Statement for the Fiscal Year University of Michigan,1972 *The Quarrel of Macaulay and Croker* William

Thomas,2000-09-21 This is the story of one of the great literary rows of the nineteenth century between one of its greatest historians and one of its sharpest critics The quarrel began in the House of Commons during the debates of 1831 2 on parliamentary reform and was continued in the quarterly reviews Even in a political setting it had a historical dimension Croker taunted Macaulay for being ignorant of the French Revolution Macaulay replied by pouring scorn on Croker s accuracy as editor of Boswell s Johnson The bitterness of the clash made subsequent compromise impossible Sixteen years later Croker wrote a long damning review of the first two volumes of Macaulay s History of England Posterity admires success and as Macaulay s writings have eclipsed Croker s it has usually been assumed that Croker was moved by mere political spite In this highly readable study William Thomas shows that this verdict is unfair that Croker s political opinions were both less rancorous and more interesting and that Macaulay s own scholarship was far from faultless He also considers each man s historical writing alongside his politics and argues that while Croker s critical method was sharpened by his politics Macaulay s political opinions were much more independent of party and that he is not the typical Whig historian of legend William Thomas illustrates how the two men actually had many ideas in common and the commentators who have seen only political dislike have missed the real purpose of the History of England and what made it the most successful historical work in English literature *Book Row* Marvin Mondlin,Roy Meador,2019-10-15 The American Story of the

Bookstores on Fourth Avenue from the 1890s to the 1960s New York City has eight million stories and this one unfolds just south of Fourteenth Street in Manhattan on the seven blocks of Fourth Avenue bracketed by Union Square and Astor Place There for nearly eight decades from the 1890s to the 1960s thrived the New York Booksellers Row or Book Row This richly anecdotal memoir features historical photographs and the rags to riches tale of the Strand which began its life as a book stall on Eighth Street and today houses 2 5 million volumes or sixteen miles of books in twelve miles of space It s a story cast with characters as legendary and colorful as the horse betting poker playing go getter of a book dealer George D Smith the irascible Russian born book hunter Peter Stammer the visionary Theodore C Schulte Lou Cohen founder of the still surviving Argosy Book Store and gentleman bookseller George Rubinowitz and his formidably shrewd wife Jenny Book Row remembers places that all lovers of books should never forget like Biblo the Green Book Shop favored by John Dickson Carr Ellenor Lowenstein s world renowned gastronomical Corner Book Shop which was not on a corner and the Abbey Bookshop the last of the Fourth Avenue bookstores to close its doors Rising rents street crime urban redevelopment and television are many of the reasons for the demise of Book Row but in this volume based on interviews with dozens of the people who bought sold collected and breathed in its rare bibliodiferous air it lives again **Tracy W. McGregor** Philip Parker Mason,2008

Biography of Detroit philanthropist Tracy McGregor and his wife Katherine Whitney McGregor that details their support of charities and social movements in the first decades of the twentieth century In the turbulent era from 1890 to the late 1930s

Detroit emerged as a leading industrial and urban center and endured the crushing social and economic challenges of the Great Depression. It was during these years that Tracy W. McGregor, with the assistance of his wife Katherine Whitney, established himself as a philanthropist and community leader. Though public buildings and a charitable foundation bear their names, relatively little is known about the private-minded McGregors, who avoided newspaper interviews or public exposure whenever possible. In Tracy W. McGregor, Philip P. Mason scours the archival collections of the University of Michigan, Wayne State University, the State of Michigan, the Burton Historical Collection of the Detroit Public Library, and the Library of Congress to provide a comprehensive look at the remarkable work of the McGregors. Mason examines McGregor's successful campaigns to reform the political, judicial, and educational institutions in Detroit, as well as his establishment of mental health, correctional, and health care facilities in Michigan. In addition, Mason surveys McGregor's work as president of the prestigious Merrill Palmer Institute and his major collection of Americana books, which now serves as the core of the University of Virginia Research Library. In all, Mason shows how Tracy McGregor was able to establish a mission for homeless men, permanently endow a major foundation, and lead in the creation and support of a variety of charitable agencies without governmental assistance and with only the support of nascent philanthropic and business networks. For Detroit historians and those interested in philanthropy and social activism, Tracy W. McGregor will be an enlightening reading. Maxwell's Handbook for AACR2R Robert L. Maxwell, Margaret F. Maxwell, 1997. In Maxwell's Handbook for AACR2R, the authors have included the 1993 Amendments of the Joint Steering Committee for Revision of Anglo-American Cataloguing Rules. Provided all examples in the widely used MARC format, considered rule interpretations of the major Anglo-American national libraries, updated all of the chapters, and added a completely new chapter on manuscripts to correspond with AACR2R. This revision of the cataloging classic follows the easy-to-use format of the previous edition and is packed with hundreds of examples that fully explain the cataloging rules to veteran and student catalogers alike.

Teaching Text Technologies and Critical Bibliography Among the Disciplines Barbara Heritage, Donna A. C. Sy, 2025-05-15. Teaching Text Technologies and Critical Bibliography Among the Disciplines: Objects of Study is a richly illustrated volume consisting of 23 methods-based chapters discussing innovative and often experimental approaches to hands-on teaching with material texts. Featuring 47 contributors whose work ranges from digital humanities, librarianship, curation, and conservation to architecture, culinary history, fine art, literary history, and the history of science, the collection builds on new work in the areas of text technologies and critical bibliography, emerging scholarly approaches being embraced in the humanities. The book features established experts in bibliography, the history of the book, manuscript studies, and textual editing, as well as educators and students who are applying new critical bibliographical methods, e.g., Black bibliography, to their pedagogy. The result is a dynamic cross-disciplinary, cross-generational exchange modeling inclusive pedagogies with textual artifacts and illuminating how object

oriented teaching can harness the insights of diverse branches of practice and learning *Dictionary of American Book Collectors* Donald C. Dickinson,1986 *COMBEE* Edda L. Fields-Black,2024 COMBEE is based upon original research and offers the first full account of Tubman s Civil War service and the Combahee River Raid In the process it also offers the story of enslaved families living in bondage and fighting for their freedom and does so using their own distinct and individual voices *Michigan in Books* ,1975 The Quarto , **New Interpretations in Naval History** William B.
