Sense Of Honor:

Parents and Their Problems: Methods and materials for training Mary Harmon Weeks, 1914 *Occasional Papers* University of Washington, 1908 Consists of reprints of articles by University of Washington faculty from various reputable periodicals *Elementary Education* John Alexander Hull Keith, 1905 **Honor and Revenge: A Theory of Punishment** Whitley R.P. Kaufman, 2012-08-28 This book addresses the problem of justifying the institution of criminal punishment It examines the paradox of retribution the fact that we cannot seem to reject the intuition that punishment is morally required and yet we cannot even after two thousand years of philosophical debate find a morally legitimate basis for inflicting harm on wrongdoers The book comes at a time when a new abolitionist movement has arisen a movement that argues that we should give up the search for justification and accept that punishment is morally unjustifiable and should be discontinued immediately This book however proposes a new approach to the retributive theory of punishment arguing that it should be understood in its traditional formulation that has been long forgotten or dismissed that punishment is essentially a defense of the honor of the victim Properly understood this can give us the possibility of a legitimate moral justification for the institution of punishment *English Synonymes Explained* George Crabb, 1882 *Century Illustrated Monthly Magazine ...*, 1896 *The Atlantic Monthly*, 1896 **Youth's Companion**, 1914 House Documents USA House of Representatives, 1872 *New-Church Messenger*, 1914 **The Virtues of Captain America** Mark D. White, 2024-06-26 Learn how Captain America's timeless ethical code is just as relevant in the twenty first century as it was during the 1940s Captain America or simply Cap provides an example of the virtues that define personal excellence as well as the ideals and principles upon which the United States of America was founded In *The Virtues of Captain America* philosopher and long time comics fan Mark D White shows us that this fictional superhero's old fashioned moral code is exactly what we need today to restore kindness and respect in our personal and civic lives Presenting Captain America's personal morality within a virtue ethics framework the book opens with an introduction to basic concepts in moral and political philosophy and addresses issues surrounding the use of fictional characters as role models The following chapters examine Captain America in detail exploring the individual virtues that Cap exemplifies the qualities that describe his moral character his particular brand of patriotism his ongoing battle with fascism his personal vision of the American Dream his moral integrity and sense of honor and much more Now in its second edition *The Virtues of Captain America* is updated to include all the new developments in Captain America's saga including new examples from the last ten years of Captain America's appearances in Marvel Comics New coverage of the recent Secret Empire storyline in which Captain America was brainwashed by the fascist organization Hydra features new sections examining the nature of fascism and how Captain America's character and virtues were affected by the change This edition also offers new material on Sam Wilson formerly Captain America's partner the Falcon who recently became Captain America himself and how his interpretation of the role compares to Steve Rogers

Showing how we can be better people if we pay attention to the choices made by the Sentinel of Liberty The Virtues of Captain America Examines the moral and political philosophy behind 80 years of Captain America comics and movies in a light hearted often humorous tone Demonstrates that the core principles and judgment exhibited by Captain America in the 1940s remain relevant in the twenty first century Describes the basic themes of Captain America s ethics such as courage humility perseverance honesty and loyalty Illustrates how Captain America stands for the basic ideals of America not its politics or government Requiring no background in philosophy or familiarity with the source material the second edition of The Virtues of Captain America Modern Day Lessons on Character from a World War II Superhero remains a must read for everyone wanting to make ethical decisions in complex real world situations and tackle the personal and political issues of today with integrity and respect

Genealogies and Sketches of Some Old Families who Have Taken Prominent Part in the Development of Virginia and Kentucky Especially Benjamin Franklin Van Meter,1901 **Lamps and Paths**
