Rasa Theory in Shakespearian Tragedies Swapna Koshy,2020-11-25 This book adds a unique eastern perspective to the ever growing corpus of Shakespeare criticism The ancient Sanskrit theory of Rasa the aesthete s emotional response to performing arts is explicated in detail and applied to Shakespeare s tragic masterpieces Bharata who wrote about Rasa in the *Natyasastra* developed detailed guidelines for the communication of emotion from author to actor and then to the audience culminating in a sublime aesthetic experience Though chronologically Bharata is as ancient as Aristotle thematically his ideas are as relevant today as Aristotle s is and often echo those of the Greek master This cross cultural study on the communication of emotions in art establishes that emotions are universal and their communication follows similar patterns in all climes The Rasa theory is today applied to modern media like film and has found a place among audience centric communication theories This volume extends the East West dialogue in aesthetic theory by identifying parallels and points of deviation and delights both aesthete and critic alike

The Routledge Handbook of Shakespeare and Memory Andrew Hiscock,Lina Perkins Wilder,2017-08-09 The Routledge Handbook of Shakespeare and Memory introduces this vibrant field of study to students and scholars whilst defining and extending critical debates in the area The book begins with a series of Critical Introductions offering an overview of memory in particular areas of Shakespeare such as theatre print culture visual arts post colonial adaptation and new media These essays both introduce the topic but also explore specific areas such as the way in which Shakespeare s representation in the visual arts created a national and then a global poet The entries then

develop into more specific studies of the genre of Shakespeare with sections on Tragedy History Comedy and Poetry which include insightful readings of specific key plays The book ends with a state of the art review of the area charting major contributions to the debate and illuminating areas for further study The international range of contributors explore the nature of memory in religious political emotional and economic terms which are not only relevant to Shakespearean times but to the way we think and read now
