MISERY

Stephen King is arguably the most popular novelist in the history of American fiction. He even has fans a love letter. *Misery* is it.

Paul Sheldon, author of a bestselling series of historical romances, wakes up one winter day in a strange place, a secluded farmhouse in Colorado. He wakes up to unspeakable pain in distended pelvis, a crushed knee, two shattered legs and to a bizarre greeting from the woman who has named his life: "I'm your number one fan!"

Annie Wilkes is a huge ice-cream, barely with controlled substance and other instruments of abuse, including an axe and a blowtorch. A dangerous psychotic with a *Misery*-*Rosemary* sense of good and bad, fair and unfair, Annie Wilkes may be Stephen King's most terrifying creation. It's not fair, for example, that her favorite character in the world, *Misery* Chastain, has been killed by her creation; as Annie discovers when Paul's latest novel comes out in paperback. And it's not good that her favorite writer has been a Doc-Bleed and written a different kind of novel, a nasty novel, the novel he was always wanted to write, the only copy of which now lies in Annie's angry hands.

Because she wants Paul Sheldon to be a Doc-Bleed, she buys him a typewriter and a ream of paper and tells him to bring *Misery* back to life. Who's the mad, drug-dependent, locked in his room, Paul doesn't have much choice. He's an entertainer held captive by his audience. A writer in serious trouble, at Wilkes' hand weapons too.

(Continued on back flap)

00000000

(Continued from front flap)

Misery is a nightmare only Stephen King could have, and not only Stephen King could realize in such gruesome detail. None of him to share it with us.

Stephen King's most recent works are *It* and *The Eyes of the Dragon*. He and his wife, Tabitha King, live in Bangor, Maine. They have three children. All King sons, are Doc-Bleeds.
