Duncan, 2008-10-30 The three waves of feminism are explored through the lives of the women who made history in bringing women's issues to the forefront of American society Many early feminists supported not only women's rights but also rights of slaves and contributed to the passing of the Thirteenth Amendment granting emancipation to slaves They continued to work towards women's suffrage and were hopeful the Fourteenth Amendment would provide universal suffrage However women were not granted suffrage until the passing of the Nineteenth Amendment nearly fifty years later It was women's fundamental need for independence and an identity of their own separate from that of men which thrust the women's movement forward and continues to propel it today Many notable women such as Susan B Anthony Elizabeth Cady Stanton Billie Jean King Betty Friedan Helen Gurley Brown Jane Fonda and Sandra Day O'Connor are included in this history of the women's movement in America The biographical entries cite works for further reading and the volume closes with a bibliography The Shapers of the Great Debate series takes a biographical approach to history following the premise that

people make history in the circumstances in which they find themselves Each volume in this series examines the lives and experiences of the individuals involved in a particular debate through both major and minor biographies *The Evolution of Social Innovation* Frances Westley, Katharine McGowan, 2017-12-29 In a time where governments and civil society organizations are putting ever greater stock in social innovation as a route to transformation understanding what characterizes social innovation with transformative potential is important Exciting and promising ideas seem to die out as often as they take flight and market mechanisms which go a long way towards contributing to successful technical innovations play an insignificant role in social innovations The cases in this book explore the evolution of successful social innovation through time from the ideas which catalysed social and system entrepreneurs to create new processes platforms projects and programs to fundamental social shifts in culture economics laws and policies which occurred as a result In doing so the authors shed light on how to recognize transformative potential in the early stage innovations we see today *Mark Twain, the World, and Me* Susan K. Harris, 2020-03-10 WINNER OF THE ELIZABETH AGEE PRIZE IN AMERICAN LITERATURE A scholar accompanies Twain on his journey around the world In *Mark Twain the World and Me* Following the Equator Then and Now Susan K Harris follows Twain's last lecture tour as he wound his way through the British Empire in 1895 1896 Deftly blending history biography literary criticism reportage and travel memoir Harris gives readers a unique take on one of America's most widely studied writers Structured as a series of interlocking essays written in the first person this engaging volume draws on Twain's insights into the histories and cultures of Australia India and South Africa and weaves them into timely reflections on the legacies of those countries today Harris offers meditations on what Twain's travels mean for her as a scholar a white woman a Jewish American a wife and a mother By treating topics as varied as colonial rule the clash between indigenous and settler communities racial and sexual inbetweenness and species decimation Harris reveals how the world we know grew out of the colonial world Twain encountered Her essays explore issues of identity that still trouble us today respecting race and gender preserving nature honoring indigenous peoples and respecting religious differences *Interpreting the Environment at Museums and Historic Sites* Debra A. Reid, David D. Vail, 2019-09-19 *Interpreting the Environment at Museums and Historic Sites* is for anyone who wants to better understand the environment that surrounds us and sustains us who wants to become a better steward of that environment and who wants to share lessons learned with others The process starts by focusing attention on the environment the physical space that constitutes the largest three dimensional object in museum collections It involves conceptualizing spaces and places of human influence spaces that contain layer upon layer documenting human struggles to survive and thrive This evidence exists in natural environments as well as city centers The process continues by adopting an environment centric view of the spaces destined to be interpreted This mind set forms the basis for devising research plans that document how humans have changed destroyed conserved and sustained spaces over time and the ways that the environment reacts Interpretation built on this

evidence then becomes the basis for minds on engagement with the places that humans inhabit and the spaces that they have changed and continue to manipulate Interpreting the Environment at Museums and Historic Sites provides a tool kit designed to help you research environmental history document evidence of human influence on land and the environment over time and tailor that knowledge to new public engagement It proposes a multi disciplinary approach that requires expertise in the humanities as well as the sciences and social sciences to best understand space and place over time It incorporates case studies of the theory and method of environmental history to explore how human goals take lasting shape in the environment creating working environments getting water generating and harnessing power growing food traveling and trading building things and preserving natural landscapes Features include the Interpreting the Environment Tool Kit to help you launch the good work of interpreting the environment Raw Materials the evidence landscape ecosystems artifacts and the built environmentPreparation methods thinking like a naturalist scientist thinking like a historian combining approachesPlanning envisioning the goal proactive message stewardship sustainabilityPartnerships sharing work strength in numbers allying across disciplinary divides united in efforts to inform the public about their individual and collective effects on the landscape and the environmentPotential educating the public about people and places is part of a world wide goal with the cumulative effect of saving the planet one story at a time A Timeline and Bibliographic essay round out the book s resources

