Radical Green Political Theory

**Timothy Doyle, Doug
McEachern, Sherilyn MacGregor**

Radical Green Political Theory:

A Radical Green Political Theory Alan B. Carter, 1999 This volume is the first systematic comprehensive and cogent environmental political philosophy It will be of enormous value to all those with an interest in the environment political theory and moral and political philosophy

A Radical Green Political Theory Alan B. Carter, 1999

A Radical Green Political Theory Alan Carter, 2013-12-12 This volume is the first systematic comprehensive and cogent environmental political philosophy It will be of enormous value to all those with an interest in the environment political theory and moral and political philosophy

Green Political Theory Robert E. Goodin, 2013-04-30 With their remarkable electoral successes Green parties worldwide seized the political imagination of friends and foes alike Mainstream politicians busily disparage them and imitate them in turn This new book shows that greens deserve to be taken more seriously than that This is the first full length philosophical discussion of the green political programme Goodin shows that green public policy proposals are unified by a single coherent moral vision a green theory of value that is largely independent of the green theory of agency dictating green political mechanisms strategies and tactics on the one hand and personal lifestyle recommendations on the other The upshot is that we demand that politicians implement green public policies and implement them completely without committing ourselves to the other often more eccentric aspects of green doctrine that threaten to alienate so many potential supporters

Encyclopedia of Political Theory Mark Bevir, 2010-03-18 Looking at the roots of contemporary political theory this three volume set examines the global landscape of all the key theories and the theorists behind them and provides concise to the point definitions of key concepts ideas schools and figures

The Political Theory of Global Citizenship April Carter, 2013-07-04 This book provides a comprehensive overview of the meaning of cosmopolitanism and world citizenship in the history of Western political thought and in the evolution of international politics since 1500 Providing an invaluable overview of earlier political thought recent theoretical literature and current debates this book also discusses recent developments in international politics and transnational protest It will be of great interest to those specialising in political theory International Relations and peace conflict studies It will also interest those already acting as global citizens

Political Theory of Global Justice Luis Cabrera, 2006-02-03 This book offers a moral argument for world government claiming that not only do we have strong obligations to people elsewhere but that accountable integration among nation states will help ensure all persons can lead a decent life

Hegel and the Metaphysical Frontiers of Political Theory Eric Lee Goodfield, 2014-06-27 For over one hundred and fifty years G W F Hegel s ghost has haunted theoretical understanding and practice His opponents first and later his defenders have equally defined their programs against and with his In this way Hegel s political thought has both situated and displaced modern political theorizing This book takes the reception of Hegel s political thought as a lens through which contemporary methodological and ideological prerogatives are exposed It traces the nineteenth century origins of the positivist revolt against Hegel s legacy forward to political science s turn away from

philosophical tradition in the twentieth century The book critically reviews the subsequent revisionist trend that has eliminated his metaphysics from contemporary considerations of his political thought It then moves to re evaluate their relation and defend their inseparability in his major work on politics the Philosophy of Right Against this background the book concludes with an argument for the inherent metaphysical dimension of political theorizing itself Goodfield takes Hegel's reception representation as well as rejection in Anglo American scholarship as a mirror in which its metaphysical presuppositions of the political are exceptionally well reflected It is through such reflection he argues that we may begin to come to terms with them This book will be of great interest to students scholars and readers of political theory and philosophy Hegel metaphysics and the philosophy of the social sciences *Logics of Critical Explanation in Social and Political Theory* Jason Glynos, David Howarth, 2007-09-12 This book develops a novel approach to critical explanation as a function of logics taking a distinctive approach to social science explanation and political studies more specifically which avoids the problem of scientism **The Oxford Handbook of Environmental Political Theory** Teena Gabrielson, Cheryl Hall, John M. Meyer, David Schlosberg, 2016-01-07 Set at the intersection of political theory and environmental politics yet with broad engagement across the environmental social sciences and humanities The Oxford Handbook of Environmental Political Theory defines illustrates and challenges the field of environmental political theory EPT Featuring contributions from distinguished political scientists working in this field this volume addresses canonical theorists and contemporary environmental problems with a diversity of theoretical approaches The initial volume focuses on EPT as a field of inquiry engaging both traditions of political thought and the academy In the second section the handbook explores conceptualizations of nature and the environment as well as the nature of political subjects communities and boundaries within our environments A third section addresses the values that motivate environmental theorists including justice responsibility rights limits and flourishing and the potential conflicts that can emerge within between and against these ideals The final section examines the primary structures that constrain or enable the achievement of environmental ends as well as theorizations of environmental movements citizenship and the potential for on going environmental action and change

