"London Bridge"

Singing babies, dancing stuffed animals, brightly colored toys and costumes will captivate your child and provide endless hours of fun and laughter.

Research shows that babies benefit from watching other babies. Infants learn to talk by studying the sounds and movement made by the human mouth. SINGING BABIES® creatively combines these research findings in a way that accelerates your child's rate of cognitive development, increases capacity to learn language, and enhances your child's natural musical ability.

The magic of SINGING BABIES® will entertain and educate your child for years to come.
