Sharing The Land Of Canaan Human Rights And The Israeli Palestinian Struggle:

Sharing The Land Of Canaan Mazin B. Qumsiyeh, 2004-06-20 Examines human rights issues in the Occupied Territories and lays out plans for a lasting peace *Resolving the Israeli-Palestinian Conflict* Moises F. Salinas, Hazza Abu Rabia, 2009 Collection of papers and keynote presentations that were delivered at a conference called Pathways to Peace which was held in March of 2008 [Sharing the Land of Canaan](#) Mazin B. Qumsiyeh, 2004-06-20 There is no more compelling and dramatic unfolding story with more profound international ramifications than the conflict in the Middle East Sharing the Land of Canaan is a critical examination of the core issues of the conflict that dares to put forward a radical but logical solution that a shared state is the best way to achieve justice and peace for Israelis and Palestinians Mazin B Qumsiyeh offers an overview of the issues at stake and outlines his vision for a lasting peace based on upholding the principles of human rights for all Tackling taboo subjects myths and obstacles he argues convincingly that apartheid in the form of a two state solution is no longer a feasible way to achieve enduring peace At this critical time when the road map to peace looks more uncertain than ever this book provides a refreshing counterpoint to the failed strategies of the past It is a direct and accessible account of the history and mythology of the fabled Land of Canaan which lays out hopeful ideas for the future of this truly multiethnic and multicultural region **Analyzing the Israel Effect in Canada** Peter Eglin, 2024-05-21 What is the life of a Palestinian worth to intellectuals in Canadian universities and news media Analyzing the Israel Effect documents and analyzes the discursive and organizational methods by which public criticism of Israel's oppression of the Palestinians is silenced in Canada as experienced through ten episodes in the life of the author over a thirty year period from 1990-2020 in interaction with his university and local and national Canadian news media As a sociological work the book is a critical autoethnography But it is also an atrocity tale a horror story of institutional self censorship amounting to the abrogation of intellectual responsibility by those specifically charged with upholding it In the end the book is a crossover between academic treatise and journalistic expos a historical narrative written by an academic from the standpoint of a political participant observer Rajan Philips The Israel Effect itself is analyzed as a three tier propaganda industry Hasbara is produced in Israel Tier 1 disseminated to Israel Lobby groups around the world Tier 2 and independently re produced actively and passively by the intellectual institutions universities and news media Tier 3 This book is about the non Jewish non Zionist institutions of Tier 3 the onlookers to war crimes ethnic cleansing and arguably genocide as in Gaza in October November 2023 This work stands as a compelling testament to the importance of preserving freedom of expression and the vital role intellectuals play in challenging injustice and promoting transparency It is ideal for scholars activists and anyone seeking to understand the complexities of political activism and the power dynamics behind public discourse **The One-State Solution** Virginia Tilley, 2010-02-24 A clear trenchant book on a topic of enormous importance Overall this is a courageous plunge into boiling waters If it helps propel forward a debate that has hardly begun in this country it will have

performed a signal scholarly and political function Tony Judt New York University a pioneering text As such it will take pride of place in a brewing debate Gary Sussman Tel Aviv University The One State Solution demonstrates that Israeli settlements have already encroached on the occupied territory of the West Bank and Gaza Strip to the extent that any Palestinian state in those areas is unviable It reveals the irreversible impact of Israel's settlement grid by summarizing its physical demographic financial and political dimensions Virginia Tilley explains why we should assume that this grid will not be withdrawn or its expansion reversed by reviewing the role of the key political actors the Israeli government the United States the Arab states and the European Union Finally the book addresses the daunting obstacles to a one state solution including major revision of the Zionist dream but also Palestinian and other regional resistance and offers some ideas about how those obstacles might be addressed Virginia Tilley is Chief Research Specialist in the Democracy and Governance Division of the Human Research Council in Cape Town South Africa

The Failure of the Two-State Solution Hani Faris,2013-09-16 Diplomats politicians and activists alike have long laboured under the assumption that a two state solution is the only path to peace between the Israelis and the Palestinians But as this conflict continues unabated and violence and instability deepen it seems that the ideal of two states coexisting alongside each other and the ever elusive goal of peace slip further from reach The Failure of the Two State Solution examines the impasse in the Israel Palestine conflict exploring the reasons behind the breakdown of attempts to establish a meaningful Palestinian state This book therefore points to another until recently unthinkable option a single bi national state in Israel Palestine with all inhabitants sharing in equal rights and citizenship regardless of ethnicity or faith Hani A Faris has drawn together a wide ranging and in depth analysis of the historical and current situation in Israel Palestine By analysing the history of the conflict in Israel Palestine and its numerous peace initiatives this book demonstrates how the current deadlock has been reached With a nascent Palestinian state hampered by Israeli security policy and internal political divisions and the continuing expansion of the Israeli settlements in the West Bank it is argued here that the viability of the two state solution seems to have run its course And so highlights the one state solution as an option and debates and develops the organisational steps and strategies on a local and international level that would enable the construction of a bi national state With scholars from the US Europe the Arab world and Israel analysing the possibility of a one state solution and the shortcomings of the two state track this is an important and ground breaking book for students of Politics International Relations Peace Studies and Middle East Studies and all interested in the resolution of this seemingly intractable conflict

Israeli Exceptionalism M. Alam,2009-11-09 This book discusses the small band of European Zionists who entered the world stage in late 19th century determined to create a Jewish state and considers how at that time in Europe Jewish Gentile frictions were local problems whilst today in Israel they have come to form the pivot of global conflict

