## Shapeshift Sherwin Bitsui:

**Shapeshift** Sherwin Bitsui, 2022-05-03 Fourteen ninety something something happened and no one can pick it out of the lineup In words drawn from urban and Navajo perspectives Sherwin Bitsui articulates the challenge a Native American person faces in reconciling his or her inherited history of lore and spirit with the coldness of postmodern civilization *Shapeshift* is a collection of startling new poetry that explores the tensions between the worlds of nature and man Through brief imagistic poems interspersed with evocative longer narratives it offers powerful perceptions of American culture and politics and their lack of spiritual grounding Linking story history and voice *Shapeshift* is laced with interweaving images the gravitational pull of a fishbowl the scent of burning hair the trickle of motor oil from a harpooned log that speak to the rich diversity of contemporary Din writing Tonight I draw a raven s wing inside a circle measured a half second before it expands into a hand I wrap its worn grip over our feet As we thrash against pine needles inside the earthen pot With complexities of tone that shift between disconnectedness and wholeness irony and sincerity Bitsui demonstrates a balance of excitement and intellect rarely found in a debut volume As deft as it is daring *Shapeshift* teases the mind and stirs the imagination *Flood Song* Sherwin Bitsui, 2009 I bite my eyes shut between these songs So begins *Flood Song* a concentrated interweaving painterly sequence in which Native tradition scrapes against contemporary urban life In his second book Sherwin Bitsui intones landscapes real and imagined populated with the wrens winds and reeds of the high desert and constructed from the bricks and gasoline of the city Reverent to his family s indigenous traditions while simultaneously indebted to European modernism and surrealism Bitsui is at the forefront of a younger generation of Native writers His poems are highly imagistic and constantly in motion drawing as readily upon Dine Navajo myths customs and medicine songs as they do contemporary language and poetics I map a shrinking map Bitsui writes a map tribal and individual elemental and modern and utterly astonishing *Speak Like Singing* Kenneth Lincoln, 2007 *Speak Like Singing* honors talk song visions for all relatives and seeks to plumb if not to reconcile Native and American poetics tribal chorus and solitary vision *The Science Fiction of Poetics and the Avant-Garde Imagination* Michael Golston, 2023-11-19 How the tropes of science fiction infuse and inform avant garde poetics and many other kindred arts This insightful playful monograph from Golston does exactly what it advertises modeling poetics based on how poetry and some parallel artistic endeavors has filtered through a century plus of science fiction This is not a book about science fiction in and of itself but it is a book about the resonances of science fiction tropes and ideas in poetic language The germ of Golston s project is a throwaway line in Robert Smithson s *Entropy* and the *New Monuments* about how cinema supplanted nature as inspiration for many of his fellow artists The movies give a ritual pattern to the lives of many artists and this induces a kind of low budget mysticism which keeps them in a perpetual trance Golston charts how the demotic appeal of sci fi much like that of the B movie cross pollinated into poetry and other branches of the avant garde Golston creates what he calls a regular Rube Goldberg machine of a critical apparatus drawing on Walter

Benjamin Roman Jakobson and Gilles Deleuze He starts by acknowledging that per the important work of Darko Suvin to situate science fiction critically the genre is premised on cognitive estrangement But he is not interested in the specific nuts and bolts of science fiction as it exists but rather how science fiction has created a model not only for other poets but also for musicians and landscape artists Golston s critical lens moves around quite a bit but he begins with familiar enough subjects Edgar Rice Burroughs Mina Loy William S Burroughs From there he moves into more alien terrain Ed Dorn s long poem Gunslinger the discombobulated work of Clark Coolidge Sun Ra Ornette Coleman and Jimi Hendrix all come under consideration The result of Golston s restless rich scholarship is the first substantial monograph on science fiction and avant garde poetics using Russian Formalism Frankfurt School dialectics and Deleuzian theory to show how the avant garde inherently follows the parameters of sci fi in both theme and form

their assumptions about Indigenous literature history and politics while never forgetting the emotional connections of our shared humanity and the power of story to effect personal and social change Written with a generalist reader firmly in mind but addressing issues of interest to specialists in the field this book welcomes new audiences to Indigenous literary studies while offering more seasoned readers a renewed appreciation for these transformative literary traditions
