A table for one Kinneret Lahad, 2017-08-11 Table for one A critical reading of singlehood gender and time is the first book to consider the profound relationship between singlehood and time. Drawing on a wide range of cultural resources including web columns blogs advice columns popular click s advertisements and references from television and cinema the author challenges the conventional meaning making processes of singlehood and time. Lahad's analysis gives us the opportunity to explore and theorize singlehood through varied temporal concepts such as waiting wasting timeout age the life course linearity and commodification of time. This unique analytical approach enables the fresh consideration of some of our dominant perceptions about collective clocks schedules time tables and the temporal organization of social life in general. The Best Book On Dating More After 40 Jerusha Stewart, 2011-08-18 Hi Singles Many have sought it. Men have planned for it. Women dress for it. It is the promise of a great date. I know that dating over 40 can sometimes feel as deserted as Death Valley in summer time or like a unpredictable minefield of disastrous dates. But you don't have to be disheartened. I wrote my ebook to show you how to shift your attitude appearance and approach to the opposite sex so you always get the best results possible from your dating life. It's easy to be confused about dating over 40. When you were 20 maybe you were busy having fun and developing your career and thought you'd be married by 30. And when you were 30 perhaps you thought

40 would be your time to settle down and find your perfect companion But here you are 40 and you re still single Maybe you think your chances for finding fulfillment through dating are gone but they re not Now that I m over 40 I ve learned something interesting Dating over 40 isn t all that different from dating under 40 Really A lot of people who are over 40 want to get back into dating but they are nervous I was too but you don t have to be I can help you get back in the saddle Many people don t really know where to meet people and find dates I didn t either but now I do even places to meet specific types of people I can help you find the best places to meet people you d actually like to date Lots of folks are so disheartened and frustrated with their dating experiences that they are ready to call it quits I know dating can be frustrating but I can help you keep a positive attitude about dating so you can enjoy yourself instead of seeing it as a chore Maybe your first date after reading this book won t be perfect Your second might not be either But this book isn t about finding the perfect date it s about making all aspects of your dating life better I can t promise you you ll find Mr or Mrs Right by reading this book I m still looking but I can tell you that you can be more confident more comfortable a better conversationalist and more adventurous if you take the advice in this book to heart And most importantly you can have more fun I hope my book helps you become a happier and more successful participant in the over 40 dating scene Make it a great date Jerusha Stewart
