the most successfully realized CD albums so far created **This Isn't Happening** Steven Hyden, 2020-09-29 THE MAKING AND MEANING OF RADIOHEAD'S GROUNDBREAKING CONTROVERSIAL EPOCHDEFINING ALBUM KID A In 1999 as the end of an old century loomed five musicians entered a recording studio in Paris without a deadline Their band was widely recognized as the best and most forward thinking in rock a rarefied status granting them the time money and space to make a masterpiece But Radiohead didn't want to make another rock record Instead they set out to create the future For more than a year they battled writer's block intra band disagreements and crippling self doubt In the end however they produced an album that was not only a complete departure from their prior guitar based rock sound it was the sound of a new era and it embodied widespread changes catalyzed by emerging technologies just beginning to take hold of the culture What they created was Kid A Upon its release in 2000 Radiohead's fourth album divided critics Some called it an instant classic others such as the UK music magazine Melody Maker deemed it tubby ostentatious self congratulatory whiny old rubbish But two decades later Kid A sounds like nothing less than an overture for the chaos and confusion of the twenty first century Acclaimed rock critic Steven Hyden digs deep into the songs history legacy and mystique of Kid A outlining the album's pervasive influence and impact on culture in time for its twentieth anniversary in 2020 Deploying a mix of criticism journalism and personal memoir Hyden skillfully revisits this enigmatic alluring LP and investigates the many ways in which Kid A shaped and foreshadowed our world *Revolution Rock* Amy Britton, 2011-11-17 The ages of Thatcherism and New Labour are two of the most significant of the twentieth century and more alike than they would care to admit Out of these years of political turmoil have come many brilliant often politically dissenting British albums which have captured the landscape of the time This is the story of those albums *Radiohead's Kid A* Marvin Lin, 2011-01-27 **Sects, Love, and Rock & Roll** Joel Heng Hartse, 2010-11-01 If this book moves I hope it moves in the way pop songs do There will be a lot of talk about songs but inasmuch as this is a book about listening to music it's also about how listening to music makes us who we are or at least about how it makes me who I am and so it is an exploration an idiosyncratic and opinionated and particular one of a self shaped by the oddly intersecting forces of the American evangelical Protestant church and the American popular music scene I don't mean for that to sound hoity toity if this were fifteen years ago I would say that this book was about Christian music and I would know exactly what I meant My purpose now is not only to talk about Christian music I am not here to explicate Christian music to explain why it exists and whether it is any good Instead think of what you're about to read as like an iPod playlist a collection of essays and thoughts on listening to music and having faith and how they have made me and a lot of people like me and maybe you Also there will be some jokes about Stryper *Quantick's Quite Difficult Quiz Book* David Quantick, 2021-11-04 Best quiz book ever HARRY HILL Quantick is the Captain Beefheart of quizzing MARK BILLINGHAM The antidote to every deathly dull pub quiz you've ever been to This is how a quiz book should be written where having fun is the most important outcome GARY WIGGLESWORTH author of The Book Lover's Quiz Book Distinctive

unusual difficult but spectacularly entertaining this quiz book is to other pub quizzes what Trivial Pursuit was to Ludo what The Hitch Hiker s Guide to the Galaxy is like to the Rhyl phone directory and what the Rolls Royce Silver Ghost is like compared to a kid s scooter Loads better David Quantick works regularly with Armando Iannucci including on the new HBO series Avenue 5 He won an Emmy as part of the writing team on Veep a BAFTA for Harry Hill s TV Burp and a Writers Guild Award for The Thick of It For over fifteen years David has also hosted his own very popular quizzes at festivals events pubs clubs cinemas and in tents the quizzes range is broad and the questions are tricky They re not about statistics there s no sport the picture rounds are conceptual and there s sometimes a round called Martin Amis Character or Blur Song Each quiz is funny and entertaining even if you don t know the answers The quizzes are informative and opinionated In some ways they re like stand up with questions This is a book based on David s excellent live quizzes described by many people as quite difficult But they are quizzes Quite difficult quizzes that tax the brain and make it go in directions it didn t know it could That s not to say the questions are fiendishly scientific and packed with questions about dates and the periodic table They re about books and music movies and actors strange events and interesting quotes You don t leave a Quantick quiz knowing how many times Spurs have won the League but you may know how many Shirleys have sung a Bond theme or how George V made the front page of The Times The effectiveness of David s quizzes is down to their unusual variety and almost stream of consciousness leaps and bounds of factual imagination There s not even much point in cheating because the answers often require mental agility as well as just knowing where Calais is it s in France but it wasn t always even when it was David s quiz book includes twenty five main quizzes four Christmas quizzes and four specialist quizzes so thirty three quizzes in total Entertaining in its own right this is also a conceptual yet very practical guide to staging excellent quizzes of your own