Future of the Prophetic Marc. H. Ellis,2014-05-01 Future of the Prophetic argues that in the persistence of the prophetic the legacy of the ancient Jewish world spread beyond the boundaries of the Jewish community and took root

throughout the world As a way of wisdom and hope this dual rooting its grounding in the tradition of ancient Israel and its uncontained itinerancy unveils a startling but promising new context a re presentation of the prophetic from outside the Jewish world to the Jewish community The new situation of contemporary prophetic challenges the fixed religious landscape by reversing traditional boundaries eschewing power and privilege and brokering peace through solidarity and common struggle in ecumenical and interfaith contexts

Refugees of the Revolution Diana Allan, 2013-11-13 This carefully crafted ethnography of a Palestinian refugee camp in Beirut reframes the relationship between home and homeland Journal of Palestinian Studies More than half a century after 750 000 Palestinians fled or were expelled from their homeland the popular conception of Palestinian refugees still emphasizes a way of life that ended abruptly with the catastrophe of 1948 And their camps inhabited now for four generations are seen as mere zones of waiting But what would it mean for the generations born in exile to return to a place they never left Diana Allan addresses this question in her provocative examination of everyday life in Shatila a refugee camp in Beirut Challenging common assumptions about Palestinian identity and nationalist politics Diana Allan provides an immersive account of camp experience tracking how residents relate across generations cope with poverty and marginalization and plan for the future In so doing she reveals how refugees are pushing back against identities rooted in a purely nationalist discourse and forging a distinct Palestinian identity in the crucible of local pressures This groundbreaking book offers a richly nuanced account of Palestinian exile and presents new possibilities for the future of the community

Unfree in Palestine Nadia Abu-Zahra, Adah Kay, 2012-11-09 This book reveals the role played by identity documents in Israel's apartheid policies towards the Palestinians from the red passes of the 1950s to the orange green and blue passes of today The authors chronicle how millions of Palestinians have been denationalised through the bureaucratic tools of census population registration blacklisting and a discriminatory legal framework They show how identity documents are used by Israel as a means of coercion extortion humiliation and informant recruitment Movement restrictions tied to IDs and population registers threaten Palestinian livelihoods freedom of movement and access to basic services such as health and education Unfree in Palestine is a masterful expose of the web of bureaucracy used by Israel to deprive the Palestinians of basic rights and freedoms and calls for international justice and inclusive security in place of discrimination and division

Stone Men Andrew Ross, 2021-04-06 Winner of the 2019 Palestine Book Awards They demolish our houses while we build theirs This is how a Palestinian stonemason in line at a checkpoint outside a Jerusalem suburb described his life to

Andrew Ross Palestinian stone men using some of the best quality limestone deposits in the world and drawing on generations of artisanal knowledge have built almost every state in the Middle East except one of their own Today the business of quarrying cutting fabricating and dressing is the Occupied Territories largest private employer and generator of revenue and supplies the construction industry in Israel along with other countries in the region and overseas Ross s engrossing surprising and gracefully written story of this fascinating ancient trade shows how the stones of historic Palestine and Palestinian labor have been used to build the state of Israel in the process constructing facts on the ground even while the industry is central to Palestinians own efforts to erect bulwarks against the Occupation For more than a century the hands that built Israel s houses schools offices bridges and even its separation barriers have been Palestinian Looking at the Palestinian Israeli conflict in a new light this book largely based on field interviews in the region asks how this record of labor and achievement can and should be recognized **Like Birds in a Cage** David M. Crump,2021-10-28

When Christians collude in crimes against humanity they betray their citizenship in the kingdom of God demonstrating that Christ s Lordship does not rule over every area of their lives The popular ideology known as Christian Zionism is a prime enabler of such widespread discipleship failure in western Christianity As the state of Israel continues to violate international law with colonial settlement in lands captured by warfare legalized racial discrimination and the creation of what many have called the world s largest open air prison in Gaza Christian Zionists continue their unqualified support for Zionist Israel Though Israel advertises itself as the only democracy in the Middle East it is actually a rigid ethnocracy its entire society built on the foundations of Jewish supremacy over a Palestinian underclass History will eventually judge Christian Zionist support for Israel s crimes against the Palestinians in the same way people of conscience now condemn the Christian church in the American South for its defense of slavery and hostility towards the civil rights movement Just as the Southern Baptist church finally repudiated its pro slavery past so everyone genuinely devoted to Jesus Christ must repudiate both the ideology and the legacy of Christian Zionism *Middle East Conflicts from Ancient Egypt to the 21st Century* Spencer C. Tucker,2019-08-27

Married to Another Man Ghada Karmi,2007-05-20 Two rabbis visiting Palestine in 1897 observed that the land was like a bride beautiful but married to another man By which they meant that if a place was to be found for Israel in Palestine where would the people of Palestine go This is a dilemma that Israel has never been able to resolve No conflict today is more dangerous than that between Israel and the Palestinians The implications it has for regional and global security cannot be overstated The peace process as we know it is dead and no solution is in sight Nor as this book argues will that change until everyone involved in finding a solution accepts the real causes of conflict and its consequences on the ground Leading writer Ghada Karmi explains in fascinating detail the difficulties Israel s existence created for the Arab world and why the search for a solution has been so elusive Ultimately she argues that the conflict will end only once the needs of both Arabs and Israelis are accommodated equally Her startling conclusions overturn conventional thinking but they are hard to refute

Biblical Figures in Israel's Colonial Political Theology Silvana Rabinovich,2022-06-08 This book reveals and counteracts the misuse of biblical texts and figures in political theology in an attempt to decolonialize the reading of the Old Testament In the framework of Critical Theory the book questions readings that inform the State of Israel s military apparatus It embraces Martin Buber s pacifist vision and Edward Said s perspective on Orientalism influenced by critical authors such as Amnon Raz Krakotzkin Ilan Papp Shlomo Sand Idith Zertal and Enrique Dussel s
