The Englishman's Hebrew and Chaldee Concordance of the Old Testament George V. Wigram,1814 **The Englishman's Greek Concordance of the New Testament; being an attempt at a verbal connexion between the Greek and the English texts, etc. [By George V. Wigram, assisted by William Burgh.] L.P. ,1839** The Englishman's Greek Concordance of the New Testament George V. Wigram,1864 Analytical Concordance to the Bible on an Entirely New Plan Robert Young,1909 **The New Office Hymn Book** Church of England,1908 **The Englishman's Hebrew and Chaldee Concordance of the Old Testament, Being an Attempt at a Verbal Connection Between the Original and the English Translation with Indexes, a List of the Proper Names and Their Occurrences** George V. Wigram,1843 The Old is Better Robert H. Gundry,2010-08-01

Current study of the New Testament features many new interpretations Robert Gundry s book finds them largely wanting and defends traditional ones Several of its essays have never been published before Most of the rest though previously published have been updated and otherwise revised sometimes heavily The studies cover a wide variety of topics in New Testament study ranging from the Gospels to Revelation and much in between as for example theological diversity symbiosis between theology and genre criticism pre Papian tradition concerning Mark and Matthew as apostolically Johannine and mishnaic jurisprudence as compatible with Jesus blasphemy In its entirety this collection of essays shows the weaknesses of many novel interpretations of the New Testament as well as the essential reliability of earliest traditions concerning the New Testament and the essential reliability of New Testament traditions themselves **Theophanic "Type-Scenes" in the Pentateuch** Nevada Levi DeLapp,2018-01-25

An examination of the presence of theophanic scenes in the final form of the Pentateuch which argues that rather than there being a single over arching theophanic type scene there are multiple such scenes which reflect the individual theological tendencies of the biblical books within which they appear The Genesis type scene revolves around YHWH s promises in crisis situations i e YHWH only appears when there is a crisis or threat to the Abrahamic promise The Exodus type scene typically includes the appearance of YHWH s dangerous fiery presence Kabod Adonai a communal setting and divine action constituting or preserving Israel as a people in preparation for the Abrahamic inheritance In Leviticus the theophanies augment the Exodus type scene with a liturgical setting where a specific priestly action brings forth a theophanic response DeLapp then shows how Numbers recontextualizes each of the preceding type scenes as it retells the exodus narrative post Sinai When read synchronically the three type scenes build on each other and follow the developing narrative logic of Israel s larger story Deuteronomy then re reads the Exodus type scene and indirectly the Genesis type scene to ensure that later readers read the theophanies appropriately i e YHWH only appeared as formless and shrouded in fire The Englishman's Hebrew and Chaldee concordance of the Old Testament[based on the unpubl. work of W. De Burgh, ed. by G.V. Wigram.]. George Vicesimus Wigram,1860 **Summa Theologica: First Part** St. Thomas Aquinas,2018-02-06

The first volume in this

epic and classic undertaking by one of the most notable theologians of the Roman Catholic Church This volume features theological considerations towards such topics as God the Trinity Creation Angels Humanity Good and Evil and other important topics that we often take for granted in our thinking in the church and in worship towards God These topics must be carefully considered if we are to ever have a deep understanding and love of the one true God and his son Jesus Christ
