Reagan Ronald Reagan,2004-10-06 Ronald Reagan was a prolific

letter writer his entire life and his letters reveal a hidden life as a writer of power grace and astonishing productivity They also reveal a man who treasured his friends took his critics head on and loved his family deeply Now in what may be the most important collection of Reagan's writings yet the editors draw from exclusive access to Reagan's complete collection of letters numbering in the tens of thousands to show that he was one of the last century's greatest correspondents as well From his youthful days of financial struggle through the Hollywood years his two terms as California governor and to the extraordinary two term presidency Reagan never stopped writing friends family supporters and even opponents This definitive collection is skilfully edited and annotated by Kiron K Skinner Annelise Anderson and Martin Anderson and it will be must reading for anyone interested in America's 40th president and the times in which he lived **Letters from the**

Desk of Ronald Reagan Ralph E. Weber,Ralph A. Weber,2010-03-24 Ronald Reagan one of America's most beloved presidents is now gone But his voice lives on in this stirring and very personal collection of letters written during his presidency to his fellow Americans showing us a new and surprisingly intimate side of our fortieth president During even the busiest times in his presidency Ronald Reagan took time out to respond to dozens of letters each week from the many friends and private citizens who wrote to him about their concerns These letters collected in the president's Handwriting File have never been examined by historians Now Ralph E Weber and his son Ralph A Weber have culled the best of this collection arranged chronologically to track the course of political events during the eight years of his presidency A fascinating glimpse at the issues facing the United States during the 1980s *Letters from the Desk of Ronald Reagan* traces history in the making

Ronald Reagan Dinesh D'Souza,1999-02-23 Explores Reagan's political career from his role in the California tax revolt to the economic success the United States experienced during his term in office Ronald Reagan Peter Wallison,2009-04-28 An icon of the twentieth century Ronald Reagan has earned a place among the most popular and successful U S presidents In this compelling firsthand account of Reagan's presidency Peter J Wallison former White House Counsel to President Reagan asserts that Reagan took office with a fully developed public philosophy and strategy for governing that was unique among modern presidents I am not a great man Reagan once said just committed to great ideas Wallison shows how Reagan's unyielding attachment to certain key ideas communicated through his speeches created a cohesive administration and revived the spirit of the nation Reagan limited his personal efforts to those issues he considered central to his presidency choosing to delegate to his cabinet and staff those matters he viewed as secondary to his agenda This leadership style was responsible for Reagan's accomplishments but also for his missteps and the criticism he received from his detractors During his presidency Reagan experienced both enormous success in the unprecedented growth of the economy the first arms

reduction agreement with the former Soviet Union and the revival of confidence in America and near disaster in the Iran Contra affair In Ronald Reagan Wallison describes what it was like to be on Reagan s White House staff and how Reagan s attachment to principle produced both the best and worst days of his presidency **Ronald Reagan** United States. President (1981-1989 : Reagan),United States. President (1981-1989 : Reagan).,1982 *Barack Obama's America* John White,2018-03-22 Research and reflections on the American demographic shift that led to the election of President Barack Obama **Exit with Honor** William E Pemberton,2015-03-04 Few presidents have sparked as much interest in recent years as Ronald Reagan already the subject of a large number of biographies and specialized subjects This biography based on recent research into the Reagan archives and synthesis of the large memoir literature explores the shaping of his values and beliefs during his childhood in the American heartland his leadership of the American conservative movement and his successful political career culminating in the first two term presidency since Dwight Eisenhower Pemberton finds Reagan s personal career and ability to understand and communicate with the American people admirable but finds many of the long term effects of his presidency harmful **Ronald Reagan and Margaret Thatcher** Nicholas Wapshott,2007-11-08 New details of the remarkable relationship between two leaders who teamed up to change history It s well known that Ronald Reagan and Margaret Thatcher were close allies and kindred political spirits During their eight overlapping years as U S president and UK prime minister they stood united for free markets low taxes and a strong defense against communism But just how close they really were will surprise you Nicholas Wapshott finds that the Reagan Thatcher relationship was much deeper than an alliance of mutual interests Drawing on extensive interviews and hundreds of recently declassified private letters and telephone calls he depicts a more complex intimate and occasionally combative relationship than has previously been revealed *Religion and the American Presidency* Gastón Espinosa,2009 This book challenges the idea that the mixing of religion and presidential politics is a new phenomenon It explores how presidents have drawn on their religious upbringing rhetoric ideas and beliefs to promote their domestic and foreign policies to the nation This influence is evident in Washington s decision to add so help me God to the presidential oath accusations by Adam s supporters that Jefferson was an infidel Lincoln s biblical metaphors during the Civil War and FDR s call to fight against Nazi totalitarianism on behalf of Judeo Christian civilization It is also apparent in Truman s support for Israel Eisenhower s Cold War decision to add In God We Trust on American currency the debate over JFK s Catholicism Jimmy Carter s born again Christianity Reagan s Evil Empire speech Clinton s public repentance and George W Bush s crusade against Islamic terrorists This volume explores these issues of religion and power in the presidencies of Washington Jefferson Madison Lincoln FDR Truman Eisenhower JFK Carter Reagan George H W Bush Clinton and George W Bush through scholarly interpretations primary sources and illustrations **At Reagan's Side** Stephen F. Knott,Jeffrey L. Chidester,2009-06-16 In At Reagan s Side Reagan scholars Jeff Chidester and Stephen Knott compile excerpts from interviews of top Reagan officials Through the Miller Center s Ronald

