

New York Times Book Review "Notable Book of 1992"

The inspiring true story of a mother

who went to war, Rhonda Cornum: soldier, surgeon, helicopter pilot, prisoner-of-war, wife, and mother

SHE WENT TO WAR

Rhonda Cornum as told to Peter Copeland

She Went To War The Rhonda Cornum Story

M Planty

She Went To War The Rhonda Cornum Story:

She Went to War Rhonda Cornum, Peter Copeland, 1993 Deep inside Iraqi territory a U S Army helicopter on a medical rescue mission was shot down with eight Americans aboard Five of them were killed instantly the three survivors were captured by Saddam Hussein's elite Republican Guard One of the survivors was Maj Rhonda Cornum whose diary of this experience forms the basis of this story Photographs **Misogyny in American Culture** Letizia Guglielmo

Ph.D., 2018-10-01 This set surveys American misogyny in all its cultural forms from popular music film and education to healthcare politics and business The work also assesses proposals to confront and reduce such expressions of hatred The essays contained in this two volume set explore misogyny within various areas of American culture to demonstrate its pervasiveness and identify common foundations of its many presentations Beyond a basic definition of misogyny which includes hatred of women and girls and the ways in which this hatred and distrust influences action speech discrimination policy and culture in the United States this project also aims to expand and complicate definitions of misogyny in order to provide readers with a robust introduction to and understanding of the larger topic Given the current political and cultural climate and the more frequent and widespread use of the term misogyny by various media outlets and voters during the 2016 presidential election this book has the potential both to contribute to ongoing conversations on misogyny and among its intended audience of advanced high school beginning college students and the general public to inform a shift currently unfolding in public conversation on the topic **The Brave Women of the Gulf Wars** Karen Zeinert, Mary

Miller, 2005-07-15 Traces the roots of the Persian Gulf War and the role women played in the military as correspondents as medics and on the homefront **Gender Camouflage** Francine J. D'Amico, Laurie L. Weinstein, 1999-03 Controversy about women in the military continues yet women's relations with the military go far beyond whether they serve in the ranks Gender Camouflage brings together a diverse array of authors to explore the controversy surrounding women's military service to examine the invisibility of civilian women who support the institution and to expose the military's efforts to camouflage their support and contributions Contributors first consider nurses servicewomen military academy students female veterans and lesbians The focus then shifts to military wives women employed by the DoD and female civilian military instructors whose work is less visible but no less essential to the institution The book also examines the experiences of women outside of the military such as comfort women near U S bases women engaged in peacework and women workers affected by military spending in the federal budget Analytic chapters are juxtaposed with first person narratives by women who have actually been there including a member of the first gender integrated class at West Point the first female civilian instructors at the U S Naval Academy and an African American Air Force Nurse Corps veteran Contributors include Connie Reeves Georgia Clark Sadler Gwyn Kirk and Joan Furey **Women in the United States Military** Judith A.

Bellafaire, 2011-01-26 Women's participation in the U S Armed Forces has grown over time in response to the national need

