Historical Dictionary of Shamanism Graham Harvey, Robert J. Wallis, 2015-12-15 A remarkable array of people have been called shamans while the phenomena identified as shamanism continues to proliferate This second edition of the Historical Dictionary of Shamanism contains with examples from antiquity up to today and from Siberia where the term shaman originated to Amazonia South Africa Chicago and many other places Many claims about shamans and shamanism are contentious and all are worthy of discussion In the most widespread understandings terms seem to refer particularly to people who alter states of consciousness or enter trances in order to seek knowledge and help from powerful other than human persons perhaps spirits But this says only a little about the artists community leaders spiritual healers or hucksters travelers in alternative realities and so on to which the label shaman has been applied This second edition contains a chronology an introduction and extensive bibliography The dictionary contains over 500 cross referenced dictionary entries on individuals groups practices and cultures that have been called shamanic This book is an excellent access point for students researchers and anyone wanting to know more about Shamanism

Where Rivers and Mountains Sing Theodore Levin, Valentina Süzükei, 2010-11-15 Theodore Levin takes readers on a journey through the rich sonic world of inner Asia where the elemental energies of wind water and echo the ubiquitous presence of birds and animals and the legendary feats of heroes have inspired a remarkable art and technology of sound making among nomadic pastoralists As performers from Tuva and other parts of inner Asia have responded to the growing worldwide popularity of their music Levin follows them to the West detailing their efforts to nourish global connections while preserving the power and poignancy of their music traditions

The Archaeology of Sound, Acoustics & Music Gjermund Kolltveit, Riitta Rainio, Arnd Adje Both, 2020-12-31 The ICTM Study Group on Music Archaeology was founded in the early 1980s by Ellen Hickmann John Blacking Mantle Hood and Cajsa S Lund This is the third volume of the new anthology series published by the study group bringing together theoretical and methodological approaches in the study of past music cultures Each volume of the series is composed of concise case studies bringing together the world's foremost researchers on a particular subject reflecting the wide scope of music archaeological research world wide The series draws in perspectives from a range of different disciplines including newly emerging fields such as archaeoacoustics but particularly encouraging both music archaeological and ethnomusicological perspectives

Peopling the Russian Periphery Nicholas Breyfogle, Abby Schrader, Willard Sunderland, 2007-11-02 Though usually forgotten in general surveys of European colonization the Russians

were among the greatest colonizers of the Old World eventually settling across most of the immense expanse of Northern Europe and Asia from the Baltic and the Pacific and from the Arctic Ocean to Central Asia This book makes a unique contribution to our understanding of the Eurasian past by examining the policies practices cultural representations and daily life experiences of Slavic settlement in non Russian regions of Eurasia from the time of Ivan the Terrible to the nuclear era The movement of tens of millions of Slavic settlers was a central component of Russian empire building and of the everyday life of numerous social and ethnic groups and remains a crucial regional security issue today yet it remains relatively understudied *Peopling the Russian Periphery* redresses this omission through a detailed exploration of the varied meanings and dynamics of Slavic settlement from the sixteenth century to the 1960s Providing an account of the different approaches of settlement and expansion that were adopted in different periods of history it includes detailed case studies of particular episodes of migration Written by upcoming and established experts in Russian history with exceptional geographical and chronological breadth this book provides a thorough examination of the history of Slavic settlement and migration from the Muscovite to the Soviet era It will be of great interest to students and scholars of Russian history comparative history of colonization migration interethnic contact environmental history and European Imperialism *Drones, Tones, and Timbres* Carole Pegg, 2024-01-09 An indispensable study of the music of Altai Sayan peoples Based on more than twenty years of collaborative research Carole Pegg's long awaited participatory ethnography explores how Indigenous nomadic peoples of Russia's southern Siberian republics Altai Khakassia Tyva sound multiphonies of place in a post Soviet global world Inspired by the mountain steppe ecology and pathways of nomadism soundscapes created in performative ritual events cross political and multiple world boundaries in a shamanic animist universe enabling human and spirit actor interactions in a series of sensuous worlds As with the throat singing for which Indigenous Altai Sayan peoples are famous senses of place involve sonic relations rootedness movement and plurality Pegg echoes their drone partials musical and ontological models in an innovative theoretical entwinement Three strands form the book's multivocal drone the partials of which sound in each chapter ontological sonicality and musicality that enables emplacement and movement the importance of shamanism animism at the core of Indigenous spiritual practices for personhood and community and the agency of sonic performances Sounding place Pegg demonstrates is essential to the identities ways of life and very senses of being of Indigenous Altai Sayan peoples **Shamanism, Discourse, Modernity** Thomas Karl Alberts, 2016-03-03 *Shamanism Discourse Modernity* considers indigenous peoples struggles for human rights anxieties about anthropocentric mastery of nature neoliberal statecraft and entrepreneurialism of the self The book focuses on four domains shamanism indigenism environmentalism and neoliberalism in terms of interrelated historical processes and overlapping discourses In doing so it engages with shamanism's manifold meanings in a world increasingly sensitive to indigenous peoples practices of territoriality increasingly concerned about humans integral relationship with natural environments and increasingly encouraged and coerced to adjust self

