## **Shakespeare's Critics From Jonson To Auden:**

**Shakespeare's Critics; from Jonson to Auden** Arthur M. Eastman, George Bagshawe Harrison, 1964 In *Shakespeare's Critics* A M Eastman and G B Harrison bring together Shakespearean criticism of 120 poets and writers from across more than three and a half centuries They discuss every aspect of Shakespeare's art his style wit characterization adaptability to the modern stage even the decency of his language The variety diversion and contradiction of their points of view as well as their different approaches heighten our enjoyment and appreciation of his art This Baedeker of Shakespearean criticism stresses both general and specific problems of interpretation and demonstrates that for Shakespeare there is no single agreed upon truth The plays from *As You Like It* to *The Winter's Tale* are discussed and analyzed giving us a total picture of Shakespeare's art that is concise and comprehensive The result is a unique compendium of the shifting tides of taste during the past 370 years

**Shakespeare's Critics from Jonson to Auden** Arthur M. Eastman, George Bagshawe Harrison, 1969 *Shakespeare's Critics. From Jonson to Auden: a Medley of Judgments. Edited by A.M. Eastman and G.B. Harrison* A. M. EASTMAN (and HARRISON (George Bagshawe)), 1964 *Disseminating Shakespeare in the Nordic Countries* Nely Keinänen, Per Sivefors, 2022-01-27 Charting the early dissemination of Shakespeare in the Nordic countries in the 19th century this opens up an area of global Shakespeare studies that has received little attention to date With case studies exploring the earliest translations of *Hamlet* into Danish the first translation of *Macbeth* and the differing translations of *Hamlet* into Swedish adaptations into Finnish Kierkegaard's reworking of *King Lear* and the reception of the African American actor Ira Aldridge's performances in Stockholm as *Othello* and *Shylock* it will appeal to all those interested in the reception of Shakespeare and its relationship to the political and social conditions The volume intervenes in the current discussion of global Shakespeare and more recent concepts like rhizome which challenge the notion of an Anglocentric model of centre versus periphery It offers a new assessment of these notions revealing how the dissemination of Shakespeare is determined by a series of local and frequently interlocking centres and peripheries such as the Finnish relation to Russia or the Norwegian relation with Sweden rather than a matter of influence from the English Cultural Sphere

Substance Redemption and Shakespeare's Poetics      *Shakespeare the Man* R. W. Desai, 2014-03-13 While over the past four hundred years numerous opinions have been voiced as to Shakespeare's identity these eleven essays widen the scope of the investigation by regarding Shakespeare his world and his works in their interaction with one another Instead of restricting the search for bits and pieces of evidence from his works that seem to match what he may have experienced these essays focus on the contemporary milieu political developments social and theater history and cultural and religious pressures as well as the domestic conditions within Shakespeare's family that shaped his personality and are featured in his works The authors of these essays employing the tenets of critical theory and practice as well as intuitive and informed insight endeavor to look behind the masks thus challenging the reader to adjudicate among the possible the probable the likely and the unlikely With the exception of the editor's own piece on Hamlet *Shakespeare the Man* New Decipherings presents previously unpublished essays inviting the reader to embark upon an intellectual adventure into the fascinating terrain of Shakespeare's mind and art      **Study Guide to Coriolanus by William Shakespeare** Intelligent Education, 2020-03-27 A comprehensive study guide offering in depth explanation essay and test prep for William Shakespeare's Coriolanus one of Shakespeare's last two tragedies As an unusual and intense intellectual drama Shakespeare employs single narrative line and striking images but the most effective moments in the play are developed through understated silence Moreover he implements late lean and compact style in which images are used for their intellectual and thematic importance rather than their emotional content This Bright Notes Study Guide explores the context and history of Shakespeare's classic work helping students to thoroughly explore the reasons it has stood the literary test of time Each Bright Notes Study Guide contains Introductions to the Author and the Work Character Summaries Plot Guides Section and Chapter Overviews Test Essay and Study Q As The Bright Notes Study Guide series offers an in depth tour of more than 275 classic works of literature exploring characters critical commentary historical background plots and themes This set of study guides encourages readers to dig deeper in their understanding by including essay questions and answers as well as topics for further research      Philosophy and the Puzzles of Hamlet Leon Harold Craig, 2014-07-31 Shakespeare's famous play Hamlet has been the subject of more scholarly analysis and criticism than any other work of literature in human history For all of its generally acknowledged virtues however it has also been treated as problematic in a raft of ways In *Philosophy and the Puzzles of Hamlet* Leon Craig explains that the most oft cited problems and criticisms are actually solvable puzzles Through a close reading of the philosophical problems presented in Hamlet Craig attempts to provide solutions to these puzzles The posing of puzzles some more conspicuous others less so is fundamental to Shakespeare's philosophical method and purpose That is he has crafted his plays and Hamlet in particular so as to stimulate philosophical activity in the judicious as distinct from the unskillful readers By virtue of showing what so many critics treat as faults or flaws are actually intended to be interpretive challenges Craig aims to raise appreciation for the overall coherence of Hamlet that there is more logical rigor to its plot and psychological plausibility to its

characterizations than is generally granted even by its professed admirers Philosophy and the Puzzles of Hamlet endeavors to make clear why Hamlet as a work of reason is far better than is generally recognized and proves its author to be not simply the premier poet and playwright he is already universally acknowledged to be but a philosopher in his own right
