

Semiotics in Performance and Dance

Nicoleta Popa Blanariu

Semiotics and performance moving in tandem: A work-in-progress

Along with changes in how the performing arts are understood and practiced, their semiotic approach also naturally evolves, together with the entire field of performance and dance studies. Prefigured since antiquity (Lucian of Samosata [2nd century CE] 2009, Augustine [426 CE] 2002), the semiotics of performance is very indebted, especially since the 1930s–1940s, to The Prague School Theory of Theatre, and even later, in the 1970s, to the linguistic paradigm of structuralism. This has the great advantage of having changed the perspective on the aesthetic object. However, the semiotics of performance emerges with the awareness of the methodological risk to which it is exposed by some “tendency to reduce all the problems of sign to language” (Kowzan 1968, Lehmann [1999] 2002, Barba and Savarese [2008] 2012). In fact, performing arts cannot be reduced to a textual component or to one assimilated to the functioning of verbal language. New symptoms of identity crisis arose again later when the nature of the performance and its semiotic approach were equally and insistently called into question. Semiotics then tried to cover the *performative* turn of theatre which debuted in the sixties. In such a context, semiotics was particularly interested in the “crisis of representation”, the “crisis of the body’s mediation”, and the crisis of the “classic textual invariant” (Helbo 2016: 342–5; Helbo, Bouko, and Verlinden 2011: 100), as well as the crisis of “authoritarian staging” (Pavis 2014: 238). These came together with Kaprow’s “idea of a performance that isn’t theatre” ([1976] 2020) and the replacement of the “dramatic text” with the “performance text” (Schechner 2011: 25).

Jean Genet and the Semiotics of Performance Laura Oswald, 1989 When Jean Genet the enfant terrible of the French theater died on April 15 1986 he left a rich and controversial literary legacy Genet a homosexual and ex convict wrote about events and in a language that could ruffle the complacency of the most sophisticated reader His work can be seen as a struggle of the social outcast to be heard from beyond the borders of the dominant heterosexual culture This challenging book tracks the effects of this struggle in Genet's novels plays film and political essays by means of a general semiotics of performance By staging a dialogue between Genet and writers such as Derrida Bakhtin Metz Ricoeur and Benveniste Laura Oswald pursues the question of performance in the form of a debate rather than that of a closed theoretical system Her approach puts into play relations between semiotics and philosophy and provides a means of understanding the relationship between Genet's poetics and his radical politics By focusing on the role of the double in Genet's literary imagination and by reading Genet with his others in the realm of theory Oswald comes to grips with the overriding concerns of a man whose life in literature was never very far from his life as prisoner as outcast as self proclaimed exile
