Nimrod Rise and Fall Tony Blackman,2011-12-01 The episodic history of Britain s infamous military reconnaissance aircraft by the author of *Vulcan Test Pilot* and aviation expert who witnessed it all The scrapping of the Nimrod program has been one of the most controversial events in the military aviation world for many years For most of its operational life from 1969 to date its contribution to the defense of the realm and its role in offensive duties was of necessity often shrouded in secrecy It was the eye in the sky that was vital to a host of activities from anti submarine and anti surface warfare to support of land battles throughout the world to the Falklands campaign to combating drug running Now the UK is bereft of such a multitasking reconnaissance aircraft The full story of the Nimrod and its significance has now been told Tony Blackman who was there at the beginning test flew nearly every aircraft and was at Kinloss on the very day the project was canceled has

written this timely book covering every facet of its history its weapons system developments and its tragic accidents He writes in an approachable way making technical subjects understandable but his conclusions will inevitably not be welcomed by everyone **The Aeroplane** ,1958 *Cold War Warriors* Ian Pearson,2021-09-01 Cold War Warriors tells the little known story of the operations by the Royal Australian Air Force s P 3 Orions during the latter years of the Cold War The aircraft s largely low profile missions usually flown far from their base were often shrouded by confidentiality Now access to declassified documents has allowed this story to be told From the lead up to their delivery in 1968 to the end of the Cold War in 1991 from the intrigues associated with the procurement of the aircraft and subsequent upgrades to perilous moments experienced by the aircraft and their crews while conducting operations and from triumphs to tragedies Cold War Warriors documents the P 3 s service in the RAAF in the context of the unfolding domestic and international events that shaped the aircraft s evolving missions As well as being a story of the RAAF Orions and their growing capabilities Cold War Warriors is also the story of the crews who flew the aircraft Using their words Cold War Warriors faithfully describes a number of incidents both on the ground and in the air to provide a sense of the enormous breadth of service the P 3 Orion has provided to the Royal Australian Air Force to Australia and to our allies Flight and the Aircraft Engineer ,1990 *Flight and Aircraft Engineer* ,1957 *"Men Will Come": A History of the 314th Troop Carrier Group 1942-1945* Colonel Mark C.
