Arguably the greatest science fiction writer who ever lived Isaac Asimov also possessed one of the most brilliant and original minds of our time His accessible style and far reaching interests in subjects ranging from science to humor to history earned him the nickname the Great Explainer I Asimov is his personal story vivid open and honest as only Asimov himself could tell it Here is the story of the paradoxical genius who wrote of travel to the stars yet refused to fly in airplanes who imagined alien universes and vast galactic civilizations while staying home to write who compulsively authored more than 470 books yet still found the time to share his ideas with some of the great minds of our century Here are his wide ranging thoughts and sharp eyed observations on everything from religion to politics love and divorce friendship and Hollywood fame and mortality Here too is a riveting behind the scenes look at the varied personalities Campbell Ellison Heinlein Clarke del Rey Silverberg and others who along with Asimov helped shape science fiction As unique and irrepressible as the man himself I Asimov is the candid memoir of an incomparable talent who entertained readers for nearly half a century and whose work will surely endure into the future he so vividly envisioned **Dictionary of Contemporary Mythology** William Harwood,2017-03-10

Hold it Sit Stay That s better No I am not suggesting that you go to the New York Times and tell them I have a book written by the devil Only he s not really the devil He s an extra terrestrial And he s not evil He s God s good brother It s God who is evil Do you think I came to you to have you put in a funny farm You re to publish my manuscript under your own name as science fiction Isn t science fiction the only format under which any sane moral philosophy could be published for the past fifty years You agree I am so glad I have to go now The Overlords are waiting to take me home **Luna Monthly** ,1974

Every Man's Battle Stephen Arterburn,Fred Stoeker,2004-01-20 the challenge every man faces the fight every man can win From the television to the Internet print media to videos men are constantly faced with the assault of sensual images It is impossible to avoid such temptations but thankfully not impossible to rise above them Shattering the perception that men are unable to control their thought lives and roving eyes Every Man s Battle shares the stories of dozens who have escaped the trap of sexual immorality and presents a practical detailed plan for any man who desires sexual purity perfect for men who have fallen in the past those who want to remain strong today and all who want to overcome temptation in the future Includes a special section for women designed to help them understand and support the men they love **From**

Hyperspace to Hypertext Christopher Leslie,2023-09-25 This book illuminates how science fiction studies can support diversity equity and inclusion in science and engineering Shortly before science fiction got its name a new paradigm connected whiteness and masculinity to the advancement of civilization In order to show how science fiction authors supported the social construction of these gender and racial norms and also challenged them this study analyzes the impact

of three major editors and the authors in their orbits Hugo Gernsback John W Campbell Jr and Judith Merril Supported by a fresh look at archival sources and the author s experience teaching Science and Technology Studies at universities on three continents this study demonstrates the interconnections among discourses of imperialism masculinity and innovation Readers gain insights into fighting prejudice the importance of the community of authors and readers and ideas about how to challenge racism sexism and xenophobia in new creative work This stimulating book demonstrates how education in science technology engineering and mathematics STEM can be enhanced by adding the liberal arts such as historical and literary studies to create STEAM

The Unrelieved Paradox Martin E. Marty, Jerald C. Brauer, 2012-12-06 Franz Bibfeldt s famously flexible theology comes to life for a new generation of readers in this revised and expanded edition of The Unrelieved Paradox which besides completely reproducing the original 1994 volume contains these noteworthy added features A new preface by Martin Marty Not a classic he says Previously unpublished essays by William Schweiker Jean Luc Marion James T Robinson and Arthur Callahan Much more recent toasts to Bibfeldt by Ian Gerdon and Emanuelle Burton New artwork by David Morgan

Visiting Mrs. Nabokov Martin Amis, 2011-01-26 A tantalizing collection of classic essays from one of the most gifted writers of his generation The brainy sarcastic tender intelligence at the center of these pieces can make you laugh out loud they can also move you to tears People Martin Amis brings the same megawatt wit wickedly acute perception and ebullient wordplay that characterize his novels He encompasses the full range of contemporary politics and culture high and low while also traveling to China for soccer with Elton John and to London s darts crazy pubs in search of the perfect throw Throughout he offers razor sharp takes on such subjects as American politics If history is a nightmare from which we are trying to awake then the Reagan era can be seen as an eight year blackout Numb pale unhealthily dreamless eight years of Do Not Disturb Chess Nowhere in sport perhaps in human activity is the gap between the tryer and the expert so astronomical My chances of a chess brilliancy are the chances of a lab chimp and a type writer producing King Lear His fascination with the observable world is utterly promiscuous he will address a cathedral and a toilet seat with the same peeled eyeball intensity John Updike