Reagan Oral History Project Chidester and Knott show readers the life of the Great Communicator through the eyes of both famous and lesser known administration insiders like James Baker Edwin Meese Peter Hannaford Caspar Weinberger and Joanne Drake At Reagan's Side offers unique behind the scenes glimpses into the candidacy and election of Ronald Reagan chronicling his run for and subsequent election to public office as Governor of California and later as President of the United States

President Reagan Richard Reeves, 2005-12-23 Twenty five years after Ronald Reagan became president Richard Reeves has written a surprising and revealing portrait of one of the most important leaders of the twentieth century As he did in his bestselling books *President Kennedy Profile of Power* and *President Nixon Alone in the White House* Reeves has used newly declassified documents and hundreds of interviews to show a president at work day by day sometimes minute by minute *President Reagan The Triumph of Imagination* is the story of an accomplished politician a bold even reckless leader a gambler a man who imagined an American past and an American future and made them real He is a man of ideas who changed the world for better or worse a man who understands that words are often more important than deeds Reeves shows a man who understands how to be President who knows that the job is not to manage the government but to lead the nation In many ways a quarter of a century later he is still leading As his vice president George H W Bush said after Reagan was shot and hospitalized in 1981 We will act as if he were here He is a heroic figure if not always a hero He did not destroy communism as his champions claim but he knew it would self destruct and hastened the collapse No small thing He believed the Soviet Union was evil and he had contempt for the established American policies of containment and détente Asked about his own Cold War strategy he answered We win They lose Like one of his heroes Franklin D Roosevelt he has become larger than life As Roosevelt became an icon central to American liberalism Reagan became the nucleus holding together American conservatism He is the only president whose name became a political creed a noun not an adjective Reaganism Reagan's ideas were so old they seemed new He preached an individualism inspiring and cruel that isolated and shamed the halt and the lame He dumbed down America brilliantly blending fact and fiction transforming political debate into emotion driven entertainment He recklessly mortgaged America with uncontrolled military spending less taxation and more debt In focusing on the key moments of the Reagan presidency Reeves recounts the amazing resiliency of Ronald Reagan the real comeback kid Here is a seventy year old man coming back from a near fatal gunshot wound from cancer from the worst recession in American history Then in personal despair as his administration was shredded by the lying and secrets of hidden wars and double dealing he was able to forge one of history's amazing relationships with the leader of the Evil Empire That story is told for the first time using the transcripts of the Reagan Gorbachev meetings the climax of an epic story as if he were here

RENOWNED LEADERSHIP EXPERT EXAMINES THE LIFE OF RONALD REAGAN EXTRACTING THE KEY COMPONENTS OF HIS IMMENSE SUCCESS PERSONAL AND PROFESSIONAL AND OFFERS AN ILLUMINATING MODEL FOR LEADERS AND MANAGERS IN EVERY WALK OF LIFE Since leaving office Ronald Reagan has emerged as among America's greatest and best loved leaders Today he is known as the Great Communicator but in the course of his sixty year career Reagan faced obstacles and hardships that could have stalled him at any point along the way After every disaster he picked himself up and kept moving forward How did he manage his career and handle the hurdles involved in transitioning from actor and union official into a public speaker in high demand and from there into an extraordinarily successful politician What can we learn from the way the perennial new kid in town muscled through adversities maintained his focus stayed true to his principles and achieved his goals In a compelling narrative that is both a motivational leadership teaching tool and a fascinating biography bestselling author Margot Morrell sheds light on the challenges and heartbreaks that shaped Ronald Reagan Four times his life slammed into a brick wall his 1948 divorce from actress Jane Wyman the termination of his long standing contract with Warner Bros the end of his eight year association with General Electric and a hard fought loss to President Gerald Ford in the 1976 primary campaign Setting politics and policies largely aside Morrell highlights the strategies and tactics Ronald Reagan used to transform himself from shy introvert to confident communicator the methods and tools he employed to keep his career on track and the skills he developed that led to his many accomplishments Each chapter of Reagan's Journey is followed by summary bullet points and an essential overview titled Working It In to facilitate these lessons into your formation as a leader Anyone interested in strengthening their leadership and communications skills becoming more resilient in the face of setbacks or taking their careers to the next level will find practical and useful lessons in the life of Ronald Reagan

