Problematic Rebel:

Rebel Recruitment and Information Problems Kazuhiro Obayashi, 2017-09-05 How do rebel groups decide how to recruit members To answer this question Obayashi classifies recruitment techniques of rebel groups into two types coercion and inducement and develops a theory of rebel recruitment that simultaneously addresses agency problems inside rebel groups and the rebel state contest over information Important themes such as desertion counterinsurgency strategies including amnesties and civil war termination are also examined to further understand the dynamics of rebellion and violent disorder The theory is applied to examine the changes in conflicts involving the Liberation Tigers of Tamil Eelam in Sri Lanka and the Lord s Resistance Army in Uganda Problematic rebel Maurice S. Friedman, 1970 *Rebel Without a Cause* J. David Slocum, 2005-09-27 Assesses the layered meanings and persistent global legacy of an American film classic

Problematic Rebel Maurice S. Friedman, 1963 Based on an intensive study of three modern writers Herman Melville Fyodor Dostoevsky and Franz Kafka as well as a work on the novels of Camus and other ancient and modern literary works

My Friendship with Martin Buber Maurice Friedman, 2013-06-25 Martin Buber s philosophy of dialogue sought to express the human experience through the ways in which we encounter and interact with others His I Thou theory of dialogue and I It theory of monologue expressed ways of understanding one s place in the world in relation to others objects and especially God Buber died in 1965 leaving behind a vast library of writings and ardent students and scholars eager to engage with his ideas One of the most prominent scholars was Maurice Friedman Friedman and Buber shared a professional as well as a personal relationship based on translating interpreting and intellectual curiosity Beginning in the summer of 1950 and ending with Buber s death this volume takes the reader through Buber s three visits to America his wife s death the author s stay in Jerusalem and the articulation of Buber s culminating philosophy of the interhuman In tracing this chronology Friedman draws extensively on his personal collection of letters exchanged with Buber Intimate and meditative this book provides an exploration of a deeply intellectual friendship shared between two extraordinary thinkers Theology of Jürgen Moltmann

Theology of Jürgen Moltmann Richard Bauckham, 1995-01-06 The most comprehensive study available of one of the most influential of German Protestant theologians **Malthus, Medicine & Morality** Brian Dolan, 2000 Thomas Robert Malthus s reputation has lately been rehabilitated in the fields of social biology demography environmentalism and economics In the midst of this current interest and with the chance to mark the occasion of the bicentenary of the first edition of the Essay on Population 1798 the contributors to this volume take this timely opportunity to examine the historical conditions in which Malthus constructed his theory and in which the concept of a Malthusian and Neo Malthusian philosophy first emerged The essays redress the balance between Malthus s original argument the immediate responses to Malthus by medics and theologians in Britain and on the Continent and some of the ways that his ideas were later attacked appropriated or misrepresented Included here are essays that not only re evaluate the development of Malthus s theory but also offer critical perspectives on

the generation of the Malthusian league and debates about birth control in Britain and on the Continent and Malthus's influence on the emergence of social science and Darwinian evolutionary biology

Is the Quest for Meaning the Quest for God? W Stoker, 1996 Traditionally religion was the supplier of meaning It is often said that the quest for meaning is at bottom a quest for God a quest that can only find an adequate answer in religion But then what is the alternative for those who reject religion Emptiness and meaninglessness as Nietzsche succinctly formulated it We have killed God Are we not straying as through an infinite nothing In the meantime non believers have found a solution for the crisis in meaning People are not usually nihilists but live their lives and consider them to be meaningful without religion This study is concerned with determining once again the place of the ascription of meaning from the perspective of the Christian faith in its relation to the non religious ascription of meaning For this purpose an analysis is given of contemporary theological and philosophical views of the problem of meaning The crisis of meaning as it has arisen in Nietzsche and the theatre of the absurd is examined Stoker also discusses contemporary forms of the ascription of meaning without religion such as self actualization and functional rationality as sources of meaning Stoker rejects an apologetics of need He posits that the Christian faith does not have an exclusive right to the ascription of meaning but this obtains also for secular forms of the ascription of meaning such as humanism Is God then the ultimate concern of each person From the perspective of the Christian faith yes but this does not mean that the non religious ascription of meaning as such must be viewed negatively Stoker illustrates how the religious and the non religious ascriptions of meaning are similar and how they differ Both are intended to be the source of meaning for human questions of life and death With respect to their differences the author demonstrates that the ascription of meaning from the perspective of the Christian faith does not entail a disqualification of a non religious worldview but is intended to make people more human

