Sense Of Honour:

Honor Frank Henderson Stewart,1994 What is honor Is it the same as reputation Or is it rather a sentiment Is it a character trait like integrity Or is it simply a concept too vague or incoherent to be fully analyzed In the first sustained comparative analysis of this elusive notion Frank Stewart writes that none of these ideas is correct Drawing on information about Western ideas of honor from sources as diverse as medieval Arthurian romances Spanish dramas of the sixteenth and seventeenth centuries and the writings of German jurists of the nineteenth and twentieth centuries and comparing the European ideas with the ideas of a non Western society the Bedouin Stewart argues that honor must be understood as a right basically a right to respect He shows that by understanding honor this way we can resolve some of the paradoxes that have long troubled scholars and can make sense of certain institutions for instance the medieval European pledge of honor that have not hitherto been properly understood Offering a powerful new way to understand this complex notion Honor has important implications not only for the social sciences but also for the whole history of European sensibility **The Spirit of Russia** Tomáš Garrigue Masaryk,1919 *Realizing Freedom: Hegel, Sartre and the Alienation of Human Being* G. Rae,2011-10-12 A first in English this book engages with the ways in which Hegel and Sartre answer the difficult questions What is it to be human What place do we have in the world How should we live What can we be 〇〇〇〇 〇〇〇 〇〇〇〇〇〇 〇〇〇 〇〇〇〇〇〇 B. Spiers,1882 *The Law of War and Peace* Hugo Grotius,1925 The Civilisation of the Renaissance in Italy Jacob Burckhardt,Samuel George Chetwynd Middlemore,1921 **Making Sense in (and of) the First Christian Century** Francis Gerald Downing,2000-08-01 The first Christian century must be approached with careful attention to its cultural and linguistic heterogeneity It should not simply be assumed that this past is a different place they do things differently there Downing treats the ways in which early Christians tried to make things make sense within their cultures noting both the similarities and differences between their ways and contemporary ones and stressing the variety of contexts and influences on first century communication Downing brings his renowned expertise to bear in illuminating the cultural features of early Christian society with a range of fascinating and telling examples **Common Sense** ,1738 **The Measure of Greatness** Sophia Vasalou,2019-10-24 Magnanimity is a virtue that has led many lives Foregrounded early on by Plato as a philosophical virtue par excellence it became one of the crown jewels in Aristotle s account of human excellence and was accorded equally salient place by other ancient thinkers It is one of the most distinctive elements of the ancient tradition to filter into the medieval Islamic and Christian worlds It sparked important intellectual engagements and went on to carve deep tracks through several of the later philosophies to inherit from this tradition Under changing names and reworked forms it would continue to breathe in the thought of Descartes and Hume Kant and Nietzsche Its many lives have been joined by important continuities yet they have also been fragmented by discontinuities discontinuities reflecting larger shifts in ethical perspectives and competing answers to questions about the nature of the good life the moral nature of human beings

and their relationship to the social and natural world they inhabit They have also been punctuated by moments of intense controversy in which the vision of human greatness has itself been called into doubt The aim of this volume is to provide an insight into the complex trajectory of a virtue whose glitter has at times been as dazzling as it has been divisive By exploring the many lives it has lived we will be in a better position to evaluate whether this is a virtue we still want to make central to our own ethical lives and why

[With the Text.]**, 1811 **The Sense of Mission in Russian Foreign Policy** Alicja Curanović, 2021-03-05 This book explores how far messianism the conviction that Russia has a special historical destiny is present in and affects Russian foreign policy Based on extensive original research including analysis of public statements policy documents and opinion polls the book argues that a sense of mission is present in Russian foreign policy that it is very similar in its nature to thinking about Russia's mission in Tsarist times that the sense of mission matters more for Russia's elites than for Russia's masses and that Russia's special mission is emphasised more when there are questions about the regime's legitimacy as well as great power status Overall the book demonstrates that a sense of mission is an important factor in Russian foreign policy If I Lose Mine Honor, I Lose Myself Courtney Erin Thomas, 2017-01-01 Courtney Thomas offers an intriguing investigation of honour's social meanings amongst early modern elites in sixteenth and seventeenth century England *A vindication of Scripture, Reason and Common Sense; in reply to ...
