Single Mothers

Mikki Morrissette

Single Mothers:

Growing Up with a Single Parent Sara McLanahan, Gary D. Sandefur, 2009-07-01 Nonwhite and white rich and poor born to an unwed mother or weathering divorce over half of all children in the current generation will live in a single parent family and these children simply will not fare as well as their peers who live with both parents This is the clear and urgent message of this powerful book Based on four national surveys and drawing on more than a decade of research *Growing Up with a Single Parent* sharply demonstrates the connection between family structure and a child's prospects for success What are the chances that the child of a single parent will graduate from high school go on to college find and keep a job Will she become a teenage mother Will he be out of school and out of work These are the questions the authors pursue across the spectrum of race gender and class Children whose parents live apart the authors find are twice as likely to drop out of high school as those in two parent families one and a half times as likely to be idle in young adulthood twice as likely to become single parents themselves This study shows how divorce particularly an attendant drop in income parental involvement and access to community resources diminishes children's chances for well being The authors provide answers to other practical questions that many single parents may ask Does the gender of the child or the custodial parent affect these outcomes Does having a stepparent a grandmother or a nonmarital partner in the household help or hurt Do children who stay in the same community after divorce fare better Their data reveal that some of the advantages often associated with being white are really a function of family structure and that some of the advantages associated with having educated parents evaporate when those parents separate In a concluding chapter McLanahan and Sandefur offer clear recommendations for rethinking our current policies Single parents are here to stay and their worsening situation is tearing at the fabric of our society It is imperative the authors show that we shift more of the costs of raising children from mothers to fathers and from parents to society at large Likewise we must develop universal assistance programs that benefit low income two parent families as well as single mothers Startling in its findings and trenchant in its analysis *Growing Up with a Single Parent* will serve to inform both the personal decisions and governmental policies that affect our children's and our nation's future [Single Mothers In International Context](#) Simon Duncan, Rosalind Edwards, 2013-11-05 Single mothers caring for dependent children are an important and increasing population in industrialized countries In some single mothers are seen primarily as mothers and few have paid work in others they are regarded as workers and most have paid work and sometimes they are seen as an uneasy combination of the two with varying proportions taking up paid work This edited collection explores these variations focusing on the interaction between dominant discourses around single motherhood state policies towards single mothers the structure of the labour market at national and local levels and neighbourhood supports and constraints [Encyclopedia of Motherhood](#) Andrea O'Reilly, 2010-04-06 In the last decade the topic of motherhood has emerged as a distinct and established field of scholarly inquiry A cursory review of motherhood research reveals that hundreds of scholarly articles have been

published on almost every motherhood theme imaginable The Encyclopedia of Motherhood is a collection of approximately 700 articles in a three volume A to Z set exploring major topics related to motherhood from geographical historical and cultural entries to anthropological and psychological contributions In human society few institutions are as important as motherhood and this unique encyclopedia captures the interdisciplinary foundation of the subject in one convenient reference The Encyclopedia is a comprehensive resource designed to provide an understanding of the complexities of motherhood for academic and public libraries and is written by academics and institutional experts in the social and behavioural sciences

Single Mothers in Contemporary Japan Aya Ezawa, 2016-05-12 Combining work and family remains a major challenge for married women in contemporary Japan and it's not uncommon for them to quit working when starting a family Single mothers by contrast almost always work regardless of the age of their children Despite their eagerness to support themselves and their children through employment their average income remains low and many live on a household budget close to the poverty line This book examines how the difficult living conditions facing single mothers in Japan highlight not only the challenges they face in earning a family wage and managing the work family balance but also reveals the class dimensions of family life in contemporary Japan The need to make ends meet with few resources means that mothers may find it difficult to uphold the lifestyle they may consider as most appropriate for the upbringing of their children and that they may have to choose between their presence at home in line with the ideal of the middle class housewife and mother or devoting more time to earning an income that can pay for a good education Social class in this case is not just a matter of education occupation or income but is also expressed by mothers' approaches to their children's upbringing and future opportunities in education and employment Based on life history interviews with single mothers this study examines the gendered meanings of social class and social achievement and the role of maternal practices in shaping their children's future life trajectories

Single Mothers and Their Children Irwin Garfinkel, Sara McLanahan, 1986 The proportion of children living in households headed by single women is more than one in five There is concern and some evidence that children of single parents are less likely to be successful adults The book discusses the trends in public debate about this problem In particular it examines the issue of providing public assistance to such families and whether doing so fosters long term welfare dependency

Lone Mothers in Ireland A. McCashin, 1996 Based on interviews of lone mothers with young dependent children Looks at the economic and social circumstances of a group of lone mothers in north Dublin

