Necrophenia Robert Rankin,2008-12-01

ONE IN EVERY THREE PEOPLE LIVING IS ACTUALLY DEAD It is a matter of historical record that during the latter part of World War II England s top secret Ministry of Serendipity enlisted the services of arch magician Aleister Crowley to create a Homunculus Why Well that s a long story spanning almost seven decades as it follows the life and career of Tyler rock star private eye and notable for the fact that he almost saved Mankind The cast of millions also includes ukulele maestro George Formby Mick Jagger Mama Cass Elvis Presley and Lazlo Woodbine And Tyler s brother Andy who impersonates animals and who single handedly brought about the Swinging Sixties And a lady named Clara from Croydon who unlocked the meta phenomena of the Multiverse And a corner shopkeeper from Brentford who created a sitting room for God And a great many

living dead Oh yes and it also involves a monster in human form whose intention it is to turn the Earth into a Necrosphere a planet totally devoid of life The Brightonomicon Robert Rankin,2011-06-16 Our teenage hero having been thrown from Brighton Pier by the leader of The Canvey Island Mod Squad narrowly escapes drowning thanks to the Perfect Master Cosmic Dick and self styled Logos of the Aeon not to mention the reinventer of the Ocarina Hugo Rune Himself Our hero has lost his memory and in desperation agrees to join The Lad Himself in the solving of twelve cases based upon The Brightonomicon the new zodiac signs formed by the alignment of Brighton streets and discovered by Rune carriageway constellations And together they must find the Chronovision before it falls into the wrong hands and affords ultimate power to the would be world dictator And this being an adventure most exciting they must find it before the sinister Count Otto Black would be World Dictator and all round bad guy Or the whole world will all go to pot The Da-Da-De-Da-Da Code Robert Rankin,2011-06-02 Jonny Hooker has been picked as a WINNER and all he has to do to claim his prize is to solve the Da da de da da Code Jonny knows that beat it always turns up in popular music like Waltzing Matilda or the National Anthem And it has something to do with the Devil s Chord And with Robert Johnson who sold his soul to the Devil whose blues influenced a generation of musicians And it definitely has something to do with Elvis who is still alive and rocking of course And with the Secret Parliament of Five who meet in Gunnersbury Park to dictate world affairs And when he solves the Da da de da da Code Jonny will also discover why all the most famous rock musicians die aged twenty seven the truth about raising an ancient god and the destruction of the world It s all right there in the music All Jonny has to do is to crack that code Before he dies on Monday *Knock, Knock* William Hartston,2023-05-09 The first mainstream history of humour Hilarious and well researched this book from household name William Hartston a presenter author and journalist makes a perfect gift Of all human qualities humour is perhaps the most puzzling In this very first history of humour author and humourist William Hartston looks at every aspect of the evolution of humour and our attitudes towards it with a view to developing a proper Theory Of Everything Humorous From comedy in ancient Greece and jokes in ancient Rome to laughter in the Bible and the secret of comic delivery from how humour changed following the American civil war to how Mark Twain changed written comedy in the English speaking world William leaves no stone unturned in his quest to understand what makes us chuckle Besides being academically well founded A History of Humour will unlike almost everything else written on the subject be both seriously humorous and humorously serious *The Witches of Chiswick* Robert Rankin,2011-06-16 We have all been lied to A great and sinister conspiracy exists to keep us from uncovering the truth about our past Have you ever wondered how Victorians dreamed up all that fantastic futuristic fiction Did it ever occur to you that it might just have been based upon fact That THE WAR OF THE WORLDS was a true account of real events That Captain Nemo s Nautilus even now lies rusting at the bottom of the North Sea That there really was an invisible man And what about the other stuff Did you know that Queen Victoria had a sexual relationship with Dr Watson Or that the elephant man was a product of an E T human

hybridisation programme Or that Jack the Ripper was a terminator robot sent from the future Read on and learn how a cabal of Victorian Witches from the Chiswick Townswomen s Guild working with advanced Babbage super computers rewrote 19th Century history and how a 23rd Century boy called Will Starling uncovered the truth about everything *Knees Up Mother Earth* Robert Rankin,2011-06-16 Magic time travel and football not exactly your everyday combination but the fate of mankind hangs upon the result Of course There s big trouble in little Brentford Property developers are planning to destroy the borough s beloved football ground and build executive homes on the site Shock Outrage Horror The lads of The Flying Swan Brentford s most celebrated drinking house take up the challenge Surely with these stalwarts working for the cause Brentford s football ground can be saved Would it were so but this is Brentford and ancient forces of evil are forever stirring in the borough Old Testament terrors Lovecraftian loathsomes and beasties from the bottomless pit And if the team make it through to the final it s going to be a match that no one will forget What with the fate of mankind hanging upon the result And everything

The A to Z of Fantasy Literature Brian Stableford,2009-08-13 Once upon a time all literature was fantasy set in a mythical past when magic existed animals talked and the gods took an active hand in earthly affairs As the mythical past was displaced in Western estimation by the historical past and novelists became increasingly preoccupied with the present fantasy was temporarily marginalized until the late 20th century when it enjoyed a spectacular resurgence in every stratum of the literary marketplace Stableford provides an invaluable guide to this sequence of events and to the current state of the field The chronology tracks the evolution of fantasy from the origins of literature to the 21st century The introduction explains the nature of the impulses creating and shaping fantasy literature the problems of its definition and the reasons for its changing historical fortunes The dictionary includes cross referenced entries on more than 700 authors ranging across the entire historical spectrum while more than 200 other entries describe the fantasy subgenres key images in fantasy literature technical terms used in fantasy criticism and the intimately convoluted relationship between literary fantasies scholarly fantasies and lifestyle fantasies The book concludes with an extensive bibliography that ranges from general textbooks and specialized accounts of the history and scholarship of fantasy literature through bibliographies and accounts of the fantasy literature of different nations to individual author studies and useful websites **The Japanese**