Political Ideologies Robert Eccleshall, Vincent Geoghegan, Richard Jay, Michael Keeny, Ian MacKenzie, Richard Wilford, 2014-03-21 Now in its fourth edition Political Ideologies An Introduction continues to be the best introductory textbook for students of political ideologies Completely revised and updated throughout this edition features A comprehensive introduction to all of the most important ideologies Brand new chapters on multiculturalism anarchism and the growing influence of religion on politics More contemporary examples of twenty first century iterations of liberalism socialism conservatism fascism green political theory nationalism and feminism Enhanced discussion of the end of ideology debates and emerging theories of ideological formation Six new contributors Accessible and packed with both historical and contemporary examples this is the most useful textbooks for scholars and students of political ideologies The contributors to

this volume have all taught or carried out research at the School of Politics International Studies and Philosophy of Queen's University Belfast or have close research connections with the School **Alternative Globalizations** Jerry Harris, 2006

International Encyclopedia of Environmental Politics John Barry, E. Gene Frankland, 2014-02-25 Why care about the environment Is the earth's climate really changing for the worse What are CFCs exactly And who or what is the WTO What are the causes of environmental problems Who are the main actors and what are the main ideas and issues in international environmental politics Which countries have the best worst environmental record and policies The International Encyclopedia of Environmental Politics is the essential reference source to enable all those with an interest in the politics of the environment particularly students and academics working within political science to answer these questions and to explore many other related topics in international environmental politics It will be welcomed as an essential teaching resource and a trusty companion to independent study Written by a team of international experts the Encyclopedia is vital for fact checking provides authoritative initial orientation to a particular topic or issue and will serve as a solid starting point for wider explanation With over 300 fully cross referenced entries many of which are followed with suggestions for further reading the Encyclopedia includes Country and regional entries with country entries giving a concise overview of the history main actors issues and policies related to its environmental politics Normative and ethical dimensions of environmental politics from animal rights social and global justice to deep ecology Environmental movements organizations struggles and actors from local to international levels Issues in international environmental politics such as global warming biodiversity trade and the environment Prominent individuals historical and current who have inspired or been actively involved in international environmental politics such as Mahatma Gandhi Petra Kelly Vandana Shiva and Aldo Leopold Central topics and issues in environmental politics such as global warming globalization wildlife preservation eco taxes energy production and consumption sustainable development and the World Trade Organisation **Environment and Politics** Timothy Doyle, Doug McEachern, Sherilyn MacGregor, 2015-08-27 Environment and Politics 4th Edition is a concise introduction to this ever expanding interdisciplinary field explaining and illustrating how concepts conflicts movements political systems and the practices of policy making can be analysed in a systematic way This book provides a comprehensive overview of the key themes that shape the field and examines a diverse range of environmental problems and policy solutions found in different countries and cultures The new edition has been extensively revised to include up to date explanation of green political theories and traditions and the debates that shape action on the ground It contains an expanded discussion of environmental movements that work in the Global North the Global South and transnationally Greater attention has been given to the roles of corporations non governmental organizations the media consumers and citizens in order to reflect the changing nature of environmental governance The text also focuses throughout on debates surrounding the concepts of environmental security environmental justice and environmental citizenship The authors examine the institutional responses of parliaments

administrative legal and electoral systems the more informal politics of social movements and the politics of markets and the corporate sector as they respond to or resist the greening of societies This engaging text has been fully updated to offer readers a greater understanding of international national and local environmental politics as well as expected future developments at all levels Environment and Politics continues to use illustrative examples of conflicts people and events spanning North and South America Europe Asia Africa and Australia giving it global perspective and relevance Each chapter includes questions for debate as well as a list of key words and resources for independent research This successful textbook remains a key resource for undergraduate and postgraduate studies across politics environmental studies development studies and human geography courses

