Singing Grass Burning Sage Discovering Washingtons Shrubsteppe:

Singing Grass, Burning Sage Jack Nisbet, 1999 Singing Grass Burning Sage is a celebration in photos and text of eastern Washington's arid lands a region that encompasses the heart of the Columbia River Basin and supports a shrub steppe environment dominated by sagebrush and bunchgrass Formed by massive basalt flows that pulsed across the Basin sculpted by ceaseless winds and scoured by the cataclysmic Lake Missoula floods at the climax of our most recent Ice Age this landscape offers some of the most spectacular geologic vistas in the world The vast spaces of this wide domain are full of wonder and surprise as that raw rock provides the setting for a dramatic interplay of human and natural history

Washington's History, Revised Edition Harry Ritter, 2018-10-23 Now with a new design and updated content including three brand new chapters plus a new preface and a postscript from the author An anything but dry history textbook in a take it with you package Washington's History is a fascinating walk through the sweeping story of a place and its people For centuries the natural beauty and riches of the Northwest have excited the human imagination from its first peoples to seafaring explorers to westward thinking pioneers to technological thinkers and giants A Washington resident himself author Harry Ritter offers fifty five vignettes illustrated with rare archival photographs that comprise an entertaining and informative picture of life in the Far Northwest Learn about the Natives explorers traders missionaries loggers farmers inventors and politicians From Chief Seattle to Dr John McLoughlin William E Boeing Henry M Scoop Jackson Bill Gates and Jeff Bezos these are the people at the epicenter of events that shaped the Evergreen State

Reimagine Lee Harris Richard Lee Harris, Richard Lee Harris, 2010-03-29 In Reimagine Richard Lee Harris's first collection of poetry he leads others on a personal journey from Alaska to the cafes of Seville while recreating the richness of the world around him With the hope that others will experience life's most memorable moments through his eyes first and then their own Harris shares his reflections on the uniqueness of ordinary experiences the relationship of those moments to his natural world and the impression these memories left with him From Arctic White where Tundra falls into Beaufort Sea snow dissolves translucent in ascendant sun to Child of the Desert where Specks of shade in a solar sea cast their patterned light over an infant sleeping in a hammock gently rocked by grandmother sitting docile in her cobbled chair Harris couples beautiful imagery with lyrical verse to tell a relatable and emotional story Richard Lee Harris invites us to reimagine events that are part of a rich life and introduces us to environments where we can wander appreciating the elegance of nature along with the clash of cultures Jim Milstead PhD ret Poet and Memoirist University of California Berkeley

America's Natural Places: Pacific and West Methea K. Sapp, 2009-11-25 From Alaska's Arctic National Wildlife Refuge to the Milnesand Prairie Preserve of New Mexico this volume provides a snapshot of the most spectacular and important natural places in the western United States America's Natural Places Pacific and West examines over 50 of the most spectacular and important areas of this region with each entry describing the importance of the area the flora and fauna that it supports threats to the survival of the region and what is

being done to protect it Organized by state within the volume this work informs readers about the wide variety of natural areas across the western part of the United States and identifies places that may be near them that demonstrate the importance of preserving such regions [America's Natural Places](#) Stacy S. Kowtko,2009-11-25 This timely set invites readers to celebrate the most beautiful and environmentally important places in the United States Each of the United States boasts numerous special places that are significant for their biodiversity ecology habitats for rare and endangered species or other qualities that make them unique and worthy of preservation These sites range from nature preserves to state and national parks wildlife areas ecosystems that provide a home to diverse flora and fauna and even scenic vistas The five volumes of America s Natural Places examine over 200 of the most spectacular and important of these places with each entry describing the importance of the area the flora and fauna that it supports threats to the survival of the region and what is being done to protect it Organized by state within regional volumes this encyclopedia both informs the reader about the wide variety of natural areas across the country and identifies places nearby that demonstrate that preserving such treasures is of immediate importance to every U S citizen *The Hanford Reach* Stamford D. Smith,2004 The desert country along the Columbia River is one of the West s least known desert places one that most people don t even drive through unless they are unusually curious travelers The Hanford Reach is the last free stretch of the river between the McNary and Priest Rapids Dams a place boasting a varied landscape of floodplains wetlands deserts orchards and nuclear reactors This is not a place that people think to visit Known primarily for hosting the country s most toxic nuclear outpost it is public land that barely exists in public consciousness But because the Reach has been posted off limits by the military since 1943 this book offers readers a little seen glimpse into what the Pacific Northwest s arid east was like before the postwar boom Susan Zwinger has kayaked the Columbia through Hanford Reach with scientists and activists who are helping to restore it and in this book she outlines the geographical extent of the Reach reviews its history and takes readers through the terrain by foot on road and on the river Here is a land of dark lava flows and basalt cliffs interspersed throughout subtle pale shrub steppe a table of aridity cut through by one of the country s most prodigious rivers Zwinger s sparkling text enhanced by Skip Smith s striking photos captures the subtleties of the contrasting vistas just as it makes clear the depth of the radioactive poisoning within the soil and wildlife We have only just begun to unfold the land s treasures petroglyphs ancient village sites new species and geological wonders and in 2000 President Clinton protected 560 square miles of land as the Hanford Reach National Monument This book celebrates what is preserved in that buffer zone at the dawn of a new era of environmental responsibility **Landscaping on the New Frontier** Susan E. Meyer,Roger K. Kjellgren,Darrel G. Morrison,William A. Varga,2013-02-01 A practical volume for the home or business owner on landscaping with native drought tolerant plants in the Rocky Mountain West Filled with color illustrations photos and design sketches over 100 native species are described while practical tips on landscape design water wise irrigation and keeping down the weeds are provided In this book you will

learn how to use natural landscapes to inspire your own designed landscape around your business or home and yard Included are design principles practical ideas and strong examples of what some homeowners have already done to convert traditional bluegrass landscapes into ones that are more expressive of the West Landscaping on the new Frontier also offers an approach to irrigation that minimizes the use of supplemental water yet ensures the survival of plants during unusually dry periods You will learn how to combine ecological principles with design principles to create beautiful home landscapes that require only minimal resources to maintain The Lewis and Clark Trail Fodor's,2004 Provides a resource for following Lewis and Clark s voyage across the United States including facts about each state crossed during the expedition and where to find facilities and recreational activities along the route *From Green to Gold* Harold Enrico,2009 Harold Enrico is that rare poet who combines the deepest traditions of our history our spirituality with the colourful imagery of the Pacific Northwest Enrico s poetry has been selected for Chicago s Poetry Magazine and acclaimed by Theodore Roethke George Woodcock and Choice magazine His new book *From Green to Gold* contains the finest poems from his four earlier collections *Now a Thousand Years from Now* *Rip Current* *Dog Star* and *A Second Earth* along with a substantial section of new poems
