O'Neill, 2020-03-02 Poet and Journalist Max Eastman is perhaps the most famous example of an American intellectual who during his life moved across the entire political spectrum This re examination of his career and his place in history reveals the dynamics behind his several careers and political transformations offering new insight into one of the most influential writers of the twentieth century Lenin and the Russian Revolution Steve Phillips, 2000 A study of Lenin and the Russian Revolution It is designed to fulfil the AS and A Level specifications in place from September 2000 The AS section deals with narrative and explanation of the topic The A2 section reflects the different demands of the higher level examination

Russia After Lenin Vladimir Brovkin, 2005-08-04 In *Russian Society and Politics 1921-1929* Vladimir Brovkin offers a comprehensive cultural political economic and social history of developments in Russia in the 1920s **Since Lenin Died by Max Eastman. London: Labour Publishing Co., 1925** ,1925 Inscribed by Elsie Macleod John Curtin collection

What Was Bolshevism? Lars T. Lih, 2023-10-20 How did the Bolsheviks see themselves What grand narrative gave meaning to their revolutionary aspirations The leading Western expert on Bolshevism Lars T Lih answers these questions in the first ever study of the Bolshevik outlook from Lenin to perestroika Sharply focused case studies allow individual leaders Lenin Stalin Bukharin Trotsky Zinoviev to come alive and speak in their own voices with surprising results that challenge conventional narratives left and right What Was Bolshevism uses novels plays literary criticism photographs statues poetry history textbooks songs and film to paint an indispensable self portrait of Soviet civilization *Lenin Lives!* Nina Tumarkin, 1997 Was the deification of Lenin a show of spontaneous affection or a planned political operation designed to solidify the revolution with the masses This book aims to provide the answer Exploring the cults mystical historical and political aspects the book attempts to demonstrate the galvanizing power of ritual in the establishment of the postrevolutionary regime In a new section the author includes the fall of the Soviet Union and Russia's new democracy

After Lenin; the New Phase in Russia Michael S. Farbman, 1924 **American Communism and Soviet Russia** Theodore Draper, 2017-07-05 This companion volume to *The Roots of American Communism* brings to completion what the author describes as the essence of the relationship of American Communism to Soviet Russia in the first decade after the Bolsheviks seized power The outpouring of new archive materials makes it plain that Draper's premise is direct and to the point The communist movement was transformed from a new expression of American radicalism to the American appendage of a Russian revolutionary power Each generation must find this out for itself and no better guide exists than the work of master historian Theodore Draper *American Communism and Soviet Russia* is acknowledged to be the classic authoritative history of the critical formative period of the American Communist Party Based on confidential minutes of the top party committees interviews with party leaders and public records this book carefully documents the influence of the Soviet Union

on the fundamental nature of American Communism Draper's reflections on that period in this edition are a fitting capstone to this pioneering effort Daniel Bell in Saturday Review remarked about this work that there are surprisingly few scholarly histories of individual Communist parties and even fewer which treat of this crucial decade in intimate detail Draper's account is therefore of great importance Arthur M Schlesinger in The New York Times Book Review says that in reading Draper's closely packed pages one hardly knows whether to marvel more at the detachment with which he examines the Communist movement the patience with which he unravels the dreary and intricate struggles for power among the top leaders or the intelligence with which he analyzes the interplay of factors determining the development of American Communism And Michael Harrington in Commonweal asserted that Draper's book will long be a definitive source volume and analysis of the Stalinization of American Communism