for their services Throughout each era of American history patriotic women volunteered to serve their country in a wide variety of official and unofficially sanctioned capacities When there was a call to duty the United States Armed Forces always relied upon women to be a part of the effort Women in the United States Military An Annotated Bibliography is the most complete and up to date listing of resources to help students and scholars understand the effect women have had on the wars that have shaped the United States Covering everything from the American Revolution to Operations in Iraq Women in the United States Military is essential for all academic and research libraries **Air University Library Index to Military Periodicals** ,1994 *An Encyclopedia of American Women at War* Lisa . Tendrich Frank,2013-01-17 A sweeping review of the role of women within the American military from the colonial period to the present day In America the achievements defeats and glory of war are traditionally ascribed to men Women however have been an integral part of our country s military history from the very beginning This unprecedented encyclopedia explores the accomplishments and actions of the fairer sex in the various conflicts in which the United States has fought An Encyclopedia of American Women at War From the Home Front to the Battlefields contains entries on all of the major themes organizations wars and biographies related to the history of women and the American military The book traces the evolution of their roles as leaders spies soldiers and nurses and illustrates women s participation in actions on the ground as well as in making the key decisions of developing conflicts From the colonial conflicts with European powers to the current War on Terror coverage is comprehensive with material organized in an easy to use A Z ready reference format **Letters of the Century** Lisa Grunwald,Stephen J. Adler,2008-04-08 Immediate and evocative letters witness and fasten history catching events as they happen write Lisa Grunwald and Stephen J Adler in their introduction to this remarkable book In more than 400 letters from both famous figures and ordinary citizens Letters of the Century encapsulates the people and places events and trends that shaped our nation during the last 100 years Here is Mark Twain s hilarious letter of complaint to the head of Western Union an ecstatic letter from a young Charlie Chaplin upon receiving his first movie contract Einstein s letter to Franklin Roosevelt warning about atomic warfare Mark Rudd s generation gap letter to the president of Columbia University during the student riots of the 60s and a letter from young Bill Gates imploring hobbyists not to share software so that innovators can make some money In these pages our century s most celebrated figures become everyday people and everyday people become part of history Here is a veteran s wrenching letter left at the Vietnam Wall a poignant correspondence between two women trying to become mothers a heart breaking letter from an AIDS sufferer telling his parents how he wants to be buried an indignant e mail from a PC user to his on line server Letters write Grunwald and Adler give history a voice Arranged chronologically by decade illustrated with over 100 photographs Letters of the Century creates an extraordinary chronicle of our history through the voices of the men and women who have lived its greatest moments **Call-Sign KLUSO** Rick Tollini,2021-04-01 A US Air Force Captain tells the story of his life and service during Operation Desert Storm in this thrilling

military memoir A pilot all his life Rick Kluso Tollini turned his childhood dream into a reality when he became a fighter pilot for the US Air Force In Call Sign KLUSO Rick Kluso Tollini puts the fraught minutes above the Iraqi desert that made him an ace into the context of a full life exploring how he came to be flying a F 15C in Desert Storm and how that day became a pivotal moment in his life He recounts his training preparation and missions as well as the life of a fighter pilot in a combat zone He also explores life as an air force veteran and his turn to Buddhism as he comes to terms with his actions in combat Rick s first experience of flying was in a Piper PA 18 over 1960s California as a small boy and his love of flying through his teenage years was fostered by his pilot father eventually blossoming into a decision to join the Air Force as a pilot in his late twenties Having trained to fly jets he was assigned to fly the F 15 Eagle with the Dirty Dozen the 12th Tactical Fighter Squadron at Kadena AB Japan before returning Stateside to the 58th Tactical Fighter Squadron The Gorillas Throughout training Reagan s fighter pilots expected to face the Soviet Union but Rick s first combat deployment was Desert Storm

America's Captives Paul J. Springer, 2010-03-17 Notwithstanding the long shadows cast by Abu Ghraib and Guantnamo the United States has been generally humane in the treatment of prisoners of war reflecting a desire to both respect international law and provide the kind of treatment we would want for our own troops if captured In this first comprehensive study of the subject in more than half a century Paul Springer presents an in depth look at American POW policy and practice from the Revolutionary War to the current wars in Iraq and Afghanistan Springer contends that our nation s creation and application of POW policy has been repeatedly improvised and haphazard due in part to our military s understandable focus on defeating its enemies on the field of battle rather than on making arrangements for their detention That focus however has set the conditions for the military s chronic failure to record and learn from both successful and unsuccessful POW practices in previous wars He also observes that American POW policy since World War II has largely sought to outsource POW operations to allied forces in order to retain American personnel for frontline service outsourcing that has led to recent scandals Focusing on each major war in turn Springer examines the lessons learned and forgotten by American military and political leaders regarding our nation s experience in dealing with foreign POWs He highlights the indignities of the Civil War the efforts of the United States and its World War I allies to devise an effective POW policy the unequal treatment of Japanese prisoners compared with that of German and Italian prisoners during World War II and the impact of the Geneva Convention on the handling of Korean and Vietnamese captives In bringing his coverage up to the so called War on Terror he also marks the nation s clear departure from previous practice American treatment of POWs once deemed exemplary by the Red Cross after Operation Desert Storm has become controversial throughout the world America s Captives provides a long needed overarching framework for this important subject and makes a strong case that we should stop ignoring the lessons of the past and make the disposition of prisoners one of the standard components of our military education and training

