Bulgaria Romania Moldova and the former Yugoslavia resides in the southeastern part of the European continent Its strategic location as well as its long and bloody history of conflict have helped to define the Balkans role in global affairs This singular reference focuses on the events individuals organizations and ideas that have made this region an international player and shaped warfare there for hundreds of years Historian and author Richard C Hall traces the sociopolitical history of the area starting with the early internal conflicts as the Balkan states attempted to break away from the Ottoman Empire to the assassination of Archduke Franz Ferdinand that ignited World War I to the Yugoslav Wars that erupted in the 1990s and the subsequent war crimes still being investigated today Additional coverage focuses on how these countries continue to play an important role in global affairs and international politics      **The Balkans in the New Millennium** Tom Gallagher, 2005-04-28 Can the Balkans ever become a peaceful peninsula like that of Scandinavia With enlightened backing can it ever make common cause with the rest of Europe rather than being an arena of periodic conflicts political misrule and economic misery In the last years of the twentieth century Western states watched with alarm as a wave of conflicts swept over much of the Balkans Ethno nationalist

disputes often stoked by unprincipled leaders plunged Yugoslavia into bloody warfare Romania Bulgaria and Albania struggled to find stability as they reeled from the collapse of the communist social system and even Greece became embroiled in the Yugoslav tragedy This new book examines the politics and international relations of the Balkans during a decade of mounting external involvement in its affairs Tom Gallagher asks what evidence there is that key lessons have been learned and applied as trans Atlantic engagement with Balkan problems enters its second decade This book identifies new problems organized crime demographic crises of different kinds and the collapse of a strong employment base This is an excellent contribution to our understanding of the area

**Social Contexts of Radicalization and Violent Extremism in the MENA and Balkans** Corinne Torrekens,Tasnim Chirchi,Lurdes Vidal Bertran,2025-04-29 This volume is a multilevel and multidisciplinary study of radicalization in the Balkans and MENA regions It takes a dynamic approach embracing the complexity of the social political and economic contexts under study Moving away from unidimensional and security centred research on the topic each chapter adopts a participatory and inclusive perspective engaging communities youth and women as significant stakeholders in building a better understanding of the dynamics of the radicalization of youth in these regions The multiple case studies presented here cover several macro drivers of radicalization to reveal the interactions and interrelations of individuals with meso institutions and backgrounds such as family neighbourhood school peer groups religious and ethnic communities political parties etc Consequently the volume addresses several gaps in the literature regarding radicalization and violent extremism it is based on firm empirical evidence it allows for comparisons between social contexts in one specific country and between countries sharing macro similarities but also differences it proposes a fruitful dialogue and collaborations between academics researchers and civil society experts and finally it offers decentralized perspectives on extremism in the West This volume is an important addition to a topic that is of interest to researchers across the social sciences and to think tanks and policy makers working on in these regions

**Historical Dictionary of the Republic of Macedonia** Dimitar Bechev,2009-04-13 Located at the very heart of the Balkans the Republic of Macedonia has a rich and turbulent history which reflects all the complexities of the region s past and present day politics In the late 19th and the early 20th century it became the focal point of competition by the fledgling Balkan nation states over the declining Ottoman Empire s European possessions Late Ottoman Macedonia was a region which impressed the external observer with its diversity ethnic religious linguistic clannish and territorial identities all overlapped in a complex and puzzling mosaic It is this

diversity that has led to the Macedonian Question of the late 19th and early 20th centuries and continues to raise questions today The Historical Dictionary of the Republic of Macedonia traces the key political socio economic and cultural developments in the multiethnic mosaic that is Republic of Macedonia following its secession from the Yugoslav federation in the autumn of 1991 It also surveys often overlooked topics such as the social transformations underwent in the course of the 20th century and during the decades of socialism as well as the recent debates about historical memory and roots of the Slav Macedonian nation Complete with a chronology an introductory essay a bibliography and over 400 hundred cross referenced dictionary entries this reference provides a rich account of the history present day politics and society of the Republic of Macedonia Nordic, Central, and Southeastern Europe 2014 Wayne C. Secessionism and Separatism in Europe and Asia Jean-Pierre Cabestan,Aleksandar Pavković,2013 The boundaries between secessionism and separatism are often blurred and in many cases study of secessionism encompasses that of separatism and vice versa Recognising this inherent relationship this book provides a comparative survey of recent attempts at secession and separatist movements from across Europe and Asia and assesses the responses of the respective host governments The essays address two main questions which arise from the relationship between state governments and secessionist movements first how secessionist or separatist movements gather support and mobilize their target populations and second how central political authorities respond to the challenges that secessionist or separatist movements pose to their capacity to control the country With political analysis of recent cases ranging from the Balkans the USSR the UK and the Basque Country to Sri Lanka Burma China Tibet and Taiwan the authors identify both similarities and differences in the processes and outcomes of secessionist and separatist movements across the two distinct regions This volume will be an invaluable resource for those who wish to understand the dynamics of secessionist movements and as such will appeal to students and scholars of Asian and European politics comparative politics international relations and conflict studies It will also be helpful to practitioners and policy makers who wish to understand and contribute to the resolution of such conflicts

