Farrington, 1998-01-27 Detailed and comprehensive this volume presents authoritative discussions by leading scholars on issues surrounding serious and violent juvenile offenders. This population is responsible for a disproportionate percentage of all crime and poses the greatest challenge to juvenile justice policymakers. This volume integrates knowledge about risk and protective prevention programs so that conclusions from each area can inform the other.

Serious & Violent Juvenile Offenders, 1999 Using an integrative approach this detailed and comprehensive treatment of key issues related to serious and violent juvenile offenders focuses on topics such as race and ethnicity, youth gangs, and prevention and intervention programmes.

Serious and Violent Juvenile Offenders United States. Office of Juvenile Justice and Delinquency Prevention, 1998

Less Hype, More Help Richard A. Mendel, 2000 Details the wealth of new knowledge about the causes and cures for delinquency and youth violence that has been generated by researchers and practitioners over the past 2 decades, including powerful new models that are dramatically reducing recidivism by youthful offenders and the onset of delinquency by high risk youth. Examines 2 popular notions that youth crime is growing worse due to a generation of juvenile superpredators and that adult time for adult crime should be the basis for juvenile crime policy. Looks in detail at our nation's juvenile justice systems and our varied efforts to prevent delinquency and violence. Includes recommendations.

Serious and Violent Juvenile Offenders, 1998 Examines a broad range of prevention and intervention programmes from those that focus on early childhood to those focusing on late adolescence.

A Handbook for Evidence-Based Juvenile Justice Systems James C. Howell, Mark W. Lipsey, John J. Wilson, Megan Q. Howell, Nancy J. Hodges, 2019-09-18 This revised edition features updated research, new developments in technology, and recent policy on juvenile delinquency and youth violence. The authors underscore the enormous payoff in targeting potential serious, violent, and chronic juvenile offenders at the earliest opportunity and provide a framework for evidence-informed state juvenile justice systems: the Comprehensive Strategy for Serious, Violent, and Chronic Juvenile Offenders. This strategy recognizes first that a relatively small proportion of those who enter the juvenile justice system will prove to be serious, violent, or chronic offenders, but that group accounts for a large proportion of overall delinquency. Second, this strategy builds

on the fact that serious violent or chronic delinquency emerges along developmental pathways allowing earlier identification of juveniles most at risk for later serious offending A third component of this approach is effective intervention capable of reducing the recidivism of those juveniles most at risk for further delinquency This framework emphasizes an evidence based approach to reducing the recidivism of those juveniles most likely to reoffend from intake onward to probation community programs confinement and reentry

Preventing and Reducing Juvenile Delinquency James C. Howell,2003-02-24 This book aims to inform students about the latest research and the most promising and effective programs and for understanding preventing and controlling juvenile delinquency The book is geared to preparing students for a career in juvenile justice or related social service systems and becoming research or program development specialists The history of current juvenile justice system policies and practices are examined including the juvenile violence epidemic Key myths about juvenile violence and the ability of the juvenile justice system to handle modern day juvenile delinquents are critically examined Developmental theories of juvenile delinquency are applied to understanding how juvenile offender careers evolve Effective prevention and rehabilitation programs and what does not work are reviewed A comprehensive framework for building a continuum of effective programs is presented in Part III
