

THE PLAYS  
OF  
SHAKESPEARE.

# Shakespeares Players

**Sean Benson**

## **Shakespeares Players:**

Players of Shakespeare 1 Philip Brockbank, 1988-07-28 Twelve actors describe their preparation for and performance of a Shakespearean role with the Royal Shakespeare Company The result is an account of the instability of the actor's art as well as of his professional discipline      **Shakespeare the Actor and the Purposes of Playing** Meredith Anne Skura, 1993 For the Renaissance all the world may have been a stage and all its people players but Shakespeare was also an actor on the literal stage Meredith Anne Skura asks what it meant to be an actor in Shakespeare's England and shows why a knowledge of actual theatrical practices is essential for understanding both Shakespeare's plays and the theatricality of everyday life in early modern England Despite the obvious differences between our theater and Shakespeare's sixteenth century testimony suggests that the experience of acting has not changed much over the centuries Beginning with a psychoanalytically informed account of acting today Skura shows how this intense and ambivalent experience appears not only in literal references to acting in Shakespearean drama but also in recurring narrative concerns details of language and dramatic strategies used to engage the audience Looking at the plays in the context of both public and private worlds outside the theater Skura rereads the canon to identify new configurations in the plays and new ways of understanding theatrical self consciousness in Renaissance England Rich in theatrical psychoanalytic biographical and historical insight this book will be invaluable to students of Shakespeare and instructive to all readers interested in the dynamics of performance      Playing Companies and Commerce in Shakespeare's Time Roslyn Lander Knutson, 2001-07-26 Playing Companies and Commerce in Shakespeare's Time first published in 2011 examines the nature of commercial relations among the theatre companies in London during the time of Shakespeare Roslyn Knutson argues that the playing companies cooperated in the adoption of business practices that would enable the theatrical enterprise to flourish Suggesting the guild as a model of economic cooperation Knutson considers the networks of fellowship among players the marketing strategies of the repertory and company relationships with playwrights and members of the book trade The book challenges two entrenched views about theatrical commerce that companies engaged in cut throat rivalry to drive one another out of business and that companies based business decisions on the personal and professional quarrels of the players and dramatists with whom they worked This important contribution to theatre history will be of interest to scholars as well as historians      **Shakespeare's Players** Judith Cook, 1983      Players of Shakespeare 3 Russell Jackson, Robert Smallwood, 1993 Thirteen actors describe the Shakespearean roles they played with the Royal Shakespeare Company between 1987 and 1991 The anthology includes the Company's highly successful adaptation of the Henry VI plays retitled The Plantagenets      Players of Shakespeare 2 Russell Jackson, Robert Smallwood, 1989-10-12 This is the second volume of essays by actors with the Royal Shakespeare Company Fourteen actors describe the Shakespearean roles they played in productions between 1982 and 1987 The contributors are Roger Allam Frances Barber Kenneth Branagh Niamh Cusack Ben Kingsley Ian McDiarmid Daniel Massey Edward

Petherbridge Alan Rickman Fiona Shaw Antony Sher Juliet Stevenson David Suchet and Zoe Wanamaker Each gives a unique insight into the preparation and performance of a major Shakespearean role and how a character is created through responding to Shakespeare's text within the context of a particular director's conception and the environment established by the designer A brief biographical note is provided for each of the contributors and an introduction places the essays in the context of the Stratford and London stages and of the music and design for the particular productions **The Profession of Player in Shakespeare's Time, 1590-1642** Gerald Eades Bentley, 2014-07-14 This book is a comprehensive study of the customary practices of English players of the period how they lived and worked and were paid organized and cast for parts in the phenomenally popular theaters of England Gerald Bentley discusses sharers hired men boy apprentices musicians touring groups and managers showing that players in general led difficult but seriously professional lives Originally published in 1984 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **Marxist Shakespeares** Jean E. Howard, Scott Cutler Shershow, 2013-01-11 Marxist Shakespeares uses the rich analytic resources of the Marxist tradition to look at Shakespeare's plays afresh The book offers new insights into the historical conditions within which Shakespeare's representations of class and gender emerged and into Shakespeare's role in the global culture industry stretching from Hollywood to the Globe Theatre A vital resource for students of Shakespeare which includes Marx's own readings of Shakespeare Derrida on Marx and also Bourdieu Bataille Negri and Alice Clark *Shakespeare the Player* Alexander Cargill, 1916 *Shakespeare's Players* Wendy Greenhill, Paul Wignall, 1996 Offers insights into key plays Shakespearean theatre players and actors Suitable for Key Stage 3 English work **Shakespeare for Community Players** Roy Mitchell, 1919 *Shakespeare's Military Language* Charles Edelman, 2004-01-01 Shakespeare's Military Language A Dictionary is a comprehensive reference guide to Shakespeare's use of military language customs and ideas More than just a book of definitions an A Z of nearly 300 entries provides a comprehensive account of Shakespeare's portrayal of military life tactics and technology and explores how the plays comment upon military incidents and personalities of the Elizabethan era and how warfare was presented on the Elizabethan stage Warfare is everywhere in Shakespeare and the military action in many of Shakespeare's plays and the military imagery in all his plays and poems show that he possessed an extraordinarily detailed knowledge of warfare both ancient and modern Shakespeare's Military Language is an ideal guide to Shakespeare's military references for students of Shakespeare at every level *Heterodox Shakespeare* Sean Benson, 2017-02-09 The last quarter century has seen a turn to religion in Shakespeare studies as well as competing assertions by secular critics that Shakespeare's plays reflect profound