Flourish Martin Seligman, 2011-04-05 From the author of the International Bestseller Authentic Happiness In this

groundbreaking book one of the world's foremost academic psychologists and founder of the Positive Psychology movement offers a new theory on what makes people flourish and how to truly get the most out of life Flourish is a fascinating evolution of Seligman's thinking and offers inspiring stories of Positive Psychology in action innovative schools that add resilience to their curricula a new theory of success and intelligence and evidence on how positive physical health can turn medicine on its head Building on his game-changing work on optimism motivation and character Seligman shows us how to flourish and bring well-being into both our personal lives and society as a whole Wellbeing is a way of thinking that the new coalition government is taking very seriously indeed *Routledge International Encyclopedia of Women* Cheris Kramarae, Dale Spender, 2004-04-16 For a full list of entries and contributors sample entries and more visit the Routledge International Encyclopedia of Women website Featuring comprehensive global coverage of women's issues and concerns from violence and sexuality to feminist theory the Routledge International Encyclopedia of Women brings the field into the new millennium In over 900 signed A-Z entries from US and Europe Asia the Americas Oceania and the Middle East the women who pioneered the field from its inception collaborate with the new scholars who are shaping the future of women's studies to create the new standard work for anyone who needs information on women-related subjects **A Companion to Women's Military History**, 2012-08-17 Military institutions have everywhere and always shaped the course of history but women's near universal participation in them has largely gone unnoticed This volume addresses the changing relationships between women and armed forces from antiquity to the present The eight chapters in Part I present broad scholarly reviews of the existing literature to provide a clear understanding of where we stand An extended picture essay documents visually women's military work since the sixteenth century The book's second part comprises eight exemplary articles more narrowly focused than the survey articles but illustrating some of their major themes Military history will benefit from acknowledging women's participation as will women's history from recognizing military institutions as major factors in molding women's lives Contributors include Jorit Wintjes Mary Elizabeth Ailes John A Lynn Barton C Hacker Kimberly Jensen Margaret Vining D Ann M Campbell Carol B Stevens Jan Noel Elizabeth Prelinger Donna Alvah Karen Hagemann Yehudit Kol Inbar Dorotea Gucciardo and Megan Howatt and Judith Hicks Stiehm *Persian Gulf War Encyclopedia* Spencer C. Tucker, 2014-08-20 Ideal for high school and college level readers as well as students attending military academies and general audiences this encyclopedia covers the details of the Persian Gulf War as well as the long-term consequences and historical lessons learned from this important 20th century conflict This encyclopedia provides a rich historical account of the Persian Gulf War examining the conflict from a holistic perspective that addresses the details of the military operations as well as the social political economic and cultural aspects of the war The alphabetically arranged entries chart the events of the war provide cross references and sources for additional study and identify the most important individuals and groups associated with the conflict In addition it includes primary source documents that will provide readers with valuable insights and foster their

critical thinking and historical reasoning skills The Persian Gulf War served as the first live combat test of much of the United States then new high tech weaponry The war also held many lessons about the play of national interests the process of coalition building the need for effective communication and coordination and the role of individuals in shaping history This book addresses all key battles the nations involved strategies employed by both sides weapon systems used the role of the media the role played by women and environmental and medical issues associated with the conflict **Americans at War**

James R. Arnold, 2018-05-18 This unprecedented compilation of eyewitness accounts records the thoughts and emotions of American soldiers spanning nearly 250 years of national history from the American Revolution to the Afghanistan War Understanding primary sources is essential to understanding warfare This outstanding collection provides a diverse set of eyewitness accounts of Americans in combat throughout U S history Offering riveting true stories it includes accounts from participants in the American Revolution the War of 1812 the Indian Wars the Mexican American War the Civil War the Spanish American War and Philippine Insurrection World War I World War II the Korean War the Vietnam War The Persian Gulf War the Afghanistan War and the Iraq War Most eyewitness accounts of war currently available to the public are those of writers who enjoy higher military rank Americans at War addresses this imbalance between officers accounts and enlisted men s accounts by invoking oral history archives Contextual essays and timelines allow the reader to place the accounts in time and place while the entries themselves allow the reader to experience the thoughts and emotions of Americans who engaged in combat **Gender for the Warfare State**

