

# Shalom And Combat

**Robert Egnell, Mayesha Alam**

## Shalom And Combat:

*Shalom and Combat* Albert H. van den Heuvel, Albert van den Heuvel, 1979      *Shalom and Combat* Albert Van den Heuvel, 1977      *Release a Man for Combat* Michaela Hampf, 2010 Die etwa 150 000 Frauen die im Zweiten Weltkrieg im Women s Army Corps Dienst taten waren die ersten regulären Soldatinnen der US Armee Um männliche Soldaten für den Kampf freizusetzen arbeiteten sie auch in traditionellen Männerbereichen etwa als Mechanikerinnen oder Pilotinnen in den USA Afrika Europa und Südostasien Die Autorin geht den Erfahrungen dieser Frauen nach den militärischen und zivilen Diskursen über Soldatinnen im Militär und dem Umgang der Armee mit soldatischer Weiblichkeit und weiblicher Sexualität Anhand von Regierungsdokumenten Kriegsgerichtsprozessen aber auch Selbstzeugnissen Gedichten und Songs zeigt M Michaela Hampf wie umkämpft die Konstruktion der Soldatin im Amerika der vierziger Jahre war und bis heute ist      **Old Conflict, New War** U. Ben-Eliezer, 2012-08-08 The book provides a comprehensive sociological and cultural explanation of Israel s politics toward the Palestinians covering the period of the Oslo Accords and the Second Intifada and focusing on the concept of a new war that is an outgrowth of internal relations within Israel itself and the diversionary politics of its leadership      *The Oxford Handbook of Military Psychology* Janice H. Laurence, Michael D. Matthews, 2012-02-24 The critical link between psychology and the military is important to recruiting training socializing assigning employing deploying motivating rewarding maintaining managing integrating retaining transitioning supporting counseling and healing military members These areas are hardly distinct and the chapters in *The Oxford Handbook of Military Psychology* have contents that cross these boundaries Collectively the topics covered in this volume describe the myriad ways in which modern psychology influences warfare and vice versa The extensive topics included come from within the areas of clinical industrial organizational experimental engineering and social psychology The contributors are top international experts in military psychology some uniformed soldiers others academics and clinicians and others civilian employees of the military or other government agencies They address important areas in which the science and practice of psychology supports military personnel in their varied and complex missions Among the topics addressed here are suitability for service leadership decision making training terrorism socio cultural competencies diversity and cohesion morale quality of life ethical challenges and mental health and fitness The focus is the ways in which psychology promotes the decisive human dimension of military effectiveness Collectively the 25 topical chapters of this handbook provide an overview of modern military psychology and its tremendous influence on the military and society as a whole      *Anti-Aircraft Artillery in Combat, 1950-1972* Mandeep Singh, 2020-04-30 Anti aircraft artillery was extensively used in combat in the First World War though such weapons had made their debut in the Franco Prussian War in 1870 when the besieged French used balloons for observation and communication and the Prussians used the first custom built 1 pounder gun to try and shoot them down It was however not until the Second World War that anti aircraft artillery came into prominence shooting down more aircraft

than any other weapon and seriously degrading the conduct of air operations In the battle between the attackers and anti aircraft artillery the latter had the upper hand when the war ended The post war years saw a decline in anti aircraft artillery as peace prevailed and the advent of the jet aircraft seemed to tilt the balance in favour of the aircraft as they flew faster and higher seemingly beyond the reach of anti aircraft artillery It would take all the hi tech equipment and the guile and cunning that anti aircraft artillery could muster to try and reclaim pole position It is that story of the tug of war between the aircraft and artillery that forms the narrative of this book as it traces the history of combat employment of anti aircraft artillery from the Korean War in effect the first Jet Age war to the War of Attrition between Arab states and Israel when the missiles came of age sending the aircraft scurrying for cover Anti Aircraft Artillery in Combat 1950-1972 is the first attempt to look at the combat performance of ground based air defences incorporating the views analyses and experiences of Soviet Arab and South Asian Armies The book looks at the major wars between 1950 and 1972 including the Korean War Vietnam War the wars in South Asia in 1965 and 1971 and conflicts in the Middle East such as the Six Day War Civil-Military Relations in Israel Aharon Kampinsky, Elisheva Rosman-Stollman, 2014-08-14 This book a collection of essays in honor of Stuart Cohen examines a variety of issues in civil military relations CMR in Israel and abroad Beyond honoring Cohen's work this collection makes a substantial contribution to the field for a number of reasons First it brings together prominent scholars from different disciplines in the field from both Israel and abroad sketching its boundaries The chapters in the collection deal with a variety of issues theoretical and empirical including topics that are usually neglected in English works such as the control the military in Israel has on building construction permits in the civilian sector and the relations between the security establishment and the judicial system Other chapters offer new theoretical perspectives such as the context within which Israeli CMR should be examined and a more general look at the focus of CMR Second it gives non Hebrew speaking scholars and laypersons alike a better idea of what the main issues in the field of civil military relations in Israel are today This book will allow university professors and laypersons to access quality scholarship while still offering a broad spectrum of topics

