Reflexive Ethnography Charlotte Aull Davies, 2012-08-06 Reflexive Ethnography is a unique guide to ethnographic research for students of anthropology and related disciplines. It provides practical and comprehensive guidance to ethnographic research methods but also encourages students to develop a critical understanding of the philosophical basis of ethnographic authority. Davies examines why reflexivity at both personal and broader cultural levels should be integrated into ethnographic research and discusses how this can be accomplished for a variety of research methods. This revised and updated second edition includes a new chapter on internet-based research and interethnography, chapters on selection of topics and methods, data collection and analysis, and ethics and politics of research. Practical advice on writing up ethnographic study, new and updated research examples. Postmodernist relativism can lead to an over-emphasis on reflexivity that denies the possibility of social research. Reflexive Ethnography utilizes postmodernist insights, incorporation of different standpoints, exposure of the intellectual tyranny of meta-narratives, but proposes that reflexive ethnographic research be undertaken from a realist perspective. Reflexive Ethnography will help students to use and understand ethnographic research practices that fully incorporate reflexivity without abandoning claims to develop valid knowledge of social reality.

Dharma Matters Jan Willis, 2020-04-21 A powerful collection of essays on race and gender in contemporary Buddhist practice by one of the leading thinkers in the area. Jan Willis was among the first Westerners to encounter exiled Tibetan teachers abroad in the late sixties, instantly finding her spiritual and academic home. TIME Magazine named her one of six spiritual innovators for the new millennium, both for her considerable academic accomplishments and for her cultural relevance. Her writing engages head-on with issues current to Buddhist practitioners in America, including dual faith practitioners and those from marginalized groups. This collection of eighteen scholarly and popular essays spans a lifetime of reflection and teaching by Willis. Grouped in four sections: Women and Buddhism, Buddhism and Race, Tantric Buddhism, and Saints' Lives and Buddhist-Christian Reflections, the essays provide timeless wisdom for all who are interested in contemporary Buddhism and its interface with ancient tradition. This collection of essays by Jan Willis, penned over thirty years of study, teaching, and practice, is destined to become an authoritative resource in Buddhist scholarship and thought. Willis challenges many of our preconceptions but asks no more and no less than what the Buddha asked: come see and experience for yourselves.
