Rain On My Wings:

Rays and Rains Aparajita Bose, 2014-06-20 You are a potter I am a potter We are all potters The life we have got is the clay We are all potters building our lives building the early life of our children There are rules thousands of them to build this life to make it perfect They form the potters wheel But just as you would be more comfortable shaping your own pot with your own hands and keep the wheel aside you would likewise love to shape your life or your child's life with your experiences your thoughts that visit you your intuition and the mix of delightful as well as not so delightful stories and thoughts and experiences shared by fellow potters because these together are your hands In this journey of life we pass through rays and rains the happy and not so happy experiences some experiences with near and dear ones and some with acquaintances and some experiences that are not ours but as real as ours because they are experiences of people as real as us though not known to us And as we keep building the pot we exchange our thoughts with people who too are shaping their pots with their hands These are thoughts about us and also about our children about what we see and what we hear and what we feel about ourselves as we move from being people to being parents from being not perfect to being trying to be perfect for the sake of the children and finally to being just ourselves