Reality Check Donald R. Prothero,2013-08-01 A thought provoking look at science denialism for popular science readers who want better to be able to explain and defend science and scientific methods to others Library Journal The battles over evolution climate change childhood vaccinations and the causes of AIDS alternative medicine oil shortages population growth and the place of science in our country all are reaching a fevered pitch Many people and institutions have exerted enormous efforts to misrepresent or flatly deny demonstrable scientific reality to protect their nonscientific ideology their power or their bottom line To shed light on this darkness Donald R Prothero explains the scientific process and why society has come to rely on science not only to provide a better life but also to reach verifiable truths no other method can obtain He describes how major scientific ideas that are accepted by the entire scientific community evolution anthropogenic global warming vaccination the HIV cause of AIDS and others have been attacked with totally unscientific arguments and methods Prothero argues that science deniers pose a serious threat to society as their attempts to subvert the truth have resulted in widespread scientific ignorance increased risk of global catastrophes and deaths due to the spread of diseases that could have been prevented Prothero s treatise will give the science minded something to cheer about a brief summary of the real data that supports so many critical aspects of modern life Publishers Weekly

Falsehoods Fly Paul Thagard,2024-02-20 Misinformation is one of the twenty first century s greatest challenges a peril to democracy peace science and public health Yet we lack a clear understanding of what makes misinformation so potent and why it can spread so rapidly In *Falsehoods Fly* a leading cognitive scientist and philosopher offers a new framework for recognizing and

countering misleading claims by exploring the ways that information works and breaks down Paul Thagard examines the dangers of misinformation on COVID 19 climate change conspiracy theories inequality and the Russian invasion of Ukraine He argues that effective responses to these problems require understanding how information is generated and spread Bringing together empirical findings about the psychological and social mechanisms that drive cognitive errors with philosophical accounts of critical thinking Thagard develops an innovative theory of how we gain information Grasping how the generation and transmission of knowledge can fail helps us find ways to repair it and provides tools for converting misinformation into facts Offering a deep and rich account of the nature and workings of information Falsehoods Fly provides practical concrete strategies to stop the creation and spread of misinformation

Weak Knowledge Moritz Eppel, Annette Imhausen, Falk Müller, 2019-12-18 Im Gegensatz zu landläufigen Vorstellungen sind wissenschaftliche Wissensbestände häufig prekäre Ressourcen Sie können in bestimmten Situationen aus epistemischen Gründen schwach sein weil Begründungen oder empirische Evidenz problematisch sind In anderen Situationen fehlt die kulturelle und soziale Anerkennung oder das fragliche Wissen bleibt schwach weil es nicht gelingt es praktisch nutzbar zu machen Der Band versammelt Beiträge aus allen historischen Epochen und aus einem breiten Spektrum von Wissensgebieten von der Medizin bis zur Klimatologie

The Last Castle Denise Kiernan, 2017-09-26 A New York Times bestseller with an engaging narrative and array of detail The Wall Street Journal the intimate and sweeping Raleigh News Observer untold true story behind the Biltmore Estate the largest grandest private residence in North America which has seen more than 120 years of history pass by its front door The story of Biltmore spans World Wars the Jazz Age the Depression and generations of the famous Vanderbilt family and features a captivating cast of real life characters including F Scott Fitzgerald Thomas Wolfe Teddy Roosevelt John Singer Sargent James Whistler Henry James and Edith Wharton Orphaned at a young age Edith Stuyvesant Dresser claimed lineage from one of New York's best known families She grew up in Newport and Paris and her engagement and marriage to George Vanderbilt was one of the most watched events of Gilded Age society But none of this prepared her to be mistress of Biltmore House Before their marriage the wealthy and bookish Vanderbilt had dedicated his life to creating a spectacular European style estate on 125 000 acres of North Carolina wilderness He summoned the famous landscape architect Frederick Law Olmsted to tame the grounds collaborated with celebrated architect Richard Morris Hunt to build a 175 000 square foot chateau filled it with priceless art and antiques and erected a charming village beyond the gates Newlywed Edith was now mistress of an estate nearly three times the size of Washington DC and benefactress of the village and surrounding rural area When fortunes shifted and changing times threatened her family her home and her community it was up to Edith to save Biltmore and secure the future of the region and her husband's legacy This is the fascinating soaring and gorgeous Karen Abbott story of how the largest house in America flourished faltered and ultimately endured to this day
