Huff,Louis S. Thompson,1990 This document addresses how not whether to restructure a railway **Pricing and Cost Recovery in Long Distance Transport** David Starkie,M.R. Grenning,M.M. Starrs,2012-12-06 The 1977 BTE Report on Cost Recovery in Australian Transport 1974 75 provided estimates of the aggregate level of financial cost recovery in the various modes by broad transport task It suggested that there were substantial differences between modes in the level of cost recovery The 1979 Transport Pricing and Cost Recovery seminar concluded that economic efficiency objectives required more attention in transport pricing and investment decisions than had been apparent in the past The principles for economically efficient pricing were spelt out and several specific issues were identified which are worth following up in this seminar These include reconciliation of financial and economic efficiency objectives and the identification of appropriate revenue targets specification of the changes in accounting and management information systems which would be required to implement more economically rational pricing and identification of the principles for estimating compensation for public service obligations Finally a brief account is given of recent BTE work on cost recovery in general aviation and in road and rail transport BTE has suggested that economic efficiency considerations would require substantial modification to the present means of collecting revenue from general aviation with more reliance placed on direct pricing measures like flight specific air navigation charges and airport movement charges On road rail competition an order of magnitude comparison of road and rail cost recovery in the Adelaide Victorian border corridor suggests that only the road mode approximately covers short run avoidable costs and that both modes fail to cover long run avoidable costs *American Railroads* Robert E. Gallamore,John R. Meyer,2014-06-17 Overregulated and displaced by barges trucks and jet aviation railroads fell into decline Their misfortune was measured in lost market share abandoned track bankruptcies and unemployment Today rail transportation is reviving American Railroads tells a riveting story about how this iconic industry managed to turn itself around **Last Trains** Charles Loft,2013-03-27 The debate about Dr Richard Beeching will rage until the Second Coming and probably beyond But in Charles Loft's careful examination of the Beeching Report we have as fine a study as we are going to possess in the meantime Peter Hennessy Loft's great strength is his judiciousness He understands the political processes and assesses them fairly minded And his verdict will I suspect hold up better than any of Beeching's judgements Matthew Engel Financial Times Prepare to be impressed

shocked and saddened This is undoubtedly one of the best books of the year a riveting read Railways Illustrated Lucid to the point thought provoking at every turn Last Trains is a volume that everyone should read before making judgements about the rail closures of the Sixties Heritage Railway Thoughtful and well researched analysis Edinburgh Evening News During the course of the 1950s England lost confidence in its rulers and convinced itself it must modernise The failing steam powered local railways run by Colonel Blimp symbolised everything that was wrong with the country surely the future lay in motorways and high speed express trains Along came Dr Beeching with his diagnosis and suddenly branch line Britain was gone for ever The debate about the Beeching cuts has raged ever since In this superbly researched examination Charles Loft exposes the political failures that bankrupted the railways and lays bare the increasing alienation of bureaucrats from the public they were trying to serve The result is a fascinating study of a nation grappling to come to terms with modernity

British Railways 1948-73 T. R. Gourvish, N. Blake, 1986 Originally published in 1986 this is a business history of the first twenty five years of nationalised railways in Britain Commissioned by the British Railways Board and based on the Board's extensive archives it fully analyses the dynamics of nationalised industry management and the complexities of the vital relationship with government After exploring the origins of nationalisation the book deals with the organisation financial performance investment and commercial policies of the British Transport Commission 1948-2 Railway Executive 1948-53 and British Railways Board 1963-73 Calculations of profit and loss investment and productivity are provided on a consistent basis for 1948-73 This business history thus represents a major contribution not only to the debate about the role of the railways in a modern economy but also to that concerning the nationalised industries which have proved to be one of the most enduring problems of the British economy since the war *ICC Practitioners' Journal*, 1981 **May 23, June 6, 7, and 20, 1979**
United States. Congress. Senate. Committee on Commerce, Science, and Transportation. Subcommittee on Surface Transportation, 1979