Choosing Single Motherhood Mikki Morrisette, 2006-04 The first comprehensive resource book available for women who have chosen or are thinking of choosing single motherhood Based on extensive research advice from child experts and family therapists and conversations with more than one hundred thinkers and single mothers this book funnels twenty five years of hindsight into up to date insight on all aspects of the Choice Motherhood movement From how to answer a child's daddy questions to the pros and cons of using a known donor to how the children of pioneering Choice Moms feel about the lifestyle

this book is the one resource needed by every woman who makes this decision **Focus on Single-Parent Families**

Annice Yarber, Paul M. Sharp, 2010-02-26 A groundbreaking collection of writings on the growing phenomenon of single parent families in the United States and how it impacts society as a whole Focus on Single Parent Families Past Present and Future brings together in one volume a range of cutting edge research articles and essays on what has become the most dynamic change in family structure in U S history It is the only resource to make the most insightful and important work being done on the single parent family phenomena accessible to general readers Focus on Single Parent Families helps readers go beyond the stereotypes and look closely at the complexity of families with one parent and consider their place in society It encompasses the wide variety of households with a single parent a family structure that promises to continue to grow and diversify Throughout the book gauges the impact of the increasing number of single parent families on the nation as a whole particularly in regard to policies concerning family welfare children s services and health care schools and other essential social institutions **Handbook of World Families** Bert N. Adams, Jan Trost, 2005 Praise for the Handbook of World Families At a time when we are moving more and more toward a global village this ambitious book provides evidence of world wide trends in families and family relations It also illustrates the resilience of local cultures seen in variations among nations in trends and responses to them This is a very useful resource for obtaining the kind of baseline information that is essential to comparative work As well a number of chapters contribute to our understanding of the complexities and politics of family life starting with what is meant by family This book will educate many about other parts of the world and the central place of families in them Ingrid Arnet Connidis University of Western Ontario In the Handbook of World Families Bert Adams and Jan Trost two of the leading scholars in the field of comparative family studies have masterfully edited a book that comparatively examines families from 25 nations located around the world The chapter contributors have both theoretical and research knowledge as well as lived experiences of respective nation s families The result is a well written highly informed and authoritative handbook that investigates an extensive range of family issues from local national and global perspectives Mark Hutter Rowan University What defines a family The term family is very complex with a vast range of meanings It can mean a married couple with children a single parent and child a married couple with no children even pets and close friends can be considered to some people as family The variety is enormous and this family diversity is present not just in the United States but around the world The Handbook of World Families provides a cross cultural perspective on the family by examining family life in 25 countries worldwide The countries included in this volume are organized by six world regions including Africa Asia South Pacific Europe Latin America the Middle East and North America offering readers the most thorough and balanced cross cultural examination of world families available Editors Bert N Adams and Jan Trost along with contributions by top family studies experts from around the world ensure reliable cutting edge research and perspectives While other books may provide a cross cultural perspective on the family this book offers a unique comparative

view In doing so each chapter of the Handbook is organized in a parallel format beginning with an introduction to the region followed by coverage of mate selection fertility and socialization gender roles marriage stresses and violence divorce and remarriage kinship aging and death family and other institutions and special topics specific to the region The Handbook of World Families is an excellent addition to any academic library and an important resource for scholars and academics in the fields of Family Studies and Sociology It can also be used in graduate level courses on the family in cross cultural perspective comparative family organization and world families

A Single Mother, a Few Perspectives... ... and Anyone Else That Is a Single Parent Mary Elizabeth Jones M a, Mary Elizabeth Jones, 2012-12-19 Are you looking for a single parent guide written by an author who understand and shares your experience Are you a single mother by choice Are you looking for single mother assistance or single mother help Would you like to learn about single motherhood Does it seem difficult being a single parent in general If you are able to answer yes to any of the above questions regarding single parenthood then *A Single Mother A Few Perspectives And anyone else that is a Single Parent* is the book for you This incredible self help book uses valuable strategies to assist single parents in maximizing their time energy and resources so they can make the most of their lives for themselves and their children An excellent parent education manual

Single Mothers Introduction

In the digital age, access to information has become easier than ever before. The ability to download Single Mothers has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Single Mothers has opened up a world of possibilities. Downloading Single Mothers provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Single Mothers has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Single Mothers. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Single Mothers. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Single Mothers, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Single Mothers has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers,

free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Single Mothers Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Single Mothers is one of the best book in our library for free trial. We provide copy of Single Mothers in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Single Mothers. Where to download Single Mothers online for free? Are you looking for Single Mothers PDF? This is definitely going to save you time and cash in something you should think about.