Again, Dangerous Visions Harlan Ellison, 2024-06-04 A follow up to the original groundbreaking collection Again Dangerous Visions features forty six short stories from giants of the science fiction genre Grand Master of the Science Fiction Writers of America and winner of countless awards including the Hugo Nebula Edgar Allan Poe and Bram Stoker Harlan Ellison proved once more that he was both unpredictable and irrepressible in this second collection of innovative science fiction Again Dangerous Visions the middle installment in a planned three anthology series includes award winning stories from incomparable writers such as Ursula K Le Guin Gene Wolfe Ray Bradbury Kurt Vonnegut Piers Anthony Dean Koontz and James Tiptree among many others Unprecedented and electrifying Again Dangerous Visions cemented Harlan Ellison s legacy as the ultimate sci fi anthologist

It's Been a Good Life Isaac Asimov, 2009-09-25 This new one volume autobiography spans Asimov s life for

the first time condensed from three volumes by the author's wife who also shares excerpts from letters he wrote to her. Although she concludes this work with a shocking revelation about her husband's death, the volume is clearly intended to be a celebration of a wonderful creative life. Illustrations: National ads.

Conversations with Isaac Asimov Isaac Asimov, 2005. Collected interviews with the popular and influential author, considered to be one of the founding fathers of modern science fiction.

Sexuality in the Later Years Ruth B. Weg, 2013-09-24. Sexuality in the Later Years: Roles and Behavior pulls together evidence from the anthropological, psychological, social, and physiological disciplines and represents an effort to present a coherent picture of sexual roles and behavior in the later years. This work does not pretend to answer all questions that could be raised concerning sexuality and aging but attempts rather to concentrate on issues that have been relatively neglected: primarily options, potentials, and possibilities for the individualization and humanization of sex roles and sexual behavior of older persons. The book is organized into five parts. Part I examines concepts of sexuality in the later years, including cultural attitudes and behaviors, towards sexuality, psychological and sociological perspectives, and a life span model of sex role development. Part II on life styles deals with the impact of aging on the sexuality of those who are unmarried in later life, the relationship between interpersonal intimacy and adaptation to stress throughout adult life, and the range of sexual orientations in the later years, along with their incidence, their contributions to social adaptation, and the particular constraints surrounding them. Part III discusses issues in research and therapy, while Part IV considers views of sexuality and aging in other countries, namely Canada and Sweden. Part V inquires into the problems associated with transitions in the later part of the life cycle of love.

Fritz Perls Petruska Clarkson, Jennifer Mackewn, 1993-04-20. A well researched, clearly written book. Petruska Clarkson and Jennifer Mackewn did a splendid job organizing the theoretical material. Their judicious use of graphics enhances their discussions. The chapter on Perls' contributions to practice is nicely peppered by samples of his actual therapy work, and this is true for other chapters. This, I imagine, is how Fritz would have liked it to let his work speak for itself. Petruska Clarkson and Jennifer Mackewn have carefully crafted and produced a powerfully informative book. Its pages are crammed with up-to-date facts and issues relating to Perls. The work is lean; not one word is wasted.

Congratulations, British Gestalt Journal. Fritz Perls was the co-founder of Gestalt Therapy, which is based on a holistic view of people and their relationship to the environment and which remains one of the most influential approaches in counselling and psychotherapy today. This book provides a clear account of the diverse life of this popular but controversial psychotherapist and discusses his ideas simply and lucidly. The book includes examples of Perls' work drawn from transcripts and films of his demonstration sessions. A further feature is a full acknowledgement of the criticisms and appreciations which Perls' life and work have attracted, and an honest evaluation of whether and to what extent they are justified.