Western Intervention in the Balkans Roger D. Petersen,2011-09-30 Conflicts involve powerful experiences The residue of these experiences is captured by the concept and language of emotion Indiscriminate killing creates fear targeted violence

produces anger and a desire for vengeance political status reversals spawn resentment cultural prejudices sustain ethnic contempt These emotions can become resources for political entrepreneurs A broad range of Western interventions are based on a view of human nature as narrowly rational Correspondingly intervention policy generally aims to alter material incentives sticks and carrots to influence behavior In response poorer and weaker actors who wish to block or change this Western implemented game use emotions as resources This book examines the strategic use of emotion in the conflicts and interventions occurring in the Western Balkans over a twenty year period The book concentrates on the conflicts among Albanian and Slavic populations Kosovo Montenegro Macedonia South Serbia along with some comparisons to Bosnia

**Lakes and Empires in Macedonian History** James Pettifer, Miranda Vickers, 2021-08-26 Lakes and Empires in Macedonian History Contesting the Waters tells the story of Psarades a lakeside village in Macedonian Greece on the shores of the Prespa lake This village which is in many ways a completely typical Greek settlement and yet remains unconventional in its way of life embodies the many contradictions of modern history and in exploring its roots James Pettifer and Miranda Vickers skilfully uncover the wider social cultural and political history of this lake region Drawing from oral testimonies and attentive to the construction of national histories this book considers how the development of international borders movement of people and role of national identities within imperial borderlands shaped Macedonia today What is more by centering the lakes and making use of an innovative environmental historical methodology Pettifer and Vickers offer the first environmental history of this multi ethnic borderland region shared by Greece North Macedonia and Albania The result is a nuanced and sophisticated transnational account of Macedonia from prehistory to the 21st century which will be essential reading for all Balkan scholars

**Region, Regional Identity and Regionalism in Southeastern Europe** Klaus Roth, 2008 Southeastern Europe is often portrayed as an area plagued by endemic nationalisms a view that seems to be confirmed by the break up of Yugoslavia However a closer look shows that the nation is not the only territorial unit of identification Regions play an important role as well especially those that look back on traditions that differ from those of the national state Thus the end of socialism also brought forward regional movements which articulated opposition to the dominance of the centralized state These developments are furthered by the integration into the European Union whose policy of a Europe of the Regions demands strong regional centres for the administration of structural funds and for the empowerment of the regions The contributions to this volume address the dynamics of regions regionalism and regional identities in present Southeast Europe but also look into the history of individual regions They provide ample material for understanding the complex nature of territorial identification in this rapidly changing part of Europe

**Education Policy and Power-Sharing in Post-Conflict Societies** Giuditta Fontana, 2016-08-24 This book explores the nexus between education and politics in Lebanon Northern Ireland and Macedonia drawing from an extensive body of original evidence and literature on power sharing and post conflict education in these post conflict societies as well as the repercussions that

emerged from the end of civil war This book demonstrates that education policy affects the resilience of political settlements by helping reproduce and reinforce the mutually exclusive religious ethnic and national communities that participated in conflict and now share political power Using curricula for subjects such as history citizenship education and languages and structures like the existence of state funded separate or common schools Fontana shows that power sharing constrains the scope for specific education reforms and offers some suggestions for effective ones to aid political stability and reconciliation after civil wars

*Ethnonationalist Conflict in Postcommunist States* Maria Koinova, 2013-07-01 Ethnonationalist Conflict in Postcommunist States investigates why some Eastern European states transitioned to new forms of governance with minimal violence while others broke into civil war In Bulgaria the Turkish minority was subjected to coerced assimilation and forced expulsion but the nation ultimately negotiated peace through institutional channels In Macedonia periodic outbreaks of insurgent violence escalated to armed conflict Kosovo s internal warfare culminated in NATO s controversial bombing campaign In the twenty first century these conflicts were subdued but violence continued to flare occasionally and impede durable conflict resolution In this comparative study Maria Koinova applies historical institutionalism to conflict analysis tracing ethnonationalist violence in postcommunist states to a volatile formative period between 1987 and 1992 In this era of instability the incidents that brought majorities and minorities into dispute had a profound impact and a cumulative effect as did the interventions of international agents and kin states Whether the conflicts initially evolved in peaceful or violent ways the dynamics of their disputes became self perpetuating and informally institutionalized Thus external policies or interventions could affect only minimal change and the impact of international agents subsided over time Regardless of the constitutions laws and injunctions majorities minorities international agents and kin states continue to act in accord with the logic of informally institutionalized conflict dynamics Koinova analyzes the development of those dynamics in Bulgaria Macedonia and Kosovo

drawing on theories of democratization international intervention and path dependence as well as interviews and extensive fieldwork The result is a compelling account of the underlying causal mechanisms of conflict perpetuation and change that will shed light on broader patterns of ethnic violence
