**The Santa Fe Magazine**, 1925 *Martin Scorsese, Woody Allen, Spike Lee* James F. Scott, 2019-04-01 Directors Martin Scorsese, Woody Allen, and Spike Lee emerged as filmmakers toward the end of the 1960s when the breakdown of the studio system paved the way for new production partnerships and gave more creative authority to directors, actors, and writers. In what has come to be called the Indie movement, these directors were able to explore ethno-racial themes with more frankness than previously allowed. From the perspectives of their own minority communities, Scorsese, Allen, and Lee dramatized and critiqued the challenges this restless ethno-racial underclass posed to the White Republic imagined by the Founding Fathers. The three directors whose work is at the heart of this book explore the question of how identity formation is a process of negotiation, particularly among America's ethno-racial minorities. They emphasize the stresses related to the double burden in the assimilative process of patterning oneself after the majoritarian culture while acknowledging in complex ways the culture of the community of origin. Annie Hall tells Alvie Singer, "you're a real Jew Buggin' Out," instructs his homeboy friend Stay Black Mookie. What implications do these phrases carry? Will Alvie have a chance to modify his identity? Should he? Will Mookie honor his friend's admonition? Is black also susceptible to a cultural makeover? Is identity a personal choice? This book highlights how various films by these three directors explore the ways in which cultural capital, musical, artistic, intellectual, athletic, etc., is used to erase ethno-racial taint, skin tones, supposed biological traits, offensive cultural habits. The formula ordains that assimilation and interculturalization will be asymmetrical, favoring those groups or individuals who bring with them the most cultural capital.

**The Reluctant Film Art of Woody Allen** Peter J.

Bailey,2016-05-27 For five decades no American filmmaker has been as prolific or as paradoxical as Woody Allen From Play It Again Sam 1972 to Midnight in Paris 2011 and Blue Jasmine 2013 Allen has produced an average of one film a year yet in many of these movies Allen reveals a progressively skeptical attitude toward both the value of art and the cultural contributions of artists In this second edition Peter J Bailey extends his classic study to consider Allen s work during the twenty first century He illuminates how the director s decision to leave New York to shoot in European cities such as London Paris Rome and Barcelona has affected his craft He also explores Allen s shift toward younger actors and interprets the evolving critical reaction to his films authoritatively demonstrating why the director s lifelong project of moviemaking remains endlessly deserving of careful attention
