## **Radhakrishnan His Life Ideas:**

**Radhakrishnan** K. Satchidananda Murty, Ashok Vohra, 1990-01-01 This book presents a critical and comprehensive biography of Radhakrishnan The authors explain how Radhakrishnan who had a British knighthood and an Oxford Professorship and who did not participate in India's struggle for freedom became important in the political life of Independent India They show how this philosophy professor and vice chancellor often expressed radical views developed rapport with national leaders and became President of India under Nehru without losing the goodwill and regard of either the British intellectuals or the colonial government of India It is the thought of Sarvepalli Radhakrishnan that is most often presented in the West as Hinduism Through an analysis of his autobiographical sketches writings of those who knew him and worked with him and documents the authors come to grips with Radhakrishnan's complex personality which in spite of his greatness and varied achievements is all too human **Using Technical Analysis** Cliff Pistolese, K Satchidananda

*Radhakrishnan* Robert N. Minor, 1987-09-30 It is the thought of Sarvepalli Radhakrishnan that is most often presented in the West as Hinduism He was a remarkable man In addition to having been President of India while Nehru was Prime Minister and the Indian Ambassador to the Soviet Union he held the Spaulding Chair of Comparative Religion and Ethics at Oxford University And he continues to be a culture hero of India Radhakrishnan's thought developed in the context of his full life Robert Minor places his thought in that context His book traces the influences on him and the growth of his thought from his birth in Tirutani to his retirement to Madras The book contains a complete bibliography of Radhakrishnan's writings and of the secondary literature **Beyond Orientalism** Fred Dallmayr, 1996-12-12 Beyond Orientalism explores the confluence

of contemporary Western especially Continental philosophy with its focus on otherness and difference and the ongoing process of globalization or the emergence of the global village The basic question raised in the book is What will be the prevailing life form or discourse of the global village Will it be the discourse of Western science industry and metaphysics which under the banner of modernization and development seeks to homogenize the world in its image In Said's work this

strategy was labeled Orientalism Or will it be possible to move beyond Orientalism in the direction neither of global uniformity nor radical fragmentation After discussing the broad range of possible modes of cross cultural encounter in a historical perspective the book develops as a preferred option the notion of a deconstructive dialogue or a hermeneutics of difference which respects otherness beyond assimilation This hermeneutics is illustrated in chapters examining several bridge builders between cultures primarily the Indian philosophers Radhakrishnan and J L Mehta and the Indologist Halbfass The remaining chapters are devoted to more concrete social political problems including issues of modernization multiculturalism and the prospects of a globalized democracy which bids farewell to Orientalism and Eurocentrism 75

*Wasted Years, Let us Catch Up and Leapfrog* Vikram Sinha, 2022-08-02 The author tears into the false narrative of India's progress since independence and the mirage of a glorious future created by the political class and the bureaucracy With facts data and a touching narration he reveals the plight of the poor and the unemployed through the decades One of the most agonizing facts that he highlights is that since independence India has fallen 100 places behind other countries in GDP per capita and with Bangladesh overtaking India on this parameter India is destined to remain the poorest large country in the world The book illustrates how Indians have become hostage to a crippled system that is unable to deliver Power brokers in the garb of politicians entrenched bureaucracy driven by self interest ineffective judiciary and elements of the fourth estate along with self seeking pseudo intellectuals have formed a powerful coalition to thwart any change in the system and policies which is essential for the transformation of India initiated from time to time by some progressive governments Based on his diagnosis of why India continues to fall by the wayside as also his insights into strategies governance systems and best practices of countries like South Korea China and others the author evolves a framework for the strategic transformation of India to Catch Up and Leapfrog these countries

Hindus and Their Christian Bible R. S. Sugirtharajah, 2024-02-22 R S Sugirtharajah shows how at the height of European colonialism whilst the colonizers were studying the sacred texts of Hindus Muslims Buddhists Sikhs and Zoroastrians the Hindus were themselves scrutinizing the invader's book the Christian Bible Sugirtharajah examines how these Hindus transformed the Bible into what they deemed fit for and suited to their contexts The result was that the Bible acquired a totally different form and lost its authority as the Book of the Empire Sugirtharajah shows how the resistant subversive and at times antagonistic readings of the Hindus went beyond what the colonizer had intended Sadly what these Hindus made of the Bible went largely unnoticed and was ignored by Western scholarship This volume seeks to rectify this regrettable omission and to place both the Hindu reformers and nationalists attitude to the Bible in their own specific context and to allow them to speak on their own terms rather than reading them with Christian preconception The Hindu reformers covered include figures such as Raja Rammohun Roy Arumuga Navalar Keshub Chunder Sen Swami Vivekananda Ponnambalam Ramanathan M K Gandhi and Sarvepalli Radhakrishnan and nationalists such as Dhirendranath Chowdhary Sita Ram Goel and Ram Swarup The book contains the interpretative context

the textual negotiation that went on between these Hindus and the missionaries and orientalist examples of their Hinduization of the Bible and the hermeneutical impact on mainstream biblical interpretation      **Maya In Radhakrishnan'S Thought** Donald A. Subedi,2021-03-26 Based on the author s first hand experience as a UN Special Rapporteur this thought provoking and original book examines the values of Eastern civilisations and their contribution to the development of the UN Human Rights agenda Rejecting the argument based on Asian Values that is often used to undermine the universality of human rights the book argues that secularism personal liberty and universalism are at the heart of both Hindu and Buddhist traditions      **The Concept of Māyā in Śaṅkara and Radhakrishnan** Donald R. Naik,1984      A Brief History of Hinduism Lal Mani Ojha,2024-12-14 Delving deep into the depths of time this book traces the ancient origins and tumultuous evolution of Hinduism over a span of twenty thousand years It unravels the mysteries and secrets that have been passed down through generations as old as the towering mountains themselves This is the epic story of a religion that emerged with the dawn of humanity intertwined with the very peopling of the Indian subcontinent With a seeker s mind it uncovers archeological evidence hidden within the rich tales of Puranas and Vedas Tracing migration from South to North of the Indian subcontinent it reveals the correlation between the Solar Dynasty of the Gangetic Plains and the Lunar Dynasty of IndusSaraswati Civilization Tracing back to the beginnings of Holocene Period it connects the dots between ancient civilizations such as IndoGangetic Plains Fertile Crescent Indus Saraswati and even the Greeks Brace yourself for a gripping ride through history as this book takes you on an intense exploration spanning thousands of years to present times      Asian Philosophies and the Idea of Religion Sonia Sikka,Ashwani Peetush,2020-09-28 With a focus on Asian traditions this book examines varieties of thought and self transformative practice that do not fit neatly on one side or another of the standard Western division between philosophy and religion It contains chapters by experts on Buddhist Confucian Taoist Hindu and Jain philosophies as well as ancient Greek philosophy and recent contemplative and spiritual movements The volume also problematizes the notion of a Western philosophical canon distinguished by rationality in contrast to a religious Eastern other These original essays creatively lay the groundwork needed to rethink dominant historical and conceptual categories from a wider

perspective to arrive at a deeper more plural and global understanding of the diverse nature of both philosophy and religion The volume will be of keen interest to scholars and students in the Philosophy of Religion Asian and Comparative Philosophy and Religious Studies      **UGC NET Philosophy Paper II Chapter Wise Notebook | Complete Preparation Guide**