Robin Truth Goodman, 2016-10-14 Gender for the Warfare State is the first scholarly investigation into the written works of U S women combat veterans in twenty first century wars Most recent studies quantify military participation showing how many women participate in armed services and what their experiences are in a traditionally male institution Many of these treatments regard women as victims solely of enemy fire even as they are also often victims of their own military apparatus and of their own involvement in global aggression By applying literary analysis to a sociological question Gender for the Warfare State views women s experiences through story and literary traditions that carry meaning into present practices Goodman shows that women in combat are not just entering and being victimized in male institutions but are also actively changing the story of gender and thus the structure of power that is constructed through gender Moreover this book unveils a new narrative of care that affects economic relations more broadly and the contemporary politics of the liberal social contract Women s participation in combat is not just a U S event but global and therefore has a deeper historical range than current sociological accounts imply The book compares the political contexts of women s entry into war now with their prior twentieth century contributions to wars in other cultural settings and then uses this comparison to show a variety of meanings at play in the gender of war *Life in the U.S. Armed Forces* Anni Baker, 2007-12-30 Anni Baker has created a fascinating exploration of life in the armed forces as it has been experienced by millions of men women and children over the past six decades Her book examines the factors that shape

military service and military culture from grueling training exercises to sexual relations with local women from overseas duty to the peculiar life of the military brat The book begins with an examination of the enlistment process follows the military lifecycle through career decisions promotions raising families and retirement explores the impact of war on military society and ends with a discussion of the place of the armed forces in the United States A wide variety of sources were used in this study including contemporary scholarship government and military records public media and most important interviews and written materials from military personnel retirees family members and civilian employees Using a lively and readable style Baker blends clear explanations of elements of military life information on the development of military society and the voices of those who serve into an insightful account of this fascinating subculture It is the author's view that not only is study of the U S military a valuable undertaking in itself but in addition it will enrich our perspective on civilian life and culture in the United States The military is a distinct society based on a set of common values that are sometimes though not always at odds with those of civilian society The extent to which active duty personnel family members and civilians internalize these values dictates their comfort with military life and their choice of a military career Through a discussion of life in the military Baker examines how the values traditions and norms of the armed forces are articulated and shared how they influence the individual and the institution and what their role is in American society as a whole

The World War Two Reader Gordon Martel, 2004 This comprehensive reader provides an overview of research in the study of the Second World War and includes chapters by some of the best known and most innovative scholars working today It gives attention to the fighting of the war throughout the world

Special Bibliography Series, 1957

American Women and Flight since 1940 Deborah G. Douglas, 2021-05-11 Individual women's stories enliven almost every page of this comprehensive illustrated reference now updated from the National Air and Space Museum Technology and Culture Women run wind tunnel experiments direct air traffic and fabricate airplanes American women have been involved with flight from the beginning But until 1940 most people believed women could not fly that Amelia Earhart was an exception to the rule World War II changed everything It is on the record that women can fly as well as men stated General Henry H Arnold commanding general of the Army Air Forces Then the question became Should women fly Deborah G Douglas tells the story of this ongoing debate and its impact on American history From Jackie Cochran whose perseverance led to the formation of the Women's Army Service Pilots WASP during World War II to the more recent achievements of Jeannie Flynn the Air Force's first woman fighter pilot and Eileen Collins NASA's first woman shuttle commander Douglas introduces a host of determined women who overcame prejudice and became military fliers airline pilots and air and space engineers Not forgotten are stories of flight attendants air traffic controllers and mechanics American Women and Flight since 1940 is a revised and expanded edition of a Smithsonian National Air and Space Museum reference work Long considered the single best reference work in the field this new edition contains extensive new illustrations and a comprehensive bibliography
