Half a thousand years ago by a cult of the Serpent Queen, Shambala, the Sanctuary of Serpents was once a place of great wealth and technological wonder. It was later abandoned for most of the cult is searching ground for earth magic, who needed on the rolling hills of the southern and the capital.

The temple shambala kidnapped people from the nearby settlements, bringing them through the jungle and making sure that the name Shambala was not only known but feared. The cultists did as they pleased until a group of heroes from the village of the Indian jungle, aided by a powerful spirit, seized the sanctuary, destroying it and ending the cult once and for all as in their all thought.

Over the next thousand years, the story was forgotten, as most stories are, and the forgotten ruins were left alone, as the jungle was its home. No one knew, however, that the huge serpent had returned the treasure and been kept in a cult of death. Cultists shall rise again, through the power of Shambala, and it was long to wait for its return to come back to power.

Göbekli Tepe and the Forgotten Genesis of Civilization LEARN ALCHEMICAL, 2025-09-11 Buried beneath a quiet hill in southeastern Anatolia lay the secret that would rewrite human history For millennia shepherds grazed their flocks across Göbekli Tepe Potbelly Hill unaware that beneath the soil slept the world's oldest temple When archaeologists uncovered its towering T-shaped pillars in the 1990s carved with foxes vultures and serpents they revealed a monument that should not exist a 12 000 year old sanctuary built long before farming cities or kings Göbekli Tepe shatters the story we thought we knew Here belief came before bread Monumental stone circles rose centuries before villages suggesting that ritual and imagination not mere survival drove humanity's first steps toward civilization Even stranger after building these sanctuaries the ancient people who raised them buried them deliberately sealing their mysteries in silence for ten thousand years This book is both journey and revelation It takes you from the windswept limestone ridges of Anatolia to the cosmic imagination of our earliest ancestors Along the way you'll encounter the haunting symbols carved in stone the feasts that bound clans together and the profound question that Göbekli Tepe still poses why did humanity choose to carve eternity from rock before it ever planted its first seeds With lyrical storytelling and gripping detail this work invites you into the oldest mystery of all the forgotten genesis of civilization Göbekli Tepe is not simply archaeology It is a question carved into stone waiting for us to listen
