thinks and writes about is exceedingly odd mystical and perplexing He is anticipating a planetary event to take place in 2033 Soon enough Philomena discovers she impossibly is part of this story in fact will be a keystone in this epochal event Its as if through the journal pages Blaise talks directly to her and pulls her into his world of wisdom angels geomantic patterns and designer planets The pages are encoded with activation triggers Over a three year period she starts to remember her true story her astonishing past Its a nonstop tutorial in the Mysteries Taught by the human Blaise and his angelic mentors also called Blaise seemingly right now in the present moment Except upwards of 35 years or more separate them in the world of linear time Her familiar world starts to fall apart The event is called the Theosophon Blaise writes about it but she designed it Thats startling enough but Philomena is astonished to remember that she designed it eons ago in another galaxy The Earth was created as a performance stage for it The Theosophon is a multidimensional musical event involving the collective consciousness of humanity the Earth and the spiritual world The overture of the fulfillment of the purpose of the Earth and humanity Yes Philomena is an integral part of this unique event but it will cost her more than she ever thought possible

Sacred Pulse April Fiet, 2021-12-14 Contemporary life is leaving us frazzled overwhelmed and out of sorts Our life s rhythm is often borrowed from the pace of life around us Humans have created such a loud fast tempo of perfection and production that we often forget if we ever knew it at all the rhythms designed for our well being In The Sacred Pulse pastor and author April Fiet invites us to examine the frantic patterns of our lives to reclaim the deeper sacred pulses that pattern our days Through stories scripture and practical guidance for daily living she lays out twelve rhythms including gardening handcrafts friendship and holidays that are both sustainable and sustaining Everyday acts like mealtime and shopping and sporadic rhythms like the occasional snow day reclaiming these patterns can remind us of the holy movement of God in the world In a world of hustle and bravado silencing the noise takes practice The Sacred Pulse shows us how to strip away all of the competing beats we have settled for so we can tap into the joyful holy rhythms of life Philip Johnson and His Mischief Christian Bjone, The Images Publishing Group, 2014-04-04 In the world of modern art the idea of appropriation or the conscious manipulation of the recognised world of another artist has long been accepted as a legitimate strategy in criticism of the tradition of art authorship challenging the context of viewing contemporary work and the manipulation of omnipresent media images The world of art itself is fair game to be pillaged or mined in the production of new art but there is almost no recognised equivalent aesthetic in architecture Philip Johnson consistently dealt with the concept of appropriation and used it as a design strategy from the very beginning of his illustrious career A singular taste maker Philip Johnson influenced art architecture and design during the second half of the 20th century Philip Johnson and His Mischief Appropriation in Art and Architecture looks at the concept of appropriation and how Johnson s style was influenced first by his mentor Mies van der Rohe and then by post modern ideas and artists This title serves to review Johnson s body of work and show that far from being a weakness his use of appropriation was a major part of his innovative success
