

She Walks in Beauty

She walks in beauty, like the night
Of cloudless climes and starry skies;
And all that's best of dark and bright
Meet in her aspect and her eyes;
Thus mellowed to that tender light
Which heaven to gaudy day denies.

One shade the more, one ray the less,
Had half impaired the nameless grace
Which waves in every raven tress,
Or softly lightens o'er her face;
Where thoughts serenely sweet express,
How pure, how dear their dwelling-place.

And on that cheek, and o'er that brow,
So soft, so calm, yet eloquent,
The smiles that win, the tints that glow,
But tell of days in goodness spent,
A mind at peace with all below,
A heart whose love is innocent!

Women's Poetry of Late Imperial China Xiaorong Li, 2013-05-03 This study of poetry by women in late imperial China examines the metamorphosis of the trope of the inner chambers *gui* to which women were confined in traditional Chinese households and which in literature were both a real and an imaginary place Originally popularized in sixth century palace style poetry the inner chambers were used by male writers as a setting in which to celebrate female beauty to lament the loneliness of abandoned women and by extension to serve as a political allegory for the exile of loyal and upright male ministers spurned by the imperial court Female writers of lyric poetry *ci* soon adopted the theme beginning its transition from male fantasy to multidimensional representation of women and their place in society and eventually its manifestation in other poetic genres as well Emerging from the role of sexual objects within poetry late imperial women were agents of literary change in their expansion and complication of the boudoir theme While some take ownership and de eroticizing its imagery for their own purposes adding voices of children and older women and filling the inner chambers with purposeful activity such as conversation teaching religious ritual music sewing childcare and chess playing some simply want to escape from their confinement and protest gender restrictions imposed on women Women's Poetry of Late Imperial China traces this evolution across centuries providing and analyzing examples of poetic themes motifs and imagery associated with the inner chambers and demonstrating the complication and nuancing of the *gui* theme by increasingly aware and sophisticated women writers
