

Now-singles speak for
themselves in the
first nationwide study
ever made on how
over 50 million
Americans really live.

SINGLES

THE NEW AMERICANS

How and where do they live, love, work, spend their leisure time;
how do the lives of the once-married, the single parent, differ from
that of the never-married; the homosexual from the heterosexual;
how do they spend their money and on what?

Singles dispels all the hothouse myths and shows us—difficulties as
well as pleasures—what it is *really* like to be single in America today.