**Political and Military Sociology** Neovi M. Karakatsanis, Jonathan Swarts, 2014-11-25 This volume of Political and Military Sociology focuses on the perceptions and identities of those serving in the military using survey or interview data to explore those perceptions A range of military forces are examined including those of the United States Israel Norway and Denmark The first article using survey data from Denmark compares the views of Danish soldiers to civilians The second article looks at the effects of military education upon the attitudes and values of soldiers The third article explores Israeli soldiers attitudes regarding formal military education The fourth article addresses the impact of Norwegian soldiers self identity on military performance In a different vein the survey results of the fifth article show that support for soldiers on active duty in Iraq and Afghanistan does not necessarily translate into support for veterans Military lawyers in the Israel Defense Forces are the subject of the sixth article This volume concludes with an article that argues that military service

should be offered as a legal policy alternative to incarceration

**Why We Fight** Robert C. Engen, H. Christian Breede, Allan English, 2020-12-17 For decades the Canadian Armed Forces has used the work of foreign scholars and writers in its professional military education to try to understand the human dimension of warfare why and how people are motivated to fight and how they behave once they do fight Yet the specific Canadian context experience and perspective are often lost in favour of appeals to universal truths The first major Canadian study of combat motivation in almost forty years *Why We Fight* redresses this imbalance by presenting some of the best new work on the subject Bringing together top military practitioners and scholars to discuss some of the most controversial issues of modern warfare *Why We Fight* examines the face of battle as experienced by Canadians It explores sexual violence in war professionalism organizations leadership shared intent motivation in extremis and the toxicity of the warrior culture Its chapters offer key insights on combat motivation theories the modern operating environment and the collective and individual identities of the men and women who fight for Canada Many worry that technology is leading us towards a post human age particularly in war *Why We Fight* affirms the centrality of the human being in warfare in Canada's past present and future

*Women and Gender Perspectives in the Military* Robert Egnell, Mayesha Alam, 2019-02-01 *Women and Gender Perspectives in the Military* compares the integration of women gender perspectives and the women peace and security agenda into the armed forces of eight countries plus NATO and United Nations peacekeeping operations This book brings a much needed crossnational analysis of how militaries have or have not improved gender balance what has worked and what has not and who have been the agents for change The country cases examined are Sweden the Netherlands Canada the United States the United Kingdom Israel Australia and South Africa Despite increased opportunities for women in the militaries of many countries and wider recognition of the value of including gender perspectives to enhance operational effectiveness progress has encountered roadblocks even nearly twenty years after United Nations Security Council Resolution 1325 kicked off the women peace and security agenda Robert Egnell Mayesha Alam and the contributors to this volume conclude that there is no single model for change that can be applied to every country but the comparative findings reveal many policy relevant lessons while advancing scholarship about women and gendered perspectives in the military

*The Israeli Peace Movement* Tamar S. Hermann, 2009-09-14 This book discusses the predicament of the Israeli peace movement which paradoxically following the launching of the Oslo peace process between Israel and the Palestinians in 1993 experienced a prolonged fatal decline in membership activity political significance and media visibility After presenting the regional and national background to the launching of the peace process and a short history of Israeli peace activism the book focuses on external and internal processes and interactions experienced by the peace movement after some basic postulates of its agenda were actually although never explicitly embraced by the Rabin government The book concludes that despite its organizational decline and the zero credit given to it by the policy makers in retrospect it appears that the movement contributed significantly to the integration of new ideas for possible