The Literary Reagan Nicholas Dujmovic, 2018-12-06 This collection of authentic quotations of Ronald Reagan will appeal to all those interested in the former US President and who seek to understand more about his beliefs and the inner man For many Americans conservatives and liberals alike students and historians concerned citizens and politicians Reagan remains a major figure whose legacy still influences political and cultural debates over many core issues especially those concerning the role reach and power of government Based on Reagan's own sayings writings letters and essays not those of aides and speechwriters this work provides the only comprehensive collection of the man's own thinking on a full spectrum of relevant topics over his long life It brings together over 1 500 quotations arranged alphabetically into 64 thematic categories Most are serious the Cold War Communism Federalism Foreign Policy the State yet some illustrate Reagan the man Curses Humor in Adversity Toasts and even a small section on Wine

Faith and the Presidency From George Washington to George W. Bush Gary Scott Smith, 2006-10-12 In the wake of the 2004 election pundits were shocked at exit polling that showed that 22% of voters thought moral values was the most important issue at stake People on both sides of the political divide believed this was the key to victory for George W Bush who professes a deep

and abiding faith in God While some fervent Bush supporters see him as a man chosen by God for the White House opponents see his overt commitment to Christianity as a dangerous and unprecedented bridging of the gap between church and state In fact Gary Scott Smith shows none of this is new Religion has been a major part of the presidency since George Washington's first inaugural address Despite the mounting interest in the role of religion in American public life we actually know remarkably little about the faith of our presidents Was Thomas Jefferson an atheist as his political opponents charged What role did Lincoln's religious views play in his handling of slavery and the Civil War How did born again Southern Baptist Jimmy Carter lose the support of many evangelicals Was George W Bush as his critics often claimed a captive of the religious right In this fascinating book Smith answers these questions and many more He takes a sweeping look at the role religion has played in presidential politics and policies Drawing on extensive archival research Smith paints compelling portraits of the religious lives and presidencies of eleven chief executives for whom religion was particularly important Faith and the Presidency meticulously examines what each of its subjects believed and how those beliefs shaped their presidencies and in turn the course of our history

America Coming to Terms: The Vietnam Legacy Nguyen Anh Tuan, 2008-12-23 Douglas Pike an eminent authority on Southeast Asia and particularly on Vietnam wrote Dr Nguyen Anh Tuan is a highly respected economist and political thinker Even perhaps for our purpose here he is a man of great breadth of view a philosopher in the true meaning of the word In *America Coming to Terms* Dr Nguyen Anh Tuan addresses himself to the central issue of the Vietnam War This ambitious study seeks to place the U S involvement in Vietnam into the broader context of American and world history The legacy of the Vietnam War remains a critical topic particularly with the war in Iraq generating the specter of conflicting partisan politics in a deeply divided country America's involvement in Vietnam was misunderstood at the time and is still misrepresented now As the Iraq War often invites comparisons with the Vietnam War a full understanding of the U S experience in Vietnam is essential More importantly lessons learned from Vietnam can be applied to Iraq at present as well as to any U S conflict in the future *America Coming to Terms* will help the American public to better understand the real legacy of the Vietnam War It will provide Americans liberal as well as conservative Democrat as well as Republican with substantive reasons to be united and to be proud of America Most importantly it will meaningfully impact the writing of American history for future generations and change for the better the world's perception of the American people and of America Steven Hayward a most distinguished scholar wrote Revisionist historians two or three generations from now are likely to begin making the argument that the United States won the ultimate victory in the Vietnam War and that it should be seen as the turning point in the Cold War In *America Coming to Terms* Dr Tuan set the record straight that notwithstanding a number of mistakes that were committed not only America won the Cold War but ultimately also won the Vietnam War
