Simple Living For Busy People:

The Simple Living Guide Janet Luhrs, 2014-04-02 In *The Simple Living Guide* Janet Luhrs demonstrates how to live a deliberate simpler life and savor it. As Janet Luhrs says, Simple living is about living deliberately. Simple living is not about austerity or frugality or income level. It's about being fully aware of why you are living your particular life and knowing that life is one you have chosen thoughtfully. Simple living is about designing our lives to coincide with our ideals. Whether you are looking at small solutions for cutting down the stress in your life or taking the big leap toward the simpler life, this book can be your guide. Janet Luhrs, the nationally recognized founder and editor of the *Simple Living Journal*, brings together strategies, inspiration, resources, and real life profiles of people who have slowed down, overcome obstacles, and created richer lives. Discover Simple Living approaches to money, work, holidays, cooking and nutrition, health and exercise, clutter, gardening, travel, and more.

The Heart of Simple Living Wanda Urbanska, 2010-04-15 *The Heart of Simple Living* is your road map to a more balanced life, a life centered on self-discovery. Fewer possessions. More time. More friends. More meaning. This book will help you identify objectives for your life and create awareness of your actions and finances while planning for your future. This inspirational book delivers seven tangible and actionable paths woven together with real life stories and humor along the way. You can follow these paths sequentially or cherry pick them one at a time. Pursuing a life of simplicity is a journey, and as you blaze the trail to your simple life, celebrate the magic and joy of family ritual and community, the perfect prescription for essential good health and well-being.

The Simple Living Handbook Lorilee Lippincott, 2013-04-01 Where did all this stuff come from? I don't have time for a life I need to get away from. Ever feel this way? Society is quick to fill our minds and homes with all the latest gadgets, tools, obligations, and entertainment, but what happens when it all doesn't fit? *The Simple Living Handbook* is a how-to memoir about creating a life that has space for what really matters to you. Lippincott's road to simplicity started in the fall of 2010 when she was on the verge of a breakdown. Her life was basically normal: husband, two kids, comfortable home, three home businesses, but she felt like she was running a rat race. She was desperate for more time and space to focus on family, health, and her own interests. So she and her husband decided to cut back on clutter drastically. Now the family of four lives in a one-bedroom apartment with only the possessions they actually need and use. They stick to a simple diet of only whole foods that God would recognize, and they have managed to become productive without feeling busy. They've never been happier or healthier. Through personal stories, advice, and tips, Lippincott teaches how to make the hard decisions necessary to simplify your home and your schedule. Beyond that, she addresses the hidden emotional hoarding that threatens to keep our souls running in circles. Through her inspiring story, readers will learn to take a step back, reassess priorities, and commit to making space for those people and things that really matter.