Wilco Greg Kot,2008-12-10 The intimate story of one of the great American bands of our time creators of the controversial masterpiece Yankee Hotel Foxtrot When alt country heroes turned rock iconoclasts Wilco handed in their fourth album Yankee Hotel Foxtrot to the band s label Reprise a division of Warner Brothers fans looked forward to the release of another challenging genre bending departure from their previous work The band aimed to build on previous sales and critical acclaim with its boldest and most ambitious album yet but was instead urged by skittish Reprise execs to make the record more radio friendly When Wilco wouldn t give they found themselves without a label Instead they used the Internet to introduce the album to their fans and eventually sold the record to Nonesuch another division of Warner Wilco was vindicated when the album debuted at No 13 on the Billboard charts and posted the band s strongest sales to date Wilco Learning How to Die traces the band s story to its deepest origins in Southern Illinois where Jeff Tweedy began growing into one of the best songwriters of his generation As we witness how his music grew from its punk and alt country origins some of the key issues and questions in our culture are addressed How is music of substance created while the gulf between art and commerce widens in the corporate consolidation era How does the music industry make or break a hit How do working

musicians reconcile the rewards of artistic risk with the toll it exacts on their personal life This book was written with the cooperation of Wilco band members past and present It is also fully up to date covering the latest changes in personnel and the imminent release of the band s fifth album A Ghost Is Born sure to be one of the most talked about albums of 2004

Dialectic of Pop Agnes Gayraud, 2020-01-28 A philosophical exploration of pop music that reveals a rich self-reflexive art form with unsuspected depths In the first major philosophical treatise on the subject Agnes Gayraud explores all the paradoxes of pop its inauthentic authenticity its mass production of emotion and personal resonance its repetitive novelty its precision engineering of seduction and calls for pop in its broadest sense encompassing all genres of popular recorded music to be recognized as a modern technologically mediated art form to rank alongside cinema and photography In a thoroughgoing engagement with Adorno's fierce critique of standardized light popular music *Dialectic of Pop* tracks the transformations of the pop form and its audience over the course of the twentieth century from Hillbilly to Beyoncé from Lead Belly to Drake Inseparable from the materiality of its technical media indifferent and intractable to the

perspectives of high culture pop subverts notions of authenticity and inauthenticity original and copy aura and commodity medium and message Gayraud demonstrates that far from being the artless and trivial mass produced pabulum denigrated by Adorno pop is a rich self reflexive artform that recognises its own contradictions incorporates its own productive negativity and often flourishes by thinking against itself Dialectic of Pop sings the praises of pop as a constitutively impure form resulting from the encounter between industrial production and the human predilection for song and diagnoses the prospects for twenty first century pop as it continues to adapt to ever changing technological mediations *Love Is Suicide* Nik Dendera, 2011-12 My life could be described as like listening to a badly scratched CD the lyrics don t make any sense and it always skips past the really good guitar solos My existence was disjointed and incoherent to the limits of annoyance It s 1994 The year Grunge died For twenty something Dominik this is the year his life will change Stuck in a dead end job rejected by his family and ignored by his girlfriend Dominik s only comfort is in music and self mutilation Until he meets the beautiful Tessa a free spirited bohemian who along with the guidance of his psychiatrist Dr Shaye help him let go of his past and rebuild broken relationships Set during one of the most influential music movements of the last twenty years and inspired by the music of The Smashing Pumpkins *Love is Suicide* is the High Fidelity meets *Rules of Attraction* for the Generation X