solutions to the Middle East conflict in the Israeli mainstream political discourse      **Frontline** Anthony King, 2015 The volume examines the experiences of professional Western combat soldiers training and operations in Iraq and seeks to explain the culture motivations and capabilities of the professional soldier in the twenty first century      Ethics as a Weapon of War James Eastwood, 2017-09-21 What role does ethics play in modern day warfare Is it possible for ethics and militarism to exist hand in hand James Eastwood examines the Israeli military and its claim to be the most moral army in the world This claim has been strongly contested by human rights bodies and international institutions in their analysis of recent military engagements in the West Bank Gaza and Lebanon Yet at the same time many in Israel believe this claim including the general public military personnel and politicians Compiled from extensive research including interviews with soldiers Eastwood unpacks the ethical pedagogy of the Israeli military as well as soldier led activism which voices a moral critique and argues that the belief in moral warfare doesn't exist separately from the growing violence of Israel's occupation This book is ideal for those interested in military ethics and Israeli politics and provides crucial in depth analysis for students and researchers alike      *Peace Movement in Israel, 1967-87* David Hall-Cathala, 1990-06-18 20 years after the Six Day War Israeli society remains deeply divided over the future of the occupied territories This book analyzes the growth of the peace movement examining the struggle of ordinary Israelis to end the occupation and stem the tides of racism and religious nationalism      Israel Lobby in the United States Handbook Volume 1 Strategic Information, Organization, Regulations, Contacts IBP, Inc., 2019-06-02 2011 Updated Reprint Updated Annually Jewish Lobby in the United States Handbook Organization Operations Performance      **The Soviet-Israeli War, 1967-1973** Isabella Ginor, Gideon Remez, 2017-08-01 Russia's forceful re entry into the Middle Eastern arena and the accentuated continuity of Soviet policy and methods of the 1960s and 70s highlight the topicality of this groundbreaking study which confirms the USSR's role in shaping Middle Eastern and global history This book covers the peak of the USSR's direct military involvement in the Egyptian Israeli conflict The head on clash between US armed Israeli forces and some 20 000 Soviet servicemen with state of the art weaponry turned the Middle East into the hottest front of the Cold War The Soviets success in this war of attrition paved the way for their planning and support of Egypt's cross canal offensive in the 1973 Yom Kippur War Ginor and Remez challenge a series of long accepted notions as to the scope timeline and character of the Soviet intervention and overturn the conventional view that détente with the US induced Moscow to restrain that a US Moscow détente led to a curtailment of Egyptian ambitions to recapture of the land it lost to Israel in 1967 Between this analytical rethink and the introduction of an entirely new genre of sources memoirs and other publications by Soviet veterans themselves The Soviet Israeli War paves the way for scholars to revisit this pivotal moment in world history      The Courage for Civil Repair Carlo Tognato, Bernadette Nadya Jaworsky, Jeffrey C. Alexander, 2020-07-04 This original scholarly collection of essays investigates the intersections of large scale international migration and solidarity building Unpacking how civil courage occurs under what forms and what sustains

it Carlo Tognato Bernadette Nadya Jaworsky and Jeffrey C Alexander bring together authors to explore a new theory of the exemplary individual or collective in the recent age of migration crises actors who stand against injuries or injustices toward migrants even when it is costly or risky in a context of hostility or indifference A resource for those interested in the triggers and safeguards of democracy and civil society and for scholars and practitioners alike this volume offers empirical case studies from the US Europe Australia and Latin America of cross group solidarity efforts *The Jewish Quarterly Review*  
 Cyrus Adler, Solomon Schechter, Abraham Aaron Neuman, Solomon Zeitlin, 1915 *The Ancient Hebrew Law of Homicide*  
 Mayer Sulzberger, 1915 On Being a Christian in the Academy Andrew Sloane, 2007-01-01 Having identified crucial flaws in both classical foundationalism and cognitive relativism Andrew Sloane expounds Wolterstorff's theory of rationality and his understanding of the devising and weighing of theories The role of control beliefs in scholarship and the place of Christian beliefs in the practice of Christian scholarship are explored The author then critically appraises Wolterstorff's view in dialogue with its rivals He presents a defensible person specific but nonrelativist criterion of theory choice and outlines an organic epistemological metaphor The book concludes by exploring the implications of these findings for theological scholarship in particular Old Testament exegesis The author suggests that Wolterstorff's notion of scholarly practice explains the practice of scholarship and is to be commended to Christian scholars as a cogent and challenging method of devising and appraising theories

## Embracing the Tune of Expression: An Psychological Symphony within **Shalom And Combat**

In a global taken by displays and the ceaseless chatter of fast conversation, the melodic splendor and psychological symphony created by the written term often disappear into the backdrop, eclipsed by the constant noise and disturbances that permeate our lives. But, nestled within the pages of **Shalom And Combat** a wonderful fictional value brimming with fresh emotions, lies an immersive symphony waiting to be embraced. Constructed by an elegant composer of language, that charming masterpiece conducts visitors on a psychological journey, well unraveling the concealed tunes and profound influence resonating within each cautiously crafted phrase. Within the depths of the moving analysis, we can discover the book is central harmonies, analyze their enthralling writing style, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.