skepticism and even dismissal of the truth claims of revealed religion This divide though real obscures the fact that Shakespeare often embeds both readings within the same play This book is the first to propose an accommodation between religious and secular readings of the plays Benson argues that Shakespeare was neither a mere debunker of religious orthodoxies nor their unquestioning champion Religious inquiry in his plays is capacious enough to explore religious orthodoxy and unorthodoxy everything from radical belief and the need to tolerate religious dissent to the possibility of God's nonexistence Shakespeare's willingness to explore all aspects of religious and secular life often simultaneously is a mark of his tremendous intellectual range Taking the heterodox as his focus Benson examines five figures and ideas on the margins of the post Reformation English church nonconforming puritans such as Malvolio as well as physical revenants the walking dead whom Shakespeare alludes to and features so tantalizingly in Hamlet Benson applies what Keats called Shakespeare's negative capability his ability to treat both sides of an issue equally and without prejudice to show that Shakespeare considers possible worlds where God is intimately involved in the lives of persons and in the very same play a world in which God may not even exist Benson demonstrates both that the range of Shakespeare's investigation of religious questions is more daring than has previously been thought and that the distinction between the sacred and the profane between the orthodox and the unorthodox is one that Shakespeare continually engages

Shakespeare Expressed Kathryn M. Moncrief, Kathryn R. McPherson, Sarah Enloe, 2013-08-29 A collection of essays originally presented on the Blackfriars stage at the American Shakespeare Center Shakespeare Expressed brings together scholars and practitioners often promoting ideas that can be translated into classroom experiences Drawing on essays presented at the Sixth Blackfriars Conference held in October 2011 the essays focus on Shakespeare in performance by including work from scholars theatrical practitioners actors directors dramaturgs designers and teachers in a format that facilitates conversations at the intersection of textual scholarship theatrical performance and pedagogy The volume's thematic sections briefly represent some of the major issues occupying scholars and practitioners how to handle staging choices how modern actors embody early modern characters how the physical and technical aspects of early modern theaters previously impacted and how they currently affect performance and how the play texts can continue to enlighten theatrical and scholarly endeavors A special essay on pedagogy that features specific classroom exercises also anchors each section in the collection The result is an eclectic stimulating and forward thinking look at the most current trends in early modern theater studies

**Shakespeare and the Culture of Paradox** Peter G. Platt, 2016-04-01 Exploring Shakespeare's intellectual interest in placing both characters and audiences in a state of uncertainty mystery and doubt this book interrogates the use of paradox in Shakespeare's plays and in performance By adopting this discourse one in which opposites can co exist and perspectives can be altered and one that asks accepted opinions beliefs and truths to be reconsidered Shakespeare used paradox to question love gender knowledge and truth from multiple perspectives Committed to situating literature within the larger culture Peter Platt begins by

examining the Renaissance culture of paradox in both the classical and Christian traditions He then looks at selected plays in terms of paradox including the geographical site of Venice in Othello and The Merchant of Venice and equity law in The Comedy of Errors Merchant and Measure for Measure Platt also considers the paradoxes of theater and live performance that were central to Shakespearean drama such as the duality of the player the boy actor and gender and the play audience relationship in the Henriad Hamlet As You Like It Twelfth Night Antony and Cleopatra The Winter's Tale and The Tempest In showing that Shakespeare's plays create and are created by a culture of paradox Platt offers an exciting and innovative investigation of Shakespeare's cognitive and affective power over his audience

### **Psychoanalytic Ideas and Shakespeare**

Maggie Mills, Inge Wise, 2018-05-08 Psychoanalysis is concerned with the vicissitudes of life loss grief mourning guilt and also with reparation and creativity with death and rebirth as is the work of Shakespeare These papers link the Bard's universe to psychoanalytic thought and practice and show us how much both worlds have in common In today's world we are moved by Shakespeare's plays whose themes are brought to life with a richness and creativity that has not dimmed with the passing of time Echoing Freud's fascination with Shakespeare Michael Conran Peter Hildebrand Gerald Wooster and Peter Buckroyd find much to feast on in King Lear Twelfth Night All's Well That Ends Well The Tempest Macbeth and The Winter's Tale The interplay of inner and outer world inner and outer reality brings about a rich tapestry of conflicts desires anxieties challenges and resolutions that were as true then as they are now

Acting from Shakespeare's First Folio Don Weingust, 2006-09-27

Original Shakespearean theatrical architecture texts and performance methodologies have become subjects of great popular professional and academic theatrical interest Acting from Shakespeare's First Folio Theory Text Performance examines a