A Theory of Ecological Justice Brian Baxter,2004-09-23 This book argues for ecological justice that is for treating species besides Homo sapiens as having a claim in justice to a share of the Earth s resources

Political Evil in a Global Age Patrick Hayden,2009-01-13 Hannah Arendt is widely regarded as one of the twentieth century s most powerful political theorists The purpose of this book is to make an innovative contribution to the newly emerging literature connecting Arendt to international political theory and debates surrounding globalization In recent years the work of Arendt has gathered increasing interest from scholars in the field of international political theory because of its potential relevance for understanding international affairs Focusing on the central theme of evil in Arendt s work this book weaves together elements of Arendt s theory in order to engage with four major problems connected with contemporary globalization genocide and crimes against humanity global poverty and radical economic inequality global refugees displaced persons and the stateless and the destructive domination of the public realm by predatory neoliberal economic globalization Hayden shows that a key constellation of her concepts the right to have rights superfluousness thoughtlessness plurality freedom and power can help us to understand and address some of the central problems involving political evil in our global age In doing so this book takes Arendtian scholarship and international political theory into provocative new directions Political Evil in a Global Age will be of interest to students researchers and scholars of politics philosophy sociology and cultural studies

Democracy and Green Political Thought Brian Doherty,Marius de Geus,2003-12-16 The green movement has posed some tough questions for traditional justifications of democracy Should the natural world have rights Can we take account of the interests of future generations But questions have also been asked of the greens Could their idealism undermine democracy Can greens be effective democrats In this book some of the leading writers on green political thought analyze these questions examining the discourse of green movements concerning democracy the status of democracy within green political thought and the political institutions that might be necessary to ensure democracy in a sustainable society

The Politics of Nature Andrew Dobson,Paul Lucardie,2002-11-01 This book presents a uniquely comprehensive and balanced survey of current green political ideas It analyses the ability of these ideas to provide plausible answers to fundamental problems in political theory concerning justice and democracy individual rights and freedom human nature and

gender The authors who come from a range of different disciplines explore the relationship between green ideas and other traditions including liberalism anarchism feminism and Christianity **Green Political Thought** Andrew

Dobson,2007-04-11 This highly acclaimed introduction to green political thought is now available in a new edition having been fully revised and updated to take into account the areas which have grown in importance since the third edition was published Andrew Dobson describes and assesses the political ideology of ecologism and compares this radical view of remedies for the environmental crisis with the environmentalism of mainstream politics He examines the relationship between ecologism and other political ideologies the philosophical basis of ecological thinking the potential shape of a sustainable society and the means at hand for achieving it New to this edition analysis of an intellectual and political anti environment backlash an account of sustainability in ecological thought the effect of globalization on ecologism ecological citizenship expanded bibliography Green Political Thought remains the starting point for all students academics and activists who want an introduction to green political theory **Power and Politics in Poststructuralist Thought** Saul

Newman,2007-04-11 This book explores the impact of poststructuralism on contemporary political theory by focussing on problems and issues central to politics today Drawing on the theoretical concerns brought to light by the poststructuralist thinkers Foucault Derrida Lacan Deleuze and Max Stirner Newman provides a critical examination of new developments in contemporary political theory post Marxism discourse analysis new theories of ideology and power hegemony radical democracy and psychoanalytic theory He re examines the political in light of these developments in theory to suggest new ways of thinking about politics through a reflection on the challenges that confront it This volume will be of great interest to students of postmodernism and poststructuralist theory in political science philosophy sociology philosophy and cultural studies

The Top Books of the Year Radical Green Political Theory The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous compelling novels enthraling the hearts of readers worldwide. Lets delve into the realm of bestselling books, exploring the engaging narratives that have charmed audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This heartfelt tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Radical Green Political Theory : Delia Owens "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and suspenseful novel that will keep you speculating until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