conduct to comport with and augment government conduct The Siberian World John P. Ziker, Jenanne Ferguson, Vladimir Davydov, 2023-03-29 The Siberian World provides a window into the expansive and diverse world of Siberian society offering valuable insights into how local populations view their environments adapt to change promote traditions and maintain infrastructure Siberian society comprises more than 30 Indigenous groups old Russian settlers and more recent newcomers and their descendants from all over the former Soviet Union and the Russian Federation The chapters examine a variety of interconnected themes including language revitalization legal pluralism ecology trade religion climate change and co creation of practices and identities with state programs and policies The book s ethnographically rich contributions highlight Indigenous voices important theoretical concepts and practices The material connects with wider discussions of perception of the environment climate change cultural and linguistic change urbanization Indigenous rights Arctic politics globalization and sustainability resilience The Siberian World will be of interest to scholars from many disciplines including Indigenous studies anthropology archaeology geography environmental history political science and sociology Chapter 25 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4 0 license **Russia in Asia** Jane F. Hacking, Jeffrey S. Hardy, Matthew P. Romaniello, 2020-07-22 This edited volume presents new research on Russian Asian connections by historians art historians literary scholars and linguists Of particular interest are imagined communities social networks and the legacy of colonialism in this important arena of global exchanges within the imperial Soviet and post Soviet eras Individual chapters investigate how Russians imagined Asia and its inhabitants how these different populations interacted across political and cultural divides and how people in Siberia China and other parts of Asia reacted to Russian imperialism both in its formal and informal manifestations A key strength of this volume is its interdisciplinary approach to the topic challenging readers to synthesize multiple analytical lenses to better understand the multivalent connections binding Russia and Asia together

Paul in Ecstasy Colleen Shantz, 2009-04-27 Colleen Shantz addresses the role of religious experience in Paul s life and letters demonstrating its importance in Christian origins *Shamanism and Violence* Davide Torri, 2016-04-01 Proposing a new theoretical framework this book explores Shamanism s links with violence from a global perspective Contributors renowned anthropologists and authorities in the field draw on their research in Mongolia China Korea Malaysia Nepal India Siberia America Papua New Guinea Taiwan to investigate how indigenous shamanic cultures dealt and are still dealing with varying degrees of internal and external violence During ceremonies shamans act like hunters and warriors dealing with many states related to violence such as collective and individual suffering attack conflict and antagonism Indigenous religious complexes are often called to respond to direct and indirect competition with more established cultural and religious traditions which undermine the sociocultural structure the sense of identity and the state of well being of many indigenous groups This book explores a more sensitive vision of shamanism closer to the emic views of many indigenous

