Singles Scene A Psychoanalytical Study Of The Breakdown Of Intimacy:

The Singles Scene Gerald Alper,1994 This study presents an analysis of singles scene from the 50 s to the 90 s Based on interviews with participants from a variety of social economic and religious backgrounds it offers a familiar yet surprising portrait of the increasing sense of alienation in today s culture *Knowing If It's the Real Thing* Gerald Alper,2004-11 In this exciting and original work Gerald Alper illuminates the crucial elements that together constitute intimacy *Knowing If It's the Real Thing* offers a radical departure from today s popular yet mythological belief that if two people stay together in an adaptive productive and moderately mutually enhancing way they will achieve the most a relationship can offer Some issues discussed in the book are the basic ingredients and rudimentary ground rules of postmodern intimacy how to discover the arena in which one feels most comfortable in expressing intimate feelings the many ways that sincere efforts to connect can completely misfire and how to build up defenses dodge self reproach and retain one s dignity and sense of trust following a serious break up *Power Plays* Gerald Alper,1998

Power Plays is a brilliant depiction of what happens when there is a covert attempt to impose rules on the behavior of the other rules moreover which regardless of how they are rationalized are patently meant to benefit only one person As such it may be the first phenomenological treatment of power transactions between people from a psychodynamic and interpersonal framework A major theme throughout is that the power plays that are not politicized are as abusive if not more so than those that are if only because they often go unrecognized *Portrait of the Artist as a Young Patient* Gerald Alper,1997-07 *Portrait of the Artist as a Young Patient* the first book of non fiction written by Gerald Alper is also the first serious attempt to explore in depth the dynamics of the yet to be recognized unfulfilled and usually perplexed fledgling artist The artist tries to live in two separate worlds a factual linear banal reality driven outer world that is best kept at arm s length and a creatively organized aesthetically orchestrated dramatically engaging inner world that is forever being obsessively cultivated Indeed facilitating the patient in his or her efforts to forge a usable bridge between these generally discontinuous worlds is no small part of the task of the therapist who elects to work with such young artists **Narcissistic Giving** Gerald Alper,1996-04 In *Narcissistic Giving* Gerald Alper chronicles the unconscious defenses gambits and strategies by which frightened people seek to escape the imagined terrors of relating to one another and to themselves **The Publishers Weekly** ,1994 **The Collected Works of Sigmund Freud:**

Dating Beowulf Daniel C. Remein, Erica Weaver, 2019-12-20 Featuring essays from some of the most prominent voices in early medieval studies Dating Beowulf playfully redeploys the word dating which usually heralds some of the most divisive critical impasses in the field to provocatively phrase a set of new relationships with an Old English poem The volume argues for the relevance of the early Middle Ages to affect studies and vice versa offering a riposte to antifeminist discourse and opening avenues for future work by specialists in the history of emotions literary theorists students of Old English literature

and medieval scholars alike To this end the essays embody a range of critical approaches from queer theory to animal studies and ecocriticism to actor network theory An electronic edition of this book is freely available under a Creative Commons CC BY NC ND licence

Intimacy and the Anxieties of Cinematic Flesh Patrick Fuery, 2023-01-26 In a return to Edmund Husserl and Sigmund Freud *Intimacy and the Anxieties of Cinematic Flesh* explores how we can engage these foundational thinkers of phenomenology and psychoanalysis in an original approach to film The idea of the intimate spectator caught up in anxiety is developed to investigate a range of topics central to these critical approaches and cinema including flesh as a disruptive state formed in the relationships of intimacy and anxiety time and the formation of cinema's enduring objects space and things the sensual the real and the unconscious wildness disruption and resistance and the nightmare reading phantasy across the critical fields Along with Husserl and Freud other key thinkers discussed include Edith Stein Roman Ingarden Maurice Merleau Ponty Mikel Dufrenne in phenomenology Melanie Klein Ernest Jones Julia Kristeva and Rosine Lefort in psychoanalysis Framing these issues and critical approaches is the question how might Husserlian phenomenology and Freudian Lacanian psychoanalysis so often seen as contradistinctive be explored through their potential commonalities rather than differences In addressing such a question this book postulates a new approach to film through this phenomenological psychoanalytic reconceptualization A wide range of films are examined not simply as exemplars but to test the idea that cinema itself can be a version of critical thinking