Producing Masculinity Michele White, 2019-02-08 Thoughtful witty and illuminating in this book Michele White explores the ways normative masculinity is associated with computers and the Internet and is a commonly enacted online gender practice Through close readings and a series of case studies that range from wedding forums to men's makeup video tutorials White considers the ways masculinities are structured through people's collaborations and contestations over the establishment of empowered positions including debates about such key terms and positions as the nice guy nerd bro and groom She asserts that cultural notions of masculinity are reliant on figurations of women and femininity and explores cultural conceptions of masculinity and the association of normative white heterosexual masculinity with men and women A counterpart to her earlier book *Producing Women* White has crafted an excellent primer for scholars of gender media and Internet studies

Movies with Meaning Dan Shaw, 2017-06-29 This book pairs close readings of some of the classic writings of existentialist philosophers with interpretations of films that reveal striking parallels to each of those texts demonstrating their respective philosophies in action Individual chapters include significant excerpts from the original texts being discussed and illustrated Pairings cover Schopenhauer and *Waking Life* Stirner and

Hud Kierkegaard and Winter Light Nietzsche and The Fountainhead Heidegger Blade Runner and The Thin Red Line Camus Leaving Las Vegas and Missing Sartre Husbands and Wives and Michael Collins de Beauvoir and Revolutionary Road and Foucault and One Flew Over the Cuckoo's Nest Movies with Meaning offers a clear and insightful examination of the relationships between existential philosophers and film providing both digests of their most significant texts and cinematic illustrations of what each had in mind For the first time in one place this book analyses the implications for film of the perspectives of a wide array of the most significant existentialist thinkers Organized chronologically like most existentialism anthologies this is an ideal textbook for an intermediate level existentialism course or as a companion to a selection of primary texts

Dialogically Speaking Kenneth Paul Kramer, 2011-01-01 What makes us authentically human According to Maurice Friedman world renowned Martin Buber scholar translator and biographer it is genuine dialogue When there's a willingness for dialogue Friedman says then one must navigate moment by moment It's a listening process Friedman addresses our humanity in ever unique ways through his dialogue with philosophy literature religion and psychotherapy At least two things make this book new Friedman presents his wide ranging thought directly in five original essays forming an intertextual compass which is then elaborated upon by colleagues familiar with his work Second a special feature of this book is found at the end of each part which invites readers to engage with questions drawn from and pointing toward Friedman's writing The book's intended audience includes teachers scholars and students interested in dialogical approaches to any of the human sciences In a time when we are in danger of losing our human birthright Friedman's interdisciplinary insights point us again to the touch of the other

new insights to the study of dissent rebellion and revolution *Arrested Development* Andrew Calcutt, 2016-10-06 Since the 1990s both politics and pop culture have been dominated by the twin motifs of the victim and the child Calcutt traces the history of these motifs back to their origins in the counterculture of the 1950s and 1960s and concludes that the counterculture far from being liberating has provided a ready made verbal and visual language for today's victim culture and the authoritarian politics arising from it This title discusses the erosion of adulthood as a pop cultural phenomenon that requires demystification and as a social problem which must be overcome **Petre Tutea** Alexandru Popescu, 2018-01-16 Petre Tutea 1902-91 was one of the outstanding Christian dissident intellectuals of the Communist era in Eastern Europe Revered as a saint by some he spent thirteen years as a prisoner of conscience and twenty eight years under house arrest at the hands of the Securitate This book explores his unique response to the horrors of torture and re education and reveals the experience of a whole generation detained in the political prisons Tutea's understanding of human needs and how they can be fulfilled even amidst extreme adversity not only reflects huge learning and great brilliance of mind but also offers a spiritual vision grounded in personal experience of the Romanian Gulag Following the fall of the Ceausescus he has begun to emerge as a significant contributor to ecumenical Christian discourse and to understanding of wider issues of truth and reconciliation in the contemporary world As Tutea's pupil and scribe for twelve years as a psychiatrist and as a theologian Alexandru Popescu is uniquely placed to present the work of this twentieth century Confessor of the faith Drawing on bibliographical sources which include unpublished or censored manuscripts and personal conversations with Tutea and with other prisoners of conscience in Romania Popescu presents extensive translations of Tutea which make his thought accessible to the English speaking reader for the first time Through his stature as a human being and his authority as a thinker Petre Tutea challenges us to question many of our assumptions The choice he presents between sacrifice and moral suicide focuses us on the very essence of religion and human personhood Resisting any ultimate separation of theology and spirituality his work affirms hope and love as the sole ground upon which truth can be based At the same time hope and love are not mere ideal emotions but are known and lived in engagement with the real world in politics economics science ecol