groups Ethnographies and Exchanges Anthony Gregg Roeber, 2010-11 This volume explores the interactions of two seventeenth and eighteenth century European settlement peoples with Native Americans German speaking Moravian Protestants and French speaking Roman Catholics It is among these two European groups that we have some of the richest records of the exchange between early settlers and Native Americans BOOK JACKET Divination and the Shamanic Story Michael Berman, 2009-03-26 Stories have traditionally been classified as epics myths sagas legends folk tales fairy tales parables or fables However the definitions of the terms have a tendency to overlap making it difficult to classify and categorize material For this reason a case can be made for the introduction of a new genre termed the shamanic story a story that has either been based on or inspired by a shamanic journey a numinous experience in non ordinary reality or one that contains a number of the elements typical of such a journey Other characteristics include the way in which the stories all tend to contain embedded texts often the account of the shamanic journey itself how the number of actors is clearly limited as one would expect in subjective accounts of what can be regarded as inner journeys and how the stories tend to be used for healing purposes Within this new genre it is proposed that there exists a sub genre shamanic stories that deal specifically with divination and examples are presented and analysed to support this hypothesis By means of textual analysis it can be shown they all share certain attributes in common the identification of which forms the conclusion of the work *The Shamanic Traditions of Siberia* Jameyson MacDonald , 2023-08-13 Shamanism in Siberia holds a rich history that dates back thousands of years It is deeply intertwined with the nomadic way of life and the natural surroundings of the region Central to shamanism is the belief in the existence of spirits that can be communicated with and influenced by the shaman a spiritual intermediary between the human and spirit worlds The shaman often chosen by the spirits themselves undergoes rigorous training and initiations to acquire the knowledge and skills necessary for their sacred role The Spirit of the Lord Came Upon Me Lester L. Grabbe, 2024-01-11 Lester Grabbe here distills his wide body of work on the subject of prophecy The volume considers prophecy in different cultural contexts across ancient Israel and surrounding areas Beginning with a consideration of prophecy in the Hebrew Bible Grabbe then looks at it as phenomenon in the ancient near east including Mesopotamia Egypt and the Levant From this background in the immediate context of ancient Israel Grabbe then widens the cultural lens to consider prophecy in more global environments including Africa and the Americas and recent examples of pseudo biblical prophets such as Joseph Smith In the final part of the book Grabbe then analyses these different prophetic types and forms looking at the continuing traditions of prophecy alongside their ancient roots **The Nature of Shamanism and the Shamanic Story** Michael Berman, 2009-03-26 The book makes out a case for the introduction of a new genre of tale the shamanic story which has either been based on or inspired by a shamanic journey or contains a number of the elements that are typical of such a journey The stories featured are the Book of Jonah from the Old Testament two traditional stories from the Republic of Georgia *The Earth will take its Own* and *Davit* a contemporary German tale Bundles

and the Korean story of Shimchong the Blindman's Daughter By making use of textual material from a number of different cultures and times the intention is to highlight the pervasive influence shamanism has had and to show how the new genre being proposed is a universal one The research questions addressed include 1 defining what shamanism is deciding whether it should be classified as a religion a methodology or a way of life 2 considering whether a case can be made out for the introduction of a new genre of tale and if so what its characteristics are It is hoped the book will be of interest not only to those involved in the study of shamanism but also to those whose interest is in the study of literary texts Since the old bearers of shamanic traditions quite often were and even today are illiterate the study of their folklore epic songs laments narratives undoubtedly provides a rich source for research

Haunted by the Archaic Shaman H. Sidky, 2008-01-01 Haunted by the Archaic Shaman critically engages the general discourse on shamanism by using ethnographic data gathered among different ethnic groups in the Nepal Himalayas to address several key conceptual issues and problems in the scholarly field of shamanic studies

The Origins of Shamanism, Spirit Beliefs, and Religiosity H. Sidky, 2017-06-21 In The Origins of Shamanism Spirit Beliefs and Religiosity H Sidky examines shamanism as an ancient magico religious divinatory medical and psychotherapeutic tradition found in various parts of the world Sidky uses first hand ethnographic fieldwork and scientific theoretical work in archaeology cognitive and evolutionary psychology and neurotheology to explore the origins of shamanism spirit beliefs the evolution of human consciousness and the origins of ritual behavior and religiosity

Shamanism in the Contemporary Novel Özlem Ögüt Yazicioglu, 2022-03-14 Shamanism in the Contemporary Novel examines how shamanism is used as a significant trope in a selection of novels zlem g t Yazicioglu contends that the shamanic figures and societies featured in these works have been subjected to marginalization dislocation and dispossession through imperialist colonialist and capitalist encroachments in different historical contexts

Religion, Politics and Nation-Building in Post-Communist Countries Greg Simons, David Westerlund, 2016-03-03 The increasing significance and visibility of relationships between religion and public arenas and institutions following the fall of communism in Europe provide the core focus of this fascinating book Leading international scholars consider the religious and political role of Christian Orthodoxy in the Russian Federation Romania Georgia and Ukraine alongside the revival of old indigenous religions often referred to as shamanistic and look at how despite Islam's long history and many adherents in the south Islamophobic attitudes have increasingly been added to traditional anti Semitic anti Western or anti liberal elements of Russian nationalism Contrasts between the church's position in the post communist nation building process of secular Estonia with its role in predominantly Catholic Poland are also explored Religion Politics and Nation Building in Post Communist Countries gives a broad overview of the political importance of religion in the Post Soviet space but its interest and relevance extends far beyond the geographical focus providing examples of the challenges in the spheres of public religious and social policy for all transitional countries
