Shaman Psalm:

Shaman Psalm James Broughton, 1984 *The Psalms* Samuel L. Terrien, 2003 In this monumental work his most ambitious undertaking the late Samuel Terrien brings together a lifetime of scholarship on Psalms long the wellspring of Jewish spirituality as well as the main hymnal of the Christian church The book's insightful and clearly written introduction treats such subjects as the longevity and ecumenicity of the psalms their Near Eastern background the Hebrew text and ancient versions their music their strophic structure their literary genre their theology and their relation to the New Testament In the commentary itself Terrien freshly elucidates the theological significance of these collected poems by putting readers in touch with the formal versatility and religious passion of the psalmists themselves While Terrien always engages in scientific exegesis before drawing theological conclusions he is careful to allow full expression to the theological and especially the doxological voice of these unmatched spiritual songs The result is a commentary that provides a link between the archaic language of Psalms and the intellectual demands of modern thinking and spirituality Throughout his exposition Terrien shows great respect for the scribal testimony of the Jewish tradition especially the consonants of the Masoretic text He likewise displays great care in finding the most accurate meaning for Hebrew words of obscure origin This meticulous work renders a translation of Psalms more reliable than those of Terrien's predecessors He also draws on many fruitful gains of structural analysis in discerning the strophic divisions within the Hebrew text Often he finds unity of composition where earlier critics denied it And for readers interested in specific aspects of translation and interpretation Terrien has appended bibliographical lists of modern works on each psalm *The Exploding Eye* Wheeler Winston Dixon, 1997-10-30 *The Exploding Eye* explores the work of lesser known American experimental filmmakers whose work has been excluded from the dominant film canon Although the works of such artists as Michael Snow Stan Brakhage Bruce Conner Robert Nelson and Maya Deren are well known to the contemporary scholar of independent cinema there is an entire body of work created in the American experimental cinema that has been overlooked work of considerable beauty and influence that was enthusiastically received when first released and that is still available for viewing today awaiting long overdue rediscovery Featuring more than seventy rare stills and complete information on the films and filmmakers covered *The Exploding Eye* offers a fresh vision of American experimental film for critics scholars and the general reader

Shamanic Christianity Bradford Keeney, 2006-03-13 A guide to reconnecting with Jesus Mary and the saints as shamanic teachers of divine mysteries Contains meditations contemplations parables and active ritual tasks that help bring forth a shamanic understanding and practice of Christianity Shows shamanic experience to be the root of mystical communion When the missionaries came to North America to save the American Indians they were perplexed to discover that while they talked about Jesus some of the Indians claimed to talk directly with him Among Christians there is almost complete silence on the subject of the place of shamanism in experiencing the divine yet shamanic experience is at the root of all mystical communion

Shamanic Christianity offers a chance to rekindle the shamanic practices of Christianity to those who wish to restore their direct connection to the spirit world In the tradition of contemplative practice this reconnection takes the form of devotions Presented in four forms these devotions begin with a specific contemplation followed by a meditative focus then a parable from the author s own visionary experiences and finally an active mystical practice to help ground the meditations and contemplations in a ritual or ceremony that involves active participation These four forms serve to reintroduce Jesus Mary and the historically renowned saints as shamanic teachers of divine mysteries whose spiritual presence is readily available to contemporary lives The author also presents specific directives for handling everyday challenges in a shamanic inspired manner drawing upon creative activities and resources that encourage approaching the world with the imaginative and playful spirit of a child whose personal freedom and creative expression is always wide open to possibilities **Summer**

Contemporary Gay American Poets and Playwrights

Emmanuel S. Nelson, 2003-06-30 Gay presence is nothing new to American verse and theater Homoerotic themes are discernible in American poetry as early as the 19th century and identifiably gay characters appeared on the American stage more than 70 years ago But aside from a few notable exceptions gay artists of earlier generations felt compelled to avoid sexual candor in their writings Conversely most contemporary gay poets and playwrights are free from such constraints and have created a remarkable body of work This reference is a guide to their creative achievements Alphabetically arranged entries present 62 contemporary gay American poets and dramatists While the majority of included writers are younger artists who came of age in the post Stonewall U S some are older authors whose work has continued or persisted into recent decades A number of these writers are well known including Edward Albee Harvey Fierstein and Allen Ginsberg Others such as Alan Bowne Timothy Liu and Robert O Hara merit wider recognition Each entry is written by an expert contributor and includes a biography a discussion of major works and themes an overview of the author's critical reception and primary and secondary bibliographies

Masters of Psalmody (bimo)

Aurélie Névot, 2019-08-26 In Masters of Psalmody bimo Aurélie Névot analyses the religious political and theoretical issues of a scriptural shamanism observed in southwestern China among the Yi Sani Her focus is on blood sacrifices and chants based on a secret and labile writing handled only by ritualists called bimo Through ethnographic data the author presents the still little known bimo metaphysics and unravels the complexity of the local text based ritual system in which the continuity of each bimo lineage relies on the transmission of manuscripts whose writing relates to lineage blood While illuminating the usages of this shamanistic tradition that is characterized by scriptural variability between patrilineages Aurélie Névot highlights the radical changes it is undergoing by becoming a Chinese state tradition

The Nature of Shamanism and the Shamanic Story Michael Berman,2009-03-26 The book makes out a case for the introduction of a new genre of tale the shamanic story which has either been based on or inspired by a shamanic journey or contains a number of the elements that are typical of such a journey The stories featured are the Book of Jonah from the Old Testament two traditional stories from the Republic of Georgia The Earth will take its Own and Davit a contemporary German tale Bundles and the Korean story of Shimchong the Blindman s Daughter By making use of textual material from a number of different cultures and times the intention is to highlight the pervasive influence shamanism has had and to show how the new genre being proposed is a universal one The research questions addressed include 1 defining what shamanism is deciding whether it should be classified as a religion a methodology or a way of life 2 considering whether a case can be made out for the introduction of a new genre of tale and if so what its characteristics are It is hoped the book will be of

interest not only to those involved in the study of shamanism but also to those whose interest is in the study of literary texts Since the old bearers of shamanic traditions quite often were and even today are illiterate the study of their folklore epic songs laments narratives undoubtedly provides a rich source for research
