Signs on the Earth Richard Leviton, 2025-09-12 Virgin Mary Apparitions UFO Sightings Crop Circles What do these have in common Earth energies expert Richard Leviton is convinced that these three seemingly distinct phenomena are all interconnected And he insists the signs indicate something very real and very important is happening we re fast approaching the end of the world as we know it and that might not be such a bad thing In *Signs on the Earth* Leviton combines newspaper and firsthand accounts with his own intuitive research to examine the exploding number of such reports from around the world He focuses his study by selecting a handful of Marian apparition sites including Lourdes Fatima

Medjugorje and others as well as UFO hot spots such as California's Topanga Canyon and the Hudson River Valley. For his investigation of the crop circle phenomenon, Leviton takes you to Wiltshire, England, an area he calls the crop circle mecca. Encouraging you to think of the Earth as a cosmic bulletin board, Leviton believes that these phenomena are messages from the galaxy and the spiritual worlds offering us an unprecedented opportunity to enter the next level of reality. Signs on the Earth shows that these signs are literally directions to a 3 step process for looking within as well as beyond yourself and unlocking your vast spiritual potential.

Light and Dark Trevor J. Hawkeswood, 2013 Trevor J Hawkeswood is a scientist who has experienced hundreds of paranormal events in his lifetime. In Light and Dark he recounts some of these incredible interactions. He believes that reality occurs on two separate but interwoven planes of existence: the Earth plane and the multiple levels of the spiritual planes, including the lower levels from where the dark souls of humans who have died reach out to us. He has experienced more than one hundred sightings of the shadow people or black ghosts. He credits guardian angels with saving him from harm or certain death on a number of occasions. Hawkeswood also shares accounts of his numerous sightings of strange aerial phenomena he believes were caused by UFOs. He has personally experienced clairaudience, voices from beyond, and precognition, or the ability to see the future. His detailed account of a unique out of body experience (OOBE) challenges what is known about this remarkable ability. His OOBEx was unlike anything that has ever been described by others who have experienced it, and he shares it all in Light and Dark. But it hasn't all been safe or pleasant. At eighteen, he survived a terrifying encounter with a demon gargoyle who tried to steal his soul energy after paralyzing him. A comprehensive handbook for the paranormal enthusiast, Hawkeswood's work also provides a glossary and reference list of English language UFO books. In Light and Dark he shares a lifetime of experiences, ideas, and theories about this fascinating field of study.

Weird New York Chris Gethard, 2005 This book is a travel guide of sorts to New York's local legends and best kept secrets, filled with crazy characters, cursed roads, abandoned sites, and bizarre roadside attractions that the author feels reflect the shared modern folklore of our time.

Mysterious Beauty Dr CS Matthews, 2019-09-25 Mysterious Beauty: Living with the Paranormal in the Hudson Valley begins by providing a brief but thorough survey of the unique natural and cultural history of paranormal experience in the Hudson Valley region, including Native and early colonial reports. It then profiles select individuals whose lives have been touched by the paranormal, either as experiencers, investigators, or both. This isn't a book for tourists or a field guide, but rather a detailed survey of individuals who, by virtue of their history and place, have become accustomed to living with extraordinary experiences and/or encounters with the paranormal. From ghosts to aliens, Bigfoot to ancient ceremonial sites, time displacements, and spiritual visions, the testimony of witnesses and investigators speaks of mysteries encountered in the legendary, wondrous, beautiful landscapes of the Hudson Valley in New York.
