

Moqui Shamans Stones

(Mo-Key) are essentially rare ironstone concretions found at the base of the Navajo Sandstone formations in the USA. They have been used for centuries by Shaman to communicate with past loved ones, for Healing, and Energy Clearing. They are very grounding. Pairs are male and female the males being flatter the females rounder. Working with bonded pairs is a great way to heal, communicate beyond our dimension safely by rubbing them together, align the energy centers, and help you on your journey to live life to the fullest in peace and love. Great for connecting your Spirit Guides, Animal Spirit Guides, and Angels and much more. Knowledge of the ancient Moqui is rare.
