**International Security and the Olympic Games, 1972-2020** Austin Duckworth, 2022-08-24 Drawing on new archival documents and interviews this book demonstrates the evolving role of international politics in Olympic security planning Olympic security concerns changed forever following the terrorist attack on Israeli athletes at the 1972 Munich Olympic Games The International Olympic Committee's IOC choice to ignore security after the attack in Munich left individual Olympic Games Organizing Committees to organize fund and provide security for the major international event Future Olympic hosts planned security amidst increasing numbers of international terrorist attacks and with the Cold War in full swing For some Olympic hosts Olympic security now represented their nation's largest ever military operations By the time the IOC made security more of a priority in the early 1980s the trends in Olympic security were set for the future

Unwanted Visionaries Sergey Radchenko, 2014-01-07 Mikhail Gorbachev's relations with the West have captured the imagination of contemporaries and historians alike but his vision of Soviet leadership in Asia has received far less attention The failure of Gorbachev's Asian initiatives has had dramatic consequences by the late 1980s the Soviet Union was in full retreat from Asia and since the Soviet collapse Russia has been left on the sidelines of the Pacific century In this exceptionally wide ranging and deeply researched book Sergey Radchenko offers an illuminating account of the end of the Cold War in the East tracing the death of Soviet ambitions in Asia Radchenko shows that Gorbachev began with big gestures of which the most important was his initiative in Vladivostok in July 1986 the opening salvo of the Soviet charm offensive in Asia Pacific The problem Radchenko points out was that no one in Asia bought into Gorbachev's vision If the Soviets had realized earlier that they needed Asia more than Asia needed them they might have played a much more important role there Instead China was largely misunderstood early gains in India were squandered Japan was ignored or condescended to and the Korean scenario played out in ways most unfavorable to Russia Radchenko captures all of this in his compelling narrative shedding important new light on many key players including Gorbachev Deng Xiaoping Margaret Thatcher Boris Yeltsin and George H W Bush among others Based on archival research in Russia China Mongolia India the United States Britain and numerous European countries and on interviews with former policy makers in a dozen countries Unwanted Visionaries presents a deftly narrated and penetrating portrait of the Soviet failure in the East with a wealth of valuable insight into Asia today

**An Athletics Compendium**, 2001 The genesis for this book was a 1969 compilation in which Peter Lovesey and Tom McNab described all books on track and field to date Both authors have had a lifetime interest and involvement in athletics and the present work builds on that knowledge and expertise to give the reader a definitive guide to the UK literature of track and field This super bibliography includes an extensive introductory overview of the literature by Tom McNab as well as annotations contributed by all three compilers The compendium covers the history theory and practice and personalities of athletics as well as special chapters on athletics in literature and the visual arts
