Historical Dictionary of Old Time Radio Robert C. Reinehr,Jon D. Swartz,2007-11-12 The term Old Time Radio refers to

the relatively brief period from 1926 when the National Broadcasting Company first began network broadcasting until approximately 1960 when television became the dominant communication medium in the United States. During this time, radio was as popular and ubiquitous as television is today. It was amazingly varied in the types of programming it offered; many characters and programs were so popular that virtually everyone was familiar with them. Even today, recorded versions of these programs are still extremely popular and widely available, both from commercial outlets and from hobbyists. Behind the production of these programs was a complex technological and financial infrastructure that had to be developed virtually from scratch in a world unaccustomed to the rapid communication and technological marvels that we take for granted today. The *Historical Dictionary of Old Time Radio* provides essential facts and information on the Golden Age of Radio. This is accomplished through the use of a chronology, an introductory essay, a bibliography, and hundreds of cross-referenced dictionary entries on the radio networks, programs, directors, producers, writers, actors, radio series, and radio stations. Entries on your favorite shows, *The Lone Ranger*, *The Shadow*, *Dragnet*, and *Suspense*, and actors Bob Hope, George Burns, Gracie Allen, and Edgar Bergen, will have you jumping from one entry to the next as you relive old favorites and discover hidden treasures from the Golden Age of Radio.

Checklist of Writings on American Music, 1640-1992 Guy A. Marco, 1996. Cumulative index to all three volumes of *Literature of American Music in Books and Folk Music Collections*. *Catalog of Copyright Entries. Third Series*. Library of Congress. Copyright Office, 1978.

Famous Movie Detectives II Michael R. Pitts, 1991-04. Pitts looks at the celluloid careers of more than three dozen sleuths, including Arsene Lupin, Hercule Poirot, Mike Hammer, Miss Jane Marple, Perry Mason, Philip Marlowe, *The Shadow*, Sherlock Holmes, and *The Whistler*, and a number of screen gumshoes with brief movie careers and TV detectives. Each chapter highlights a different detective, covering the character's films, the performers who played him or her, the character's image in other media, stage, radio, television recordings, etc., plus a detailed filmography and a bibliography of the fictional works about each detective. With additions and corrections to the base volume and scores of photographs.

Routledge Revivals: Radio Broadcasting from 1920 to 1990 (1991) Diane Foxhill Carothers, 2016-11-10. First published in 1991, this book presents a comprehensive annotated bibliography of radio broadcasting. Its eleven chapter categories cover almost the entire range of radio broadcasting, with the exception of radio engineering due to its technical complexity, although some of the historical volumes do encompass aspects, thus providing background material. Entries are primarily restricted to published books, although a number of trade journals and periodicals are also included. Each entry includes full bibliographic information, including the ISBN or ISSN where available, and an annotation written by the author with the original text in hand.

Guides to Library Collection Development John Thomas Gillespie, Ralph J. Folcarelli, 1994-08-15. Intended to enhance collection development in school, public, and college libraries, this volume lists and annotates approximately 1,500 significant bibliographies published from 1985 through 1993, with some earlier but still useful publications. Annotations indicate scope of the work, size, often the number of entries, kinds of material.
